Their life at the fringes of modern society is tenuous—they make barely enough from each harvest to keep going—yet Brooke cherishes the loving, peaceful life they have carved out for themselves. She has even begun to believe she is free from the violent history she has kept a secret from her family. When escaped criminal Stephen Cawley attacks at the farm, Brooke’s buried talents surface, and she manages to quickly and harshly subdue him. She is convinced that he has come in retribution for the blood feud she thought she escaped years ago. Brooke sets out to bring Cawley to justice, planning to use the bounty on his head to hide her family far from danger. Fearing that other members of Cawley’s infamous family will soon descend, Brooke insists Milo and the girls flee with her, travelling miles on foot across an unforgiving landscape to reach the nearest marshal. Their journey, started at the onset of winter with little preparation, brings already strained family dynamics to the breaking point. As Brooke’s ghosts—both real and imagined—close in, the ruthlessness that let her survive her past may become the biggest threat to her hopes for a different future. Now a stirring movie from Paramount Pictures—starring Kate Mara (House of Cards and Fantastic Four) and David Oyelowo (Selma)—this inspirational, news-making life story of the young female hostage who in 2005 single-handedly talked the infamous Atlanta courthouse killer, Brian Nichols, into surrendering peacefully by gaining his confidence through her prayers and personal faith and by reading passages to him from the Christian blockbuster A Purpose Driven Life. In March 2005, Ashley Smith made headlines around the globe when she miraculously talked her way out of the hands of alleged courthouse killer Brian Nichols after he took her hostage for seven hours in her suburban Atlanta apartment. In this moving, inspirational account, Ashley shares the details of her traumatic ordeal and expands on how her faith and the bestselling book The Purpose-Driven Life helped her survive and bring the killer's murderous rampage to a peaceful end. Like her captor, Smith too has faced darkness and despair. Seeking a new life, she moved to Atlanta, got a job, enrolled in a medical assistant training program, and was beginning to find her way to becoming the kind of mom she wanted her little girl to have. Then Brian Nichols took her hostage. Just hours earlier, he'd allegedly shot to death a judge, a court reporter, a deputy, and a federal agent and escaped in a stolen vehicle. Now she found herself face-to-face with Nichols, a desperate, heavily armed man with nothing left to lose. Juxtaposing the minute-by-minute tale of her experience with the tragedies and triumphs of her own life, Captive is a riveting story that will leave no reader untouched. "Like Siberia itself, this story is wild, mysterious, full of danger—and then, quite unexpectedly, captivates you with its beauty. I was so glad I went on the adventure." —Goldy Moldavsky, New York Times bestselling author of Kill the Boy Band Notes from My Captivity is a sharp, sensitive, and darkly funny novel perfect for fans of Libba Bray's Beauty Queens and Adam Silvera's More Happy Than Not. Adrienne Cahill cares about three things: getting into a great college; becoming a revered journalist like her idol, Sydney DeClay; and making her late father proud of her. So when Adrienne is offered the chance to write an article that will get her into her dream school and debunk her foolish stepfather's belief that a legendary family of hermits is living in the Siberian wilderness, there's no question that she's going to fly across the world. But the Russian terrain is even less forgiving than Adrienne. And when disaster strikes, none of their extensive preparations seem to matter. Now Adrienne's being held captive by the family she was convinced didn't exist, and her best hope for escape is to act like she cares about them, even if it means wooing the youngest son. All my life I have been 'taken captive by birds'. Their doings are the thread that runs through childhood, the link to people and to place. Their appearance and their presence can at once recall a name, a scent,

a morning full of song and exploration; an evening sorrow, a childhood fear. For, somehow, it is the birds that saw it all: those unobtrusive harbingers whose boundaries are defined by other laws than ours but whose ancient lore remains a cipher to remembrance for me. Sixteen-year-old Robyn Knollys-Green struggles to keep faith in her father, the British Prime Minister, while being held hostage by a group of extremist that includes an attractive, kind young man called Talon. An American reporter's chilling account of being kidnapped and imprisoned by the Taliban, in the no-man's-land between Afghanistan and Pakistan Jere Van Dyk was on the wrong side of the border. He and three Afghan guides had crossed into the tribal areas of Pakistan, where no Westerner had ventured for years, hoping to reach the home of a local chieftain by nightfall. But then a dozen armed men in black turbans appeared over the crest of a hill. Captive is Van Dyk's searing account of his forty-five days in a Taliban prison, and it is gripping and terrifying in the tradition of the best prison literature. The main action takes place in a single room, cut off from the outside world, where Van Dyk feels he can trust nobody—not his jailers, not his guides (who he fears may have betrayed him), and certainly not the charismatic Taliban leader whose fleeting appearances carry the hope of redemption as well as the prospect of immediate, violent death. Van Dyk went to the tribal areas to investigate the challenges facing America there. His story is of a deeper, more personal challenge, an unforgettable tale of human endurance. Among the many upheavals in North America caused by the French and Indian War was a commonplace practice that affected the lives of thousands of men, women, and children: being taken captive by rival forces. Most previous studies of captivity in early America are content to generalize from a small selection of sources, often centuries apart. In *Setting All the Captives Free*, Ian Steele presents, from a mountain of data, the differences rather than generalities as well as how these differences show the variety of circumstances that affected captives' experiences. The product of a herculean effort to identify and analyze the captives taken on the Allegheny frontier during the era of the French and Indian War, *Setting All the Captives Free* is the most complete study of this topic. Steele explores genuine, doctored, and fictitious accounts in an innovative challenge to many prevailing assumptions and arguments, revealing that Indians demonstrated humanity and compassion by continuing to take numerous captives when their opponents took none, by adopting and converting captives into kin during the war, and by returning captives even though doing so was a humiliating act that betrayed their societies' values. A fascinating and comprehensive work by an acclaimed scholar, *Setting All the Captives Free* takes the study of the French and Indian War in America to an exciting new level. Meet the colonial girl who was adopted into the Seneca nation in this middle grade historical fiction novel, part of the *Based on a True Story* series. What happens when everything you know is suddenly ripped away? This is the fate of Mary Jemison, a fifteen-year-old frontier girl living in Pennsylvania in 1758. How does Mary find the will to carry on? During the French and Indian War, Mary is captured by a band of French and Shawnee warriors and led deep into the woods. After her family is killed, Mary is traded to the Seneca and taken in by two sisters. Renamed Dehgewanus, she finds her place among the Seneca and embarks on a new way of life. But when given the choice, will Mary return to the world she once knew or remain with her adopted family? *Mary Jemison: Native American Captive* by Jane Kelley writing as E. F. Abbott, with illustrations by Clint Hansen is a fascinating novel for young readers, featuring black-and-white illustrations and photographs throughout. This title has Common Core connections. The *Based on a True Story* books by E. F. Abbott are exciting historical fiction stories about real children who lived through extraordinary times in American History. Other books in the *Based on a True Story*

series include *Sybil Ludington: Revolutionary War Rider*, *John Lincoln Clem: Civil War Drummer Boy*, and *Nettie and Nellie Crook: Orphan Train Sisters*. *Praise for Mary Jemison: Native American Captive*: "This fascinating account of a real person weaves many factual details from an interview with Mary Jemison in 1823 and Abbott's own imaginings of the characters' feelings and thoughts, all based on her research about Mary Jemison's life and the Seneca tribe. . . . With clear and simple writing, the story is easy to comprehend, but fast-paced and engaging. . . . Readers will be riveted by the life story of Mary Jemison while captivated by the history of Colonial America and the relationships between the colonists and the Native American tribes." —*Children's Literature*

*My blood is their salvation... and my ruin. ?For years, the monsters who killed my family have held me in a cage. Brutalized and half-starved. Only kept alive so they can steal my blood. Until one evening when four eerily gorgeous men break me out of my prison. They give me a soft bed and delicious food. They say they'll protect me-but their generosity may come at a price. My rescuers are monsters like my captors: fae who shift into wolves. A curse gripping the faerie realm turns them wild under the full moon. Only my blood can cure their rage. These fearsome men need me, and not just to lift the curse. A tragedy left them outcasts, and offering me to their rulers could win them back the home and the power they lost. No matter how kindly they treat me, no matter how their smoldering eyes and strong hands stir unfamiliar desires in both my body and my heart, their castle is just another prison. As long as I'm a prize more than a person, my life will never be my own. I've survived this long without giving up. I won't roll over now. But how can one damaged human girl hold her own against the savage fae? *Captive of Wolves is the first in a new paranormal romance saga featuring possessive wolf shifters, fraught fae politics, and a wounded heroine coming into her own. Grab it now and get swept away in the fantasy!* While being forced by the Blackcoats to impersonate Lila Hart, the Prime Minister's niece, Kitty Doe finds herself imprisoned in Elsewhere, an inescapable detention area for criminals. When Kofi's father, an Ashanti chief, is killed, Kofi is sold as a slave and ends up in Massachusetts, where his fate is in the hands of Paul Cuffe, an African American shipbuilder who works to return slaves to their homeland in Africa. In this classic frontier adventure, Lois Lenski reconstructs the real life story of Mary Jemison, who was captured in a raid as young girl and raised amongst the Seneca Indians. Meticulously researched and illustrated with many detailed drawings, this novel offers an exceptionally vivid and personal portrait of Native American life and customs. Michael Scott Moore, a journalist and the author of *Sweetness and Blood*, incorporates personal narrative and rigorous investigative journalism in this profound and revelatory memoir of his three-year captivity by Somali pirates—a riveting, thoughtful, and emotionally resonant exploration of foreign policy, religious extremism, and the costs of survival. In January 2012, having covered a Somali pirate trial in Hamburg for *Spiegel Online International*—and funded by a grant from the Pulitzer Center on Crisis Reporting—Michael Scott Moore traveled to the Horn of Africa to write about piracy and ways to end it. In a terrible twist of fate, Moore himself was kidnapped and subsequently held captive by Somali pirates. Subjected to conditions that break even the strongest spirits—physical injury, starvation, isolation, terror—Moore's survival is a testament to his indomitable strength of mind. In September 2014, after 977 days, he walked free when his ransom was put together by the help of several US and German institutions, friends, colleagues, and his strong-willed mother. Yet Moore's own struggle is only part of the story: *The Desert and the Sea* falls at the intersection of reportage, memoir, and history. Caught between Muslim pirates, the looming threat of Al-Shabaab, and the rise of ISIS, Moore observes the worlds that surrounded him—the economics and history of piracy; the effects of*

post-colonialism; the politics of hostage negotiation and ransom; while also conjuring the various faces of Islam—and places his ordeal in the context of the larger political and historical issues. A sort of *Catch-22* meets *Black Hawk Down*, *The Desert and the Sea* is written with dark humor, candor, and a journalist's clinical distance and eye for detail. Moore offers an intimate and otherwise inaccessible view of life as we cannot fathom it, brilliantly weaving his own experience as a hostage with the social, economic, religious, and political factors creating it. *The Desert and the Sea* is wildly compelling and a book that will take its place next to titles like *Den of Lions* and *Even Silence Has an End*. Tru Richardson is the reigning king of Memphis. He has the money, power, and the respect with a reputation of being ruthless and callous. After unfortunate circumstances bring the young, gentle and beautiful Halo into his life, Tru is suddenly smitten but doesn't know how to handle it. Will Tru's harsh ways push Halo away? Polo is the middle child of Memphis's infamous Rich Brothers. Being the calmer one of the trio, Polo loves to live a private life. That means keeping everything on the low, including his dealings with the sassy and headstrong Britain. Once Britain starts requiring more from Polo, will he get his act together? Or will his pride and refusal to commit cause him to lose what could possibly be the best thing to ever happen to him? "Fawcett delivers a suspenseful and captivating science fiction romance. A must read for all, but especially for fans of *THE HUNGER GAMES*." --Caridad Pineiro, *NY Times & USA Today* bestselling author *AN IMPOSSIBLE JOURNEY* The last thing Addy Dawson remembers is a blazing inferno and freezing river water overtaking her lungs. When she awakens, Addy finds herself on a strange, alien planet, trapped in a cell with no doors, no windows-- and to her horror-- a naked warrior who claims to be her mate. *AN UNDENIABLE PASSION* An alpha gladiator, Max is forced to breed and produce the finest specimens for the Survival Race, a deadly blood sport created by the alien rulers of Hyborea. Pushed to the limit, they will risk everything for the chance at a life free from captivity. A Recommended Summer Read from *Vanity Fair* * *New York Post* * *BBC* The riveting story of a woman convicted of a brutal crime, the prison psychologist who recognizes her as his high-school crush—and the charged reunion that sets off an astonishing chain of events with dangerous consequences for both As an inmate psychologist at a state prison, Frank Lundquist has had his fair share of surprises. But nothing could possibly prepare him for the day in which his high school object of desire, Miranda Greene, walks into his office for an appointment. Still reeling from the scandal that cost him his Manhattan private practice and landed him in his unglamorous job at Milford Basin Correctional Facility in the first place, Frank knows he has an ethical duty to reassign Miranda's case. But Miranda is just as beguiling as ever, and he's insatiably curious: how did a beautiful high school sprinter and the promising daughter of a congressman end up incarcerated for a shocking crime? Even more compelling: though Frank remembers every word Miranda ever spoke to him, she gives no indication of having any idea who he is. Inside the prison walls, Miranda is desperate and despairing, haunted by memories of a childhood tragedy, grappling with a family legacy of dodgy moral and political choices, and still trying to unwind the disastrous love that led to her downfall. And yet she is also grittily determined to retain some control over her fate. Frank quickly becomes a potent hope for her absolution—and

maybe even her escape. Propulsive and psychologically astute, *The Captives* is an intimate and gripping meditation on freedom and risk, male and female power, and the urges toward both corruption and redemption that dwell in us all. Daily we face life's PITS, PRISONS, STORMS, AND TRIALS. Days are long and harsh. Those promotions never come. The criticism cuts deeper and deeper. The bills arrive before the paycheck. The spouse is more bitter than the night before. The kids are on your last nerve. Your future doesn't seem so bright. Let's be honest. Life throws us a curve-ball at times. It throws us into depressing pits and lonely, impenetrable prisons. Sometimes life just gets just plain unbearable. However, there is hope! Like the heroes of the Bible, we too can spiritually grow, learn, strive, and overcome any troublesome time we may face. Don't stay put in your pit. Let your faith not be held captive by the world. Grab hold of God's rope of hope, and be set free. Now updated with a new afterword, *Captive* is an emotional, ripped-from-the-headlines exposé that lays bare the secretive cult that shocked the world—for fans of Leah Remini's *Troublemaker* and Lawrence Wright's *Going Clear*. I am a mother whose child is being abused and exploited. And I am not alone. In 2011, former *Dynasty* star Catherine Oxenberg joined her daughter, India, at a leadership seminar for a new organization called NXIVM. Her then twenty-year-old daughter was on the threshold of starting her own professional life and they both thought this program might help her achieve her dream. But quickly, Catherine saw a sinister side to the program that claimed to simply want to help its clients become the best versions of themselves. Catherine watched in horror as her daughter fell further and further down the rabbit hole, falling under the spell of NXIVM's hypnotic leader, Keith Raniere. Despite Catherine's best efforts, India was drawn deeper into the cult, eventually joining an elite "sorority" of women members who were ordered to maintain a restricted diet, recruit other women as "slaves," and were branded with their leader's initials. In *Captive*, Catherine shares every parent's worst nightmare, and the lengths that a mother will go to save her child. Catherine's efforts finally led the FBI to take notice—and the journey is not yet over. A powerful depiction of a mother's love and determination, and with horrifying insider details never revealed in any news story, *Captive* will keep you reading until the very last page. Among the early white settlers, accounts of Indian captivities and massacres became America's first literature of catharsis - a means by which a population that disapproved of fiction and play-acting could satisfy its appetite for stories about other people's misfortunes. This collection of unaltered captivity narratives, first published in 1973, remains an invaluable source of information for historians and ethnologists, providing a fascinating glimpse of a vanished era. For this edition, VanDerBeets has written a new preface discussing the proliferation of recent scholarship about captivity narratives, especially those written by

women.
