Also includes details about all checks performances, and how to find a good mechanic. Used Cars & Trucks Prices & Reviews For more than 36 years, millions of consumers have turned to Edmunds' price guides for their car shopping needs. Edmunds' Used Cars & Trucks guides include both trade-in and market value prices for vehicles sold in the last 10 years. Descriptions of new features for a given model year also appear. Over the last 50 years, literally millions of GM cars and trucks have been built with Turbo 400 automatic transmissions. While these transmissions are respected for their durability and versatility, there always comes a point where the old transmission shows signs of wear. At some point, even the best transmissions need to be rebuilt. Respected automotive technical author Cliff Ruggles takes readers through the complex rebuild procedure of GMs most popular rear-wheel drive automatic transmission in this great new book. Enthusiasts have embraced the reliable GM Turbo Hydra-Matic 400 three-speed automatics for years, and the popularity of these transmissions is not slowing down. With his proven style, Ruggles walks through the step-by-step rebuild and performance

upgrade procedures in a series of full-color photos for each of these models. Time saving tips are part of every buildup. This is a welcome addition to your automotive library. Amateurs and professionals alike will appreciate the advice and guidance offered on every page. Even if you end up deciding to have a professional take care of your transmission repair and performance needs, this information is crucial to understanding how the power gets from the engine to the road. For more than 39 years, millions of consumers have turned to Edmunds' buyer's guides for their shopping needs. This format makes it easy for consumers to get the advice and information they need to make a wise purchase on their next used vehicle. Readers benefit from features such as: - Recommendations for the Best Bets in the used car market - Detailed histories on popular models - Certified Used Vehicle Information - Hundreds of photographs - Glossary of Used Car Buying Terms In addition to these features, vehicle shoppers can benefit from the best they've come to expect from the Edmunds name: - True Market Value pricing for trade-in, private party and dealer retail - Highlighted yearly model changes - In-depth advice on buying and selling a used car Cincinnati Magazine taps into the DNA of the city, exploring shopping, dining, living, and culture and giving readers a ringside seat on the issues shaping the region. Contains the final statistical record of companies which merged, were acquired, went bankrupt or otherwise disappeared as private companies. Nitrous oxide is no longer purely for drag and street racers; this power boosting add-on is now available for many production cars and even mopeds. Covering all aspects of nitrous oxide systems, this book presents all the facts illustrated with 150 colour photographs in a clear and easy-to-understand way. Sandra Fielden and Marilyn Davidson, already well known for their contributions to gender issues in management, have brought together an absorbing collection of articles that serve to enhance our understanding of a complex area within organisation studies. . . this particular Handbook is not a mere glossary. The editors provide a forum for scholarly works in a specialised area of small business and entrepreneurship research. And the International Handbook of Women and Small Business Entrepreneurship provides a rich resource collectively, the papers serve to summarise and re-examine much of the relevant research to date. . . an accessible book that follows a logical and coherent pattern. . . the range of this book is significant, and the accomplishment considerable. . . the International Handbook of Women and Small Business Entrepreneurship is a serious contribution to a niche area of entrepreneurship scholarship. The editors and authors have established a place for women in the literature, confirming that gender issues cannot be dismissed as a mere adjunct to the broader field of entrepreneurship study. This collection offers the reader intelligent engagement with the range of research and ways of knowing about women and entrepreneurship. Established scholars will find much of interest, and we would also confidently recommend the Handbook to interested newcomers. Robyn Walker and Kate Lewis, Women in Management Review Sandra L. Fielden and Marilyn J. Davidson have put a great deal of work into producing this compilation of scientific studies on women and small business entrepreneurship. In this book, the editors have managed to put together an excellent compilation of studies that look at topics that have aroused the highest interest in this field in recent years. . . It offers a good balance between theory and practice-oriented studies and presents an academic viewpoint that comes extremely close to the real, current situation of this phenomenon. This book therefore provides a useful tool both for the academic community in general and for students, particularly at a postgraduate or doctorate level, who wish to gain a state-of-the-art overview of this business phenomenon. It may also be put to good use by women in management and entrepreneurship as well as policymakers and small service providers, given

its high empirical content, supported by a sound empirical framework, which deals with real-life issues for women who wish to start up and manage their own businesses. María Ángeles Escribá Moreno, *Entrepreneurship Management* . . . a truly international, unique and impressive contribution to our knowledge and understanding of issues for females starting, running and growing businesses. . . an important read for anyone with an interest in female entrepreneurship, including researchers, support agents and policymakers. Moreover, this book may be of interest to those concerned with the theoretical development of the study of entrepreneurship. Laura Galloway, *International Journal of Entrepreneurship and Innovation* . . . this book can be recommended as an insightful and interesting work on women s entrepreneurship from a broad perspective. Wing Lam, *International Small Business Journal*

This truly international Handbook makes a significant contribution to the field of women s entrepreneurship by broadening the scope of the conversation, hearing voices that are often unheard, and providing a framework that organizes the current body of knowledge but also presents pathways for future research and practice. Patricia G. Greene, Babson College, US

This Handbook is a breakthrough collection. Women worldwide are now starting small businesses and entrepreneurial ventures at a faster rate than men. Though small in size, these initiatives represent a significant factor in economic growth, highlighting their importance. This collection sheds light on the motivations, personality and behaviors of women entrepreneurs, the constrai
