A Guide to the Wildflowers of South Carolina Jun 06 2021 A comprehensive and indispensable reference for identifying and appreciating native

flora From its summits to its shores, South Carolina brims with life and unparalleled beauty thanks to its abundant array of native and naturalized flora, all carefully documented in this revised and expanded edition of *A Guide to the Wildflowers of South Carolina*. Dramatic advances in plant taxonomy and ecology have occurred since the guide's publication 20 years ago; new species have been discovered while others struggle to survive in the face of vanishing habitats and climate change. The authors, all experienced botanists, offer essays on carnivorous plants, native orchids, Carolina bays, the roles and effects of fire and agriculture on the landscape, and detailed descriptions of the plant communities throughout the state's major natural regions. This expanded edition catalogs nearly 1,000 species organized by habitat, with descriptions, color photographs, range maps, and comments on pharmacological uses, suitability for garden cultivation, origin of common and scientific names, and conservation

status.

Remember Man Thou Art Dust Aug 08 2021

Greenville Jul 27 2020 Since the Cherokee Nation hunted the verdant hills in what is now known as Greenville County, South Carolina, the search for economic prosperity and diversity has defined the history of this thriving Upstate region and its expanding urban center. In a sweeping chronicle of the city and county, historian Archie Vernon Huff traces Greenville's business tradition and details its political, religious, and cultural evolution. The region portrayed by Huff has historically defied many Southern norms to distinguish itself economically and ideologically from its neighbors. In addition to tracing Greenville's economic growth, Huff identifies other hallmarks of the region, including the fierce independence of its various populations. He discusses the often conflicting interests and the individual contributions of the area's African Americans, mill workers, business elite, and

urban dwellers. Looking beyond but never straying far from the economics of the region, Huff also assesses the impact of Greenville's peaceful but grudging end to segregation, strong evangelical Protestant tradition, conservative arts programs, and influential role in South Carolina's emerging two-party political system.

[SURFING IN SOUTH CAROLINA](#) Oct 22 2022

For centuries, the ocean waters of the Atlantic have impacted the daily lives of those on the South Carolina coast. Beginning in the 1960s,

those waves caught the imagination of young beachgoers who studied magazines and Super 8 films and refined their moves on rent-a-floats until the first surfboards became available in the area. The buildup to the Vietnam War brought GIs and their families from the West Coast and Hawaii to South Carolina, and their surfboards came along with them. Unbeknownst to each other, local surfers concentrated in the beach and military base areas of Beaufort/Hilton Head, Charleston, and Pawley's Island/Grand Strand began to conquer nearby surf breaks. When contests finally brought these groups together, a statewide sport was born.

[John & Edward Rutledge of South Carolina](#) May 17 2022 John Rutledge (1739-1800) was a wealthy planter and successful lawyer, a leader in South Carolina's colonial Commons House of Assembly, and a delegate to the First and Second Continental Congresses. As chief executive of the state during most of the War for Independence, he was instrumental in its

defense and recovery after the British conquest of 1780. One of the leading delegates to the United States constitutional convention in 1787, he served as chief justice of South Carolina, and briefly as associate justice of the U.S. Supreme Court.

The experience of a slave in South Carolina [ed. by W.M.S.] Apr 28 2023 The Experience of a Slave in South Carolina by John Andrew Jackson, first published in 1862, is a rare manuscript, the original residing in one of the great libraries of the world. This book is a reproduction of that original, which has been scanned and cleaned by state-of-the-art publishing tools for better readability and enhanced appreciation. Restoration Editors' mission is to bring long out of print manuscripts back to life. Some smudges, annotations or unclear text may still exist, due to permanent damage to the original work. We believe the literary significance of the text justifies offering this reproduction, allowing a new generation to

appreciate it.

South Carolina Country Roads: Of Train Depots, Filling Stations & Other Vanishing Charms Jan 13 2022

Venture off the beaten path to forgotten roads, where a hidden South Carolina exists. Time-travel and dead-end at a ferry that leads to wild islands. Cross a rusting steel truss bridge into a scene from the 1930s. Behold an old gristmill and imagine its creaking, clashing gears grinding corn. See an old gas pump wreathed in honeysuckle. Drive through a ghost town and wonder why it died. When's the last time you saw a country store's cured hams hanging from wires? How about a vintage Bull Durham tobacco ad on old brick? Tom Poland explores scenic back roads that lead to heirloom tomatoes, poke salad, restaurants once gas stations, overgrown ruins and other soulful relics.

Reflections of South Carolina Feb 26 2023

From the Appalachians to the Atlantic, South

Carolina's awe-inspiring beauty is revealed in this visually stirring and heart-warming tribute to one of America's favorite vacation destinations. Rich with more than 250 stunning photographs, this second volume of Reflections of South Carolina uncovers the geological, natural, and cultural grandeur the Palmetto State packs into 32,000 square miles. A foreword by New York Times best-selling author Mary Alice Monroe complements the photographs and text. In a landscape abundant with waterfalls, rivers, lakes, and surf, South Carolina overflows with flora and fauna, as well as astonishing vistas. On their new journey, photographer Robert C. Clark and writer Tom Poland set out on a path of discovery that reveals charming country stores, water-powered gristmills, enchanting meadows, and extraordinary people and places. From angles high and low, this keepsake book illuminates the state's summits, swamps, shores, and islands that brim with life, beauty, and culture. Turn the

pages and explore the mountain majesties, fruited plain, and shining sea—South Carolina holds so much of what makes this country "America the Beautiful." Reflections of South Carolina, Volume 2 documents the state's surprising variety as well. In August you can stand atop Sassafras Mountain and feel fall's chill or walk Charleston's cobblestone streets in shorts in the middle of February. Clark and Poland advise visitors and residents alike to take their time exploring South Carolina and whenever possible to take the road less trodden—for the next turn might reveal a slave chapel, a farmer peddling honey and tomatoes, a mountain's reflection in a sparkling lake, or a peach orchard exploding pink. What could be next? A praise house? An unforgettable character? Art on an abandoned boat? Discovery makes a great companion.

[In Darkest South Carolina](#) Sep 21 2022 In a thriller that is a cross between To Kill a Mockingbird and Midnight in the Garden of

Good and Evil, Brian Hicks takes us into the insular world of mid-20th century Charleston society, where one of the most unlikely civil rights heroes of all time has hatched a secret plan to change America...if someone doesn't kill him first.

Prelude to Civil War Jan 25 2023 Fresh analysis revises many previous theories on origins & significance of the nullification controversy.

Unexampled Courage Jan 01 2021 A 2019 NPR Staff Pick How the blinding of Sergeant Isaac Woodard changed the course of America's civil rights history On February 12, 1946, Sergeant Isaac Woodard, a returning, decorated African American veteran, was removed from a Greyhound bus in Batesburg, South Carolina, after he challenged the bus driver's disrespectful treatment of him. Woodard, in uniform, was arrested by the local police chief, Lynwood Shull, and beaten and blinded while in custody. President Harry Truman was outraged by the

incident. He established the first presidential commission on civil rights and his Justice Department filed criminal charges against Shull. In July 1948, following his commission's recommendation, Truman ordered an end to segregation in the U.S. armed forces. An all-white South Carolina jury acquitted Shull, but the presiding judge, J. Waties Waring, was conscience-stricken by the failure of the court system to do justice by the soldier. Waring described the trial as his "baptism of fire," and began issuing major civil rights decisions from his Charleston courtroom, including his 1951 dissent in *Briggs v. Elliott* declaring public school segregation per se unconstitutional. Three years later, the Supreme Court adopted Waring's language and reasoning in *Brown v. Board of Education*. Richard Gergel's *Unexampled Courage* details the impact of the blinding of Sergeant Woodard on the racial awakening of President Truman and Judge Waring, and traces their influential roles in

changing the course of America's civil rights history.

Birds of Coastal South Carolina Nov 23 2022 The coast of South Carolina is a spectacular place to observe our winged friends. Many species are to be found there, both resident and those that are passing through on their annual migrations.

\nThis new book, by noted bird photographer Roger Everett, captures the birds found along South Carolina's shore in beautiful, full color images. Organized by habitats, the yard, garden, woodlands, beaches, and nature reserves, the species range from common House Wrens and Chickadees to the rarer Seaside Sparrows, Caspian Terns, and Golden-Crowned Kinglets . While not a field guide, it will aid dedicated birders and casual visitors to see the aviary that surrounds them. The photographs are amplified by the authors observations and concise, informative captions. \nEnjoy hours of pleasure viewing and reading about the birds in this special area.

Liberia, South Carolina Jun 18 2022 In 2007, while researching mountain culture in upstate South Carolina, anthropologist John M. Coggeshall stumbled upon the small community of Liberia in the Blue Ridge foothills. There he met Mable Owens Clarke and her family, the remaining members of a small African American community still living on land obtained immediately after the Civil War. This intimate history tells the story of five generations of the Owens family and their friends and neighbors, chronicling their struggles through slavery, Reconstruction, the Jim Crow era, and the desegregation of the state. Through hours of interviews with Mable and her relatives, as well as friends and neighbors, Coggeshall presents an ethnographic history that allows members of a largely ignored community to speak and record their own history for the first time. This story sheds new light on the African American experience in Appalachia, and in it Coggeshall documents the community's 150-year history of

resistance to white oppression, while offering a new way to understand the symbolic relationship between residents and the land they occupy, tying together family, memory, and narratives to explain this connection.

Tales of the South Carolina Low Country Aug 28 2020 South Carolina legends, mysteries, and tales drawn from interviews and folklore.

Charleston, South Carolina and the Lowcountry May 25 2020 Charleston is a city apart; a world unto itself. Seated serenely on the coast, buffered from the Atlantic by wild, sandy barrier islands and held in the cradle of the Carolina Lowcountry, Charleston is regarded as America's most polite city; a cultural capital of Southern hospitality and charm. Graced with beautifully preserved historic buildings and ancient moss-draped trees, Charleston, South Carolina and the Lowcountry: A Photographic Portrait, unveils a whole new view of the many facets of one of the loveliest gems in the American treasury.

South Carolina and the American Revolution

Mar 27 2023 An estimated one-third of all combat actions in the American Revolution took place in South Carolina. From the partisan clashes of the backcountry's war for the hearts and minds of settlers to bloody encounters with Native Americans on the frontier, more battles were fought in South Carolina than any other of the original thirteen states. The state also had more than its share of pitched battles between Continental troops and British regulars. In *South Carolina and the American Revolution: A Battlefield History*, John W. Gordon illustrates how these encounters, fought between 1775 and 1783, were critical to winning the struggle that secured America's independence from Great Britain.

Voices of Black South Carolina Apr 16 2022 Did you know that eighty-eight years before Rosa Parks's historic protest, a courageous black woman in Charleston kept her seat on a segregated streetcar? What about Robert

Smalls, who steered a Confederate warship into Union waters, freeing himself and some of his family, and later served in the South Carolina state legislature? In this inspiring collection, historian Damon L. Fordham relates story after story of notable black South Carolinians, many of whose contributions to the state's history have not been brought to light until now. From the letters of black soldiers during the Civil War to the impassioned pleas by students of "Munro's School" for their right to an education, these are the voices of protest and dissent, the voices of hope and encouragement and the voices of progress.

State of Rebellion Mar 23 2020 State of Rebellion recounts the volatile course of Reconstruction in the state that experienced the longest, largest, and most dynamic federal presence in the years immediately following the Civil War. Richard Zuczek examines the opposition of conservative white South Carolinians to the Republican-led program and

the federal and state governments' attempts to quell such resistance. Contending that the issues that had driven secession—the relationship of the states to the federal government and the status of African Americans—remained unresolved even after Northern victory, Zuczek describes the period from 1865 to 1877 as a continuation of the struggle that began in 1861. He argues that Republican efforts failed primarily because of an organized, coherent effort by white Southerners committed to white supremacy. Zuczek details the tactics—from judicial and political fraud to economic coercion, terrorism, and guerrilla activity—employed by conservatives to nullify the African American vote, control African American labor, and oust northern Republicans from the state. He documents the federal government's attempt to quash the conservative challenge but shows that, by 1876, white opposition was so unified, widespread, and well armed that it passed beyond government control.

Insurrection in South Carolina Jan 21 2020

Civil Rights in South Carolina Feb 14 2022

The civil rights movement in South Carolina has an epic and tumultuous history, beginning with the very first statewide meeting of the NAACP in 1939. With stories of sit-ins, movements and the integration of state universities, this is the first comprehensive history of South Carolina's civil rights struggles. And behind every achievement are the major legal rulings that protected them, interspersed with the familiar names of Thurgood Marshall, Matthew Perry, Ernest A. Finney and Judge Waties Waring. Join former South Carolina NAACP president and activist James L. Felder as he recounts the epic struggle African Americans have faced, from fighting for the right to vote to the desegregation of public spaces and all the efforts in between.

Crisis of Fear: Secession in South Carolina Mar 15 2022

134 Data Sheets in South Carolina Towns and Cities. Jun 25 2020

South Carolina Ports Oct 30 2020 When eight English noblemen known as the Lords Proprietors were granted the Charles Towne territory by King Charles II as a reward for their loyalty, the grant came with an express command to develop the area into a profit-making venture. Fortunately, the area came with a natural deep-water port, perfect for establishing trade. Soon trade in lumber, deerskins, and indigo established Charles Towne's wealth and prosperity, and the invention of the cotton gin and improvements in the rice crop cultivation helped boost the area's

economy. By 1750, Charleston was the fourth largest city in colonial America--and the wealthiest, thanks in part to additional trade through Georgetown and Port Royal.

Partisans and Redcoats Dec 20 2019 From one of the South's foremost historians, this is the dramatic story of the conflict in South Carolina that was one of the most pivotal contributions to the American Revolution. In 1779, Britain strategised a war to finally subdue the rebellious American colonies with a minimum of additional time, effort, and blood. Setting sail from New York harbour with 8,500 ground troops, a powerful British fleet swung south towards South Carolina. One year later, Charleston fell. And as King George's forces pushed inland and upward, it appeared the six-year-old colonial rebellion was doomed to defeat. In a stunning work on forgotten history, acclaimed historian Walter Edgar takes the American Revolution far beyond Lexington and Concord to re-create the pivotal months in a nation's savage struggle for

freedom. It is a story of military brilliance and devastating human blunders - and the courage of an impossibly outnumbered force of demoralised patriots who suffered terribly at the hands of a merciless enemy, yet slowly gained confidence through a series of small triumphs that convinced them their war could be won. Alive with incident and colour.

Bloody Flag of Anarchy Sep 28 2020

Generations of scholars have debated why the Union collapsed and descended into civil war in the spring of 1861. Turning this question on its head, Brian C. Neumann's *Bloody Flag of Anarchy* asks how the fragile Union held together for so long. This fascinating study grapples with this dilemma by reexamining the nullification crisis, one of the greatest political debates of the antebellum era, when the country came perilously close to armed conflict in the winter of 1832-33 after South Carolina declared two tariffs null and void. Enraged by rising taxes and the specter of emancipation, 25,000 South

Carolinians volunteered to defend the state against the perceived tyranny of the federal government. Although these radical Nullifiers claimed to speak for all Carolinians, the impasse left the Palmetto State bitterly divided. Forty percent of the state's voters opposed nullification, and roughly 9,000 men volunteered to fight against their fellow South Carolinians to hold the Union together. *Bloody Flag of Anarchy* examines the hopes, fears, and ideals of these Union men, who viewed the nation as the last hope of liberty in a world dominated by despotism—a bold yet fragile testament to humanity's capacity for self-government. They believed that the Union should preserve both liberty and slavery, ensuring peace, property, and prosperity for all white men. Nullification, they feared, would provoke social and political chaos, shattering the Union, destroying the social order, and inciting an apocalyptic racial war. By reframing the nullification crisis, Neumann provides fresh insight into the internal

divisions within South Carolina, illuminating a facet of the conflict that has long gone underappreciated. He reveals what the Union meant to Americans in the Jacksonian era and explores the ways both factions deployed conceptions of manhood to mobilize supporters. Nullifiers attacked their opponents as timid "submission men" too cowardly to defend their freedom. Many Unionists pushed back by insisting that "true men" respected the law and shielded their families from the horrors of disunion. Viewing the nullification crisis against the backdrop of global events, they feared that America might fail when the world, witnessing turmoil across Europe and the Caribbean, needed its example the most. By closely examining how the nation avoided a ruinous civil war in the early 1830s, Bloody Flag of Anarchy sheds new light on why America failed three decades later to avoid a similar fate.

Facing Sherman in South Carolina Aug 20 2022 Major General William T. Sherman's march from Savannah, Georgia, to Columbia, South Carolina, was marked by a battle with an unrelenting enemy: the swamps of the Palmetto State. For more than two weeks, Sherman's veterans faced an unforgiving quagmire, coupled by daily skirmishes with gallant bands of outnumbered Confederates. Along the way, a ruined countryside and wrecked towns marked the path of an army unlike any "since the days of Julius Caesar." It would take an army as adept with the axe as they were with the rifle to tame the rivers, tributaries and swamps of the South Carolina Lowcountry. Join historian Chris Crabb as he traces the steps of Sherman's sixty-thousand-man army in its "amphibious march"

from Beaufort to Columbia.

South Carolina Apr 23 2020 This is a chronicle of South Carolina describing in human terms 475 years of recorded history in the Palmetto State. Recounting the period from the first Spanish exploration to the end of the Civil War, the author charts South Carolina's rising national and international importance.
