In diesem cleveren Ratgeber finden Online-Shopper Tipps für erfolgreiches Fashion-Shopping online. Für viele Konsumenten ist der Einkauf im Netz längst selbstverständlich geworden. Der Modesektor mit Kleidung und Schuhen ist dabei besonders beliebt. Fast 20 Millionen Kunden haben letztes Jahr allein in Deutschland Mode online bestellt. Die Vorteile sind klar: Es ist praktisch, einfach und geht schnell. Doch auch für eifrige Online-Shopper gibt es eine ganze Reihe interessanter Fragen: Wie findet man bei dem gigantischen Angebot schnell und treffsicher genau das, was man sucht? Wie schützt man sich gegen Betrug beim Bezahlen im Netz und beim Online-Banking? Kann man eigentlich online

umweltbewusst einkaufen und wie? Lassen sich Umtausch und Retouren vermeiden? Welche Regeln gelten für internationale Einkäufe? Und kennen Sie schon die Geheimnisse des Smart-Shopping? Ausserdem klärt das Buch umfassend zum elektronischen Kaufvertrag sowie zur rechtlichen Seite beim Online-Shopping auf. Inklusive einer Liste mit 1000 internationalen Fashion-Shops und einer Tabelle mit Konfektionsgrößen für Damen, Herren und Kinder. In this book online shoppers can find many tips for secure and successful Fashion Shopping online. For lots of consumers shopping on the web has become as normal as a trip to the high street. Besides books and electronics, ordering clothes and shoes is especially popular. The pros for online shopping are obvious: It is easy, fast and convenient, and you can choose from a wide range of stores and offers. Nevertheless, there are lots of interesting questions surrounding this hot topic. Before starting: Have you prepared your computer for safe and secure surfing and shopping? And if yes, how do you find quickly what you are looking for without browsing the whole web? Do you protect yourself against fraud when ordering online? Are there possibilities to shop

environmentally consciously and how? Can one avoid returns and exchanges? Which rules apply on in Introducing this season's must-have accessory! The Shopaholic's Guide to Buying Online is where you'll find the very best fashion, beauty and lifestyle websites brought together in one place. Discover the most stylish online places for fashion, fragrance and jewellery, where to find this season's handbag, must-have heels and Little Black Dress alongside top brand cosmetics and skincare. It also includes the essential stylish gift guide, chic home accessories, high quality food and drink and a glamorous weddings section. With a rating and review of each site and clear information on product and price range, speed of delivery, gift-wrapping and returns information, once you've used the Guide, you'll never go searching again. In my opinion, unless you're a total introvert, agoraphobic, disabled or too lazy to leave the house, your best bet to buy most things you need is locally. Go to the Yellow Pages, read your local newspapers, drive around the shopping areas, go to local free ad websites and talk to people you know about what you need. I generally buy most of my stuff from the big department stores but if I need something like furniture, I'll check out the furniture stores on the poor side of the town because the prices for the same goods are often much cheaper than a store in the higher class part of town plus you can often haggle with the owner on a cash deal. By shopping on the

poor side of town at supermarkets for food, you can often save several dollars on a load of groceries. Beyond that, I generally go to the thrift stores a few times a year to buy t-shirts, clothes and anything else that strikes my fancy as I look around. "Every dollar we spend has the potential to create social and environmental change. Pick up this and find out which companies actually 'walk the talk' when it comes to: environmental sustainability, human rights, community involvement, animal protection, social justice"--Back cover. The Name You Can Trust. Find us online at [www.frommers.com](http://www.frommers.com) or on America Online at Keyword: Frommers The geography of American retail has changed dramatically since the first luxurious department stores sprang up in nineteenth-century cities. Introducing light, color, and music to dry-goods emporia, these "palaces of consumption" transformed mere trade into occasions for pleasure and spectacle. Through the early twentieth century, department stores remained centers of social activity in local communities. But after World War II, suburban growth and the ubiquity of automobiles shifted the seat of economic prosperity to malls and shopping centers. The subsequent rise of discount big-box stores and electronic shopping accelerated the pace at which local department stores were shuttered or absorbed by national chains. But as the outpouring of nostalgia for lost downtown stores and historic shopping districts would indicate, these vibrant social institutions were intimately connected to American political, cultural,

and economic identities. The first national study of the department store industry, *From Main Street to Mall* traces the changing economic and political contexts that transformed the American shopping experience in the twentieth century. With careful attention to small-town stores as well as glamorous landmarks such as Marshall Field's in Chicago and Wanamaker's in Philadelphia, historian Vicki Howard offers a comprehensive account of the uneven trajectory that brought about the loss of locally identified department store firms and the rise of national chains like Macy's and J. C. Penney. She draws on a wealth of primary source evidence to demonstrate how the decisions of consumers, government policy makers, and department store industry leaders culminated in today's Wal-Mart world. Richly illustrated with archival photographs of the nation's beloved downtown business centers, *From Main Street to Mall* shows that department stores were more than just places to shop.
