**Mother-Infant Attachment and Psychoanalysis** Apr 28 2023 Winner of the 2004 Gradiva Award from the National Association for the Advancement of Psychoanalysis. The issue of shame has become a central topic for many writers and therapists in recent years, but it is debatable how much real understanding of this powerful and pervasive emotion we have achieved. *Mother-Infant Attachment and Psychoanalysis* argues that shame can develop during the first six months of life through an unreflected look in the mother's eyes, and that this shame is then internalised by the infant and reverberates through its later life. The author further expands on this concept of the look through a powerful and extensive study of the concept of the Evil Eye, an enduring universal belief that eyes have the power to inflict injury. Finally, she presents ways of healing shame within a clinical setting, and provides a fascinating analysis of the role of eye-contact in the therapeutic encounter. This book brings together a unique blend of theoretical interpretations of shame with clinical studies, and integrates major concepts from

psychoanalysis, Jungian analysis, developmental psychology and anthropology. The result is a broad understanding of shame and a real understanding of why it may underlie a wide range of clinical disorders.

English Literature of the 1920s Jul 19 2022 Focusing principally on the novel, this book treats works that are regarded as modernist alongside non-modernist and popular forms. These texts are examined within the context of social concerns, including gender, class politics, and the empire.

Fugitive Days Aug 28 2020 Bill Ayers was born into privilege and is today a highly respected educator. In the late 1960s he was a young pacifist who helped to found one of the most radical political organizations in U.S. history, the Weather Underground. In a new era of antiwar activism and suppression of protest, his story, *Fugitive Days*, is more poignant and relevant than ever.

**Virgin and Other Stories** Mar 03 2021 A confident and mesmerizing fiction debut, from the winner of the Plimpton Prize Set in the South, at the crossroads of a world that is both secular and devoutly Christian, April Ayers Lawson's stories evoke the inner lives of young women and men navigating sexual, emotional, and spiritual awakenings. In "The Negative Effects of Homeschooling," Conner, sixteen, accompanies his grieving mother to the funeral of her best friend, Charlene, a woman who was once a man. In "The Way You Must Play Always," Gretchen, who looks young even for thirteen, heads into her weekly piano lesson in nervous anticipation of her next illicit meeting with her teacher's brother, Wesley. Thin and sickly, wasting from a brain tumor, Wesley spends his days watching pornography and smoking pot, and yet Gretchen can only interpret his advances as the first budding of love. And in the title story,

Jake grapples with the growing chasm between him and his wife, Sheila, who was still a virgin when they wed. At a cocktail party thrown by a wealthy donor to his hospital, he ponders the intertwining imperatives of marriage--sex and love, violation and trust, spirituality and desire--even as he finds himself succumbing to the temptations of his host. Self-assured and sensual, *Virgin and Other Stories* is the first work of a young writer of unusual mastery.

**The Little Stranger** Jan 21 2020 From the multi-award-winning and bestselling author of *The Night Watch* and *Fingersmith* comes an astonishing novel about love, loss, and the sometimes unbearable weight of the past. In a dusty post-war summer in rural Warwickshire, a doctor is called to see a patient at lonely Hundreds Hall. Home to the Ayres family for over two centuries, the once grand house is now in decline, its masonry crumbling, its garden choked with weeds. All around, the world is changing, and the family is struggling to adjust to a society with new values and rules. Roddie Ayres, who returned from World War II physically and emotionally wounded, is desperate to keep the house and what remains of the estate together for the sake of his mother and his sister, Caroline. Mrs. Ayres is doing her best to hold on to the gracious habits of a gentler era and Caroline seems cheerfully prepared to continue doing the work a team of servants once handled, even if it means having little chance for a life of her own beyond Hundreds. But as Dr. Faraday becomes increasingly entwined in the Ayreses' lives, signs of a more disturbing nature start to emerge, both within the family and in Hundreds Hall itself. And Faraday begins to wonder if they are all threatened by something more sinister than a dying way of life, something that could subsume them completely. Both a nuanced evocation of 1940s

England and the most chill-inducing novel of psychological suspense in years, *The Little Stranger* confirms Sarah Waters as one of the finest and most exciting novelists writing today.

**Masculine Shame** Jan 25 2023 How does the image of the succubus relate to psychoanalytic thought? *Masculine Shame: From Succubus to the Eternal Feminine* explores the idea that the image of the succubus, a demonic female creature said to emasculate men and murder mothers and infants, has been created out of the masculine projection of shame and looks at how the

transformation of this image can be traced through Western history, mythology, and Judeo-Christian literature. Divided into three parts areas of discussion include: the birth of civilization and the evolution of the succubus the image of the succubus in the writings of Freud and Jung the succubus as child killing mother to the restoration of the eternal feminine. Through a process of detailed cultural and social analysis, the author places the image of the succubus at the very heart of psychoanalytic thought, highlighting its presence in both Freud's Medusa and Jung's visions of Salome. As such, this book will be of great interest to all those in the fields of analytical psychotherapy and psychoanalysis.

Orphanages Reconsidered Feb 14 2022 Countering the Dickensian stereotypes, Orphanages Reconsidered portrays how three private orphanages in Baltimore responded to the need of poor, single parents for boarding schools for their children. These innovative institutions also served as

pivotal community forces, rebuilding families by providing vocational training, keeping siblings together, and encouraging orphans to maintain close ties with relatives. Fastidious research shows how the institutions-Jewish, non-denominational Protestant, and Catholic-differed in their ethnic and religious priorities, their financial support, their staffing, and their relations with the community. Nurith Zmora embellishes her portraits with institutional records, letters from the children, and published autobiographies. Author note: Nurith Zmora is Assistant Professor of History at the University of Delaware.
