How to Play Video Games Nov 29 2020 Forty original contributions on games and gaming culture What does Pokémon Go tell us about globalization? What does Tetris teach us about rules? Is feminism boosted or bashed by Kim Kardashian: Hollywood? How does BioShock Infinite help us navigate world-building? From arcades to Atari, and phone apps to virtual reality headsets, video games have been at the epicenter of our ever-evolving technological reality. Unlike other media technologies, video games demand engagement like no other, which begs the question—what is the role that video games play in our lives, from our homes, to our phones, and on global culture writ large? How to Play Video Games brings together forty original essays from today's leading scholars on video game culture, writing about the games they know best and what they mean in broader social and cultural contexts. Read about avatars in Grand Theft Auto V, or music in The Legend of Zelda: Ocarina of Time. See how Age of Empires taught a generation about postcolonialism, and how Borderlands exposes the seedy underbelly of capitalism. These essays suggest that understanding video games in a critical context provides a new way to engage in contemporary culture. They are a must read for fans and students of the medium.

Bedroom Games May 24 2020 This bundle contains Play With Me, Risk & Reward, and Bet On Me, a series of three erotic romance novellas that were previously published separately. The trilogy follows the romance between billionaire casino mogul Wyatt Caine and his high school sweetheart, Tatiana Belikov. Play With Me Playing for a night...or for keeps? Jewelry designer Tatiana Belikov may have matured enough to curb her impulsive nature, but wickedness is still her best accessory. When family troubles bring her to Las Vegas and face-to-face with the man who knows all her darkest desires, resisting temptation is futile. A night of no-holds-barred sin? Jackpot. Once billionaire Wyatt Caine had nothing to offer Tatiana except his heart, but time has changed his fortunes. Now he's the king of vice, and the king always gets what he wants. Especially when all he wants is her, all grown up and ready to play every dirty game he can devise. They ignite like fireworks on the Strip, blazing hot enough to melt the best intentions. But their roll in the sheets turns into a roll of the dice, and when morning comes, Wyatt and Tatiana are left wondering whether to walk away...or raise the stakes. Risk & Reward The greater the risk... Older. Wiser. Hotter. Months after reuniting with the man who loved her-and left her-a decade ago, Tatiana Belikov is determined not to let their wicked games blind her to the danger of repeating history. If that means biting her tongue, so be it. After all, she does get to bite him. Wyatt Caine never thought Tatiana would be back in his cards, but he's not ready to question his luck. Between the sheets, the alpha male knows exactly how to make her naughty fantasies come true: rough and tumble, with an extra serving of dirty. Communicating outside of the bedroom?

Not always so easy. The city's bright lights can't compare to their passion, burning hot enough to singe them both. But when the harsh glare of reality exposes long-inflicted wounds, Wyatt and Tatiana have to decide if they want to play it safe...or risk it all. Bet On Me When love is at stake, all bets are off. Fast and hard. Despite her best intentions, that's the way Tatiana Belikov rolls, and over the past year she's tumbled head over heels for her former ex-lover. Hot, indulgent, and ready to cater to her every dirty whim? There's no way she could resist. Wyatt Caine is the house, and the house always wins-but love is a precious commodity that rarely crosses his table. His game plan? Drown his woman in pleasure before she realizes he's hardly a safe bet. Their happiness burns brighter than the spotlights on the Strip, but when his past rears its ugly head, casting a shadow on their bliss, Wyatt has an important decision to make: time to fold...or go all in.

Play Matters Jun 17 2022 Why play is a productive, expressive way of being, a form of understanding, and a fundamental part of our well-being. What do we think about when we think about play? A pastime? Games? Childish activities? The opposite of work? Think again: If we are happy and well rested, we may approach even our daily tasks in a playful way, taking the attitude of play without the activity of play. So what, then, is play? In *Play Matters*, Miguel Sicart argues that to play is to be in the world; playing is a form of understanding what surrounds us and a way of engaging with others. Play goes beyond games; it is a mode of being human. We play games, but we also play with toys, on playgrounds, with technologies and design. Sicart proposes a theory of play that doesn't derive from a particular object or activity but is a portable tool for being—not tied to objects but brought by people to the complex interactions that form their daily lives. It is not separated from reality; it is part of it. It is pleasurable, but not necessarily fun. Play can be dangerous, addictive, and destructive. Along the way, Sicart considers playfulness, the capacity to use play outside the context of play; toys, the materialization of play—instruments but also play pals; playgrounds, play spaces that enable all kinds of play; beauty, the aesthetics of play through action; political play—from Maradona's goal against England in the 1986 World Cup to the hacktivist activities of Anonymous; the political, aesthetic, and moral activity of game design; and why play and computers get along so well.
