management and record-keeping

Build a Rental Property Empire May 24 2020 "I finally got a chance to purchase and read your book (*Build a Rental Property Empire*). It was easy to read and practical and pragmatic - and I liked it enough to give a copy to my son who is just starting out with his real estate investing and also to two of my investor clients as closing gifts."-Sharon
Learn the best way to invest in rental properties in this 300 plus page book written by real estate investor Mark Ferguson (owns more than 100,000 sqft of rentals). This book gives you the exact details on how to finance, find, analyze, manage, and even sell rental properties. Where other books lack the details on how to actually make money in real estate, this book is all about the details. It is written by someone who has been investing in real estate for over 15 years and is still investing today. If you are having trouble figuring out how to find the right properties, how to finance them, where to buy properties, or how to buy with little cash, this books tells you how to overcome those obstacles. If you can't find your answer in the book, Mark even gives away his email address where you can ask him directly. Mark is a successful rental property owner, fix and flipper and real estate broker. Mark has sold over 1,000 houses as a broker, flipped over 155 houses, and owns his own office Blue Steel Real Estate. Mark bought his first rental property on his own in December 2010 and now has 19 rentals (commercial and residential). He has fix and flipped houses since 2001 and been a real estate agent since 2001 as well. Over the years, he has learned the best way to find rentals, get great deals, manage properties, finance properties, find great markets and build wealth with rentals. In this book, Mark gives you all the information you need to be a successful rental property investor. Mark also started *Investfourmore.com*, a real estate blog with over 35,000 subscribers and millions of visitors. He is known for his straight to the point writing that is easy to understand and full of insight. This book is not full of theories and made up stories. It contains real-world case studies and information on investing from an investor actively investing in today's market (2017). Here are just a few of the topics covered: · Why rental properties will help you retire faster than other investments· The risks of investing in rentals· How to determine what a good rental property is· How to determine what type of rental to buy· How to get a great deal on properties· How to finance rentals, even if you have more than 4 or more than 10· How to invest in rentals with less cash· How to repair and maintain properties· How to manage rentals or find a property manager· What are the best exit strategies· How to buy rental properties when your market is too expensive
This book has been revised a number of times to reflect current market conditions and changes in Mark's strategy.

The End of Ownership Feb 01 2021 An argument for retaining the notion of personal property in the products we "buy" in the digital marketplace. If you buy a book at the bookstore, you own it. You can take it home, scribble in the margins, put in on the shelf, lend it to a friend, sell it at a garage sale. But is the same thing true for the ebooks or other digital goods you buy? Retailers and copyright holders argue that you don't own those purchases, you merely license them. That means your ebook vendor can delete the book from your device without warning or explanation—as Amazon deleted Orwell's 1984 from the Kindles of surprised readers several years ago. These readers thought they owned their copies of 1984. Until, it turned out, they didn't. In *The End of Ownership*, Aaron Perzanowski and Jason Schultz explore how notions of ownership have shifted in the digital marketplace, and make an argument for the benefits of personal property. Of course, ebooks, cloud storage, streaming, and other digital goods offer users convenience and flexibility. But, Perzanowski and Schultz warn, consumers should be aware of the tradeoffs involving user constraints, permanence, and privacy. The rights of private property are clear, but few people manage to read their end user agreements. Perzanowski and Schultz argue that introducing aspects of private property and ownership into the digital marketplace would offer both legal and economic benefits. But, most important, it would affirm our sense of self-direction and autonomy. If we own our purchases, we are free to make whatever lawful use of them we please. Technology need not constrain our freedom; it can also empower us.

Buying Real Estate Overseas For Cash Flow (And A Better Life) Jan 12 2022 Buy real estate overseas to earn cash flow to fund your dream retirement In *Buying Real Estate Overseas For Cash Flow (And A Better Life)*: Get Started With As Little As \$50,000, Kathleen Peddicord and Lief Simon explain how to incorporate an investment in foreign real estate into your portfolio for as little as \$50,000. With a lifetime of experience on the subjects of living, retiring, and investing overseas, the authors delve deep into this complex topic. Simply put, this book is a practical guide to buying

property overseas as a strategy for earning cash flow to fund your dream retirement. In the book, the authors cover topics as wide-ranging as: How to build the cash flow you need to fund the retirement you want 8 markets offering the best current cash-flow opportunities How to move money across borders in today's post-FATCA world Plus: How to run the numbers to evaluate a potential cash-flow investment Buying Real Estate Overseas includes a breadth and depth of information on the world's best markets for investing in real estate for cash flow. Its up-to-date information about this investment category puts to bed much of the outdated advice and guidance currently available in published materials. The authors identify several hot, new markets where currency valuations and market conditions make the purchase of real estate an extremely wise investment decision in today's volatile investment climate.

Chapter 18: Staging Chapter 19: Buyer Due Diligence Chapter 20: The Closing

Buy a House in a Declining Price Market Aug 27 2020 A highly experienced real estate broker/investor/builder reveals proven methods for getting a steal - or at least a great deal - in the current real estate market. Buying a home is something too many people take lightly because it's easy to buy with low interest rates and easy down payment loans. It is easy to buy a house, but real estate lacks liquidity, and it is much harder to sell a house than to buy one. Too many buyers don't realize that they are getting scalped by a home selling system that is complicated and little-

understood by the general public, and especially by novice buyers. The book covers why things are different now than in the past; we have a new paradigm. It teaches you how to avoid getting scalped by learning to understand the market and pinpoint the best area, based on a number of important factors unique to you and your family, to make your purchase. Most buyers are familiar with inflation because it's been with them all their lives; however, deflation is a very big factor in many parts of the economy when you have credit contraction. Deflation is having an especially drastic effect in the housing market and it's one of the reasons for the new paradigm. You will make an intelligent buying decision by understanding what effects inflation and deflation will have on your home ownership. The book deals with the long term effects of your home purchase. You can't just buy based on today's needs; most people do; but the future is a lot more important than most of us imagine. You learn how to prepare to convert your house from a liability to one that gives a great boost to your retirement. You will understand the importance of getting a lender out of your life as soon as possible. Lenders and loans are covered in a special manner. Those borrowing money to buy a house inspired the book, as those borrowing to buy, under normal circumstances, are the ones at greater risk not just to lose their homes through foreclosure, but to get in financial trouble. The process of property selection is thoroughly covered. You get many ideas about finding the right agent to guide you through buying process, to finding the right property at the right price, to making offers in a way that works out in your best interest. The Closing is extremely important; that's when you shut the door to backing out of a purchase. You'll learn which documents at the Closing table have meat to them, and which are mostly an empty cardboard box of legalese that do nothing for you, but do a lot for those whose hands are in the real estate selling pie. Finally, the book takes you beyond the closing. You'll find ideas and suggestions you won't get from most folks taking you on the home buying ride.

40 Ways to Increase the Net Income of Your Rental Property May 16 2022 This book is a resource for landlords and property managers. It helps you find clever ways to generate more income from your rental properties. It also help you see the potential in property before others do and that helps you buy diamonds in the rough.

Rental Property Strategies Dec 23 2022 Before you start investing in rentals, you should know what you're getting into. If you're looking to become financially free before you reach your sixties, investing in real estate is a blueprint that's been proven to work. In the past 50 years, over 70% of American taxpayers declaring more than a million dollars on their income tax returns have invested in real estate, according to the IRS. And it's not hard to see why. From fighting off inflation and generating cash flow to property appreciation and tax benefits, real estate gives investors multiple ways to build and keep wealth. And while there are several ways to invest in real estate, investing in rental properties is an ideal starting point for beginners, even those without any real estate background. Unlike flipping or wholesaling, rental properties are simple enough to understand, and with the right knowledge and research, strategies to make money off them are not difficult to implement. However, just because it's simple doesn't mean it's something you can just get into without proper education and preparation. You have a wide range of options you need to consider when investing in rental properties-from location, type of property, type of rental arrangement, financing, and investment strategy. Ultimately, the decisions will be up to you, but before you can make the right one, you need to have all the information you need. In Rental Property Strategies, you'll find valuable knowledge and helpful advice based on years of experience in real estate. Inside, here is just a fraction of what you will discover: How to get other people to pay for your mortgage, while you continue to stay in your own house The simple method to figure out how many rental properties you need to invest in to achieve financial freedom Why you should never buy a rental property based on its potential for appreciation How to grow your portfolio from one rental property to six in less than 10 years, while keeping your debt obligations down How to peacefully and compassionately deal with tenants who fail to pay rent on time How to legally defer paying taxes on your investment property when you upgrade your investment Quick and easy ways to increase your rental income without any additional effort or expenditure The must-have back-up for every rental property to ensure you can continue your mortgage payments, no matter the economic situation And much more. Although real estate can be very lucrative, there are still quite a number of real estate investors who lose money in their investments. Whether it's taking on too much risk, getting into more than they can manage, or not studying the market beforehand, there's

a lot that can go wrong when you are ill-prepared to take on a big investment. By equipping yourself with the right knowledge and surrounding yourself with the right people, you can protect yourself from losses and set yourself up for financial independence, sooner rather than later. If you want to build up your rental property portfolio in a sustainable and profitable way, then scroll up and click the "Add to Cart" button right now.

The Abandoned Property Investor's Kit Dec 31 2020 "A declining market is the best market in which to make money." —Donald J. Trump With rising foreclosure rates, it's easy to find discount properties--especially in the abandoned property market. But how do you choose the best ones with the most profit potential? And how do you deal with the complexities and problems associated with abandoned properties? *The Abandoned Property Investor's Kit* gives you all the practical, effective tools you need to break into this lucrative real estate niche. Reggie Brooks, the #1 abandoned property specialist in North America, shows you how to find abandoned properties, locate the owners, negotiate a cheap sale, get the financing you need, and turn your investment into big bucks. Brooks also explains the tricky aspects of abandoned property investing and offers proven solutions for dealing with them. Inside, you'll discover how to: Start investing in your spare time, with little or no money down Find great properties in your market Use creative financing techniques like wraparound mortgages and subject-to deals Rehabilitate properties for increased curb appeal and higher rents or resale prices Negotiate to win with lenders and owners Understand purchase agreements and other documents Even without cash on hand or a massive line of credit, savvy investors can still make a bundle. This comprehensive guide shows you how.

How to Sell Your Own Home Jun 24 2020 The reference book on selling your own home and saving thousands by avoiding commission fees. This book teaches you how to price the property, show it, and close the deal using a simple step-by-step approach.

Makes a great present for that special person who has real estate

rental property. Get your copy now! Size dimensions is 8.5x11, 120 pages, printed on quality white paper, black ink, matte finish covers.

ABCs of Buying Rental Property Jun 17 2022 Many Americans dream of financial freedom, but they're stuck in dead-end jobs and don't know how to get there. You don't need to be one of them. If you invested \$35,000 in the stock market today, it could take 52 years for that investment to grow to \$1 million. But if you invested that same amount into one single-family \$140,000 rental property, it would only take 19 years. With just two rental properties, you could generate \$417,000 in profit in just 10 years. Skeptical? Good, because that's the first sign of a smart investor. This book will tackle that skepticism head on... and give you confidence and a path to financial freedom. **THIS BOOK WILL TEACH YOU HOW TO:** • Secure your investment money • Find your ideal market—and a positive-cash-flow property • Efficiently manage your property • Handle your record keeping • Boost revenues and cut costs • File your taxes using a step-by-step process • Build your real estate portfolio

The Book on Rental Property Investing Apr 15 2022 With more than 350,000 units sold worldwide, this fan-favorite will show you every strategy, tool, tip, and technique you need to become a millionaire rental property investor.

Real Estate Investing Mar 02 2021 Real estate investing is one of the most attractive ways of making good money (that is if you do it correct). Moreover, real estate investing is also a lot of fun. A lot of people practice real estate investing as their core profession and, in fact, make a lot of money that way. Real estate investing is really an art and, like any art, it takes time to master the art of real estate investing. The key, of course, is to buy at a lower price and sell at higher price and make a profit even after paying all the costs involved in the two (buy/sell) transactions. When you start looking for houses that you can repair and resale, you should always take your time and buy the right homes. You won't have the money, time, experience, or support to buy the bigger houses at first, which means you won't have any room for mistakes. Once you have purchased and resold a few smaller homes, you'll eventually be able to work your way up to the bigger homes - which is where the big profits will come into play. Like any form of investment, there are certainly benefits and dangers involved, and there's no difference with real estate investing. If you are interested to know more about them, then continue reading as they are discussed further in this report. In addition, you will also learn useful tips to get you started with investing in real estate. *Benefits of Real Estate Investing Dangers of Real Estate Investing Tips To Get Started With Real Estate Investing Additional Tips To Get You Started What You Can Learn From Real Estate Investing Books What You Need To Know When Investing In Commercial Real Estate Real Estate Investing For Beginners A Guide For Beginners Real Estate Investing Course Real Estate Investing For Dummies Buy It, Rent It, Profit!* *Dec 19 2019* Demystify the process of evaluating, acquiring, and managing rental property and becoming a landlord with Landlord Academy founder Bryan Chavis's clear, step-by-step plan to make your dream of owning a multi-family property a reality. With interest rates at historic lows, there's never been a better time to buy rental property—and to hang on to it for long-term wealth building. Drawing on his ten years of experience managing and owning hundreds of rental properties, Bryan M. Chavis shows how you can leverage as little as \$10,000 into a lifelong stream of wealth using nothing more than good instincts, smart research, and a little elbow grease. Learn how to buy desirable properties, attract quality tenants, negotiate lease agreements, collect rent, finance a mortgage, and manage the property. From leases to property-evaluation documents, you'll find a complete tool kit in this book, which contains every form and checklist you need to run a single-unit apartment or an entire rental building. With added guidance from building-maintenance experts, property attorneys, and tenants' rights organizations, *Buy It, Rent It, Profit!* is the go-to guide for anyone interested in becoming a landlord and achieving profitable, consistent results.

Buy Your First Investment Property Fast Jul 06 2021 For those motivated to start building a real estate portfolio - or those who want to move their money out of the stock market or low yield accounts, this book shows that outstanding achievement in the rental property business is achievable and a matter of doing a sequence of simple actions. Teaching through stories, veteran landlord Fleming exposes his sometimes embarrassing rookie mistakes, allowing the reader to laugh and learn in an entertaining and memorable manner. Among *Buy Your First Rental Property Fast's* valuable insights: Wealth is a spiritual journey You can do well through doing good How to

select and evaluate low risk properties How real estate is safer than stocks or savings How to get and manage the best tenants Buy Your First Rental Property Fast is a book about succeeding and thriving in a business that will not only grow your net worth, but that will grow you as a person, as a leader and as the CEO of your life. Fleming Schutrumpf is a veteran landlord who has more than 500 tenant years of landlording experience. Fleming built a portfolio of 35 properties while working full time as a management consultant. Fleming's philosophy is about "the long hold", collecting checks in the mail every month, indexed to inflation and providing true income in an era where real wages have been stagnant. Fleming blends contrarian strategies designed to outsmart the "experts" with sage business advice and inspiration.

The Complete Guide to Your First Rental Property Mar 26 2023 You are ready to take the plunge and begin investing in your first rental property. Congratulations, but now what do you do? This completely revised edition will guide you step-by-step toward the financial success you desire, covering all the essential topics — property selection, tenant selection, marketing and advertising, credit verification, reference verification, lease agreements, deposits, rent, late notices, essential regulations in all 50 states, and more. This new edition features brand-new stories from real estate investors and landlords, helping you to learn from their mistakes while also leading you in the right direction. Investing in rental properties is one of the smartest investments you can make, allowing you to build equity, generate a steady return on your investment, and enhance your cash flow. For many people, rental property investing is an ideal part-time business, because your assets appreciate and your cash flow rises even when you are absent. This comprehensive book contains excellent sections on the many uses of the internet to run your business, noting the numerous websites that are available to you, often at little cost, to identify sound properties, lock in the best possible mortgage, market your properties, and manage your business online. In addition, this invaluable guide contains more than 25 forms that you will undoubtedly need to get your business up and running, including sample leases, rental contracts, application forms, and more.

Real Estate Investing For Dummies Mar 14 2022 "This is simply the best book on the topic." —Randall Bell, Author, Home Owner's Manual "Tyson and Griswold have truly opened the world of real estate investing to all by tackling often complex issues in this easy to understand and use book. I can't think of a better way to get smart about building wealth through rental properties than to read their excellent Real Estate Investing For Dummies!" —Vern Hoven, CPA Non-prime time TV is cluttered with infomercials about how you can buy non-prime real estate for next to nothing and get rich quick. Common sense should tell you that's an exaggeration. (If common sense doesn't tell you, bankers will.) Nevertheless, it is possible to get rich gradually by investing in real estate. Long term, you can expect to realize an annual return of 8 to 10% a year. Real Estate Investing for Dummies gives you the keys to successful real estate investment, whether it's in single family homes and condos, apartments, vacation homes, commercial properties (office, industrial, and retail), raw land, or REITs (Real Estate Investment Trusts). With guidance from authors Eric Tyson, MBA, a financial counselor, and Robert S. Griswold, a veteran real estate investor, you'll discover how to: Find and buy the best properties at a fair price Capitalize on opportunities such as foreclosures, no money down deals, auctions, tax sales, and more Secure financing and good mortgage terms Value, evaluate, and negotiate everything to do with real estate Work with agents and other professionals Project income potential and cash flow Handle contracts, inspections, and closings Whether you're interested in a fixer supper for rental, premier office space you can lease, or a vacation home you can enjoy and rent, when you become a buyer, you also become a landlord. That means you can hear from tenants any time, night or day. It means you may not hear from them when the rent is due. Real Estate Investing for Dummies also helps you: Find and keep good tenants Negotiate lease agreements Insure and maintain your property Keep good records for tax and accounting purposes Remember, with any deal, you have to know when to hold them and know when to fold them. So Real Estate Investing for Dummies gives you guidelines on when and how to sell and how to reinvest to build wealth. It also lists 10 real estate investments you shouldn't touch with a 10-foot pole. Especially if you're tempted by those late-night infomercials, that warning could save you a fortune!

The Landlord Entrepreneur Jan 24 2023 From the author of the real estate investment bible Buy It, Rent It, Profit! comes a fresh guide to teach new and aspiring landlords how to go from managing a

single rental property to successfully managing a large rental portfolio. In his first book, real estate expert Bryan Chavis created the ultimate how-to guide for buying and managing rental properties, with practical, realistic ways to build lasting, long-term wealth. Now, he takes his acclaimed program one step further. *The Landlord Entrepreneur* shifts the focus from dealing exclusively with residential real estate to building a dynamic property management business. By following the step-by-step instructions in this new guide, anyone can create a fully functioning, professional property management company in only ten days. With Chavis's modern take on real estate, you will learn the five phases of property management and the skills needed to successfully move through them—as well as the hacks and tricks to build your profitable business from the ground up. Full of smart, practical business advice, *The Landlord Entrepreneur* is the only guide you need to become a successful property manager in today's real estate market.

Property-Based Testing with PropEr, Erlang, and Elixir Jun 05 2021 Property-based testing helps you create better, more solid tests with little code. By using the PropEr framework in both Erlang and Elixir, this book teaches you how to automatically generate test cases, test stateful programs, and change how you design your software for more principled and reliable approaches. You will be able to better explore the problem space, validate the assumptions you make when coming up with program behavior, and expose unexpected weaknesses in your design. PropEr will even show you how to reproduce the bugs it found. With this book, you will be writing efficient property-based tests in no time. Most tests only demonstrate that the code behaves how the developer expected it to behave, and therefore carry the same blind spots as their authors when special conditions or edge cases show up. Learn how to see things differently with property tests written in PropEr. Start with the basics of property tests, such as writing stateless properties, and using the default generators to generate test cases automatically. More importantly, learn how to think in properties. Improve your properties, write custom data generators, and discover what your code can or cannot do. Learn when to use property tests and when to stick with example tests with real-world sample projects. Explore various testing approaches to find the one that's best for your code. Shrink failing test cases to their simpler expression to highlight exactly what breaks in your code, and generate highly relevant data through targeted properties. Uncover the trickiest bugs you can think of with nearly no code at all with two special types of properties based on state transitions and finite state machines. Write Erlang and Elixir properties that generate the most effective tests you'll see, whether they are unit tests or complex integration and system tests. What You Need Basic knowledge of Erlang, optionally ElixirFor Erlang tests: Erlang/OTP >= 20.0, with Rebar >= 3.4.0For Elixir tests: Erlang/OTP >= 20.0, Elixir >= 1.5.0

Home Buying Kit For Dummies Nov 10 2021 America's #1 bestselling home buying guide Are you looking to buy a house, but don't quite know where to begin? Have no fear! This new edition of *Home Buying Kit For Dummies* arms you with Eric Tyson and Ray Brown's time-tested advice and strategies for buying a home in current market conditions. Packed with valuable tips for getting the best deal on your new home and navigating an ever-changing housing market, it shows you how to find the right property, make smart financial decisions, and understand the latest lending requirements and tax implications. Thanks to looser lending standards, lower down payment mortgages, and a wider selection of homes to choose from, first-time homebuyers are making a comeback in the housing market. But if you don't know a Colonial from a counter offer, the process of buying a home can be daunting. Luckily, this bestselling guide is here to take the confusion out of the process! In plain English, it provides step-by-step guidance for buying the home of your dreams, from inspecting a property to evaluating a location to making sense of loan applications, tax documents, and counter offer forms. Negotiate your best deal and obtain a lower down payment mortgage Improve your credit score Make sense of changing lending standards Take the confusion out of lending laws, mortgage rates, and marketplace conditions Whether you're a renter, investor, or current homeowner, everything you need to plant roots in a new home sweet home is just a page away.

How to Finance Any Real Estate, Any Place, Any Time Aug 07 2021 Ever wonder how real estate magnates become real estate magnates? Not by filling out mind-numbing mortgage applications! For years, successful real estate investors have used creative money strategies that circumvent banks, yet result in profitable deals. Real estate professional James Misko makes these innovative techniques available to the general public in *How to Finance Any Real Estate, Any Place, Any Time*.

This easy-to-use guide offers more than forty-five nontraditional ways to buy properties. You will learn how to turn your dwindling stocks into real estate equities, how to acquire land without money, and so much more. If the only thing holding you back from buying your dream house or investment property is financing, maybe it's time to buy "outside the box" with How to Finance Any Real Estate, Any Place, Any Time.

The Book on Managing Rental Properties Apr 27 2023 No matter how great you are at finding good rental property deals, you could lose everything if you don't manage your properties correctly! But being a landlord doesn't have to mean middle-of-the-night phone calls, costly evictions, or daily frustrations with ungrateful tenants. Being a landlord can actually be fun IF you do it right. That's why Brandon and Heather Turner put together this comprehensive book that will change the way you think of being a landlord forever. Written with both new and experienced landlords in mind, The Book on Managing Rental Properties takes you on an insider tour of the Turners' management business, so you can discover exactly how they've been able to maximize their profit, minimize their stress, and have a blast doing it! Inside, you'll discover: - The subtle mindset shift that will increase your chance at success 100x! - Low-cost strategies for attracting the best tenants who won't rip you off. - 7 tenant types we'll NEVER rent to--and that you shouldn't either! - 19 provisions that your rental lease should have to protect YOU. - Practical tips on training your tenant to pay on time and stay long term. - How to take the pain and stress out of your bookkeeping and taxes. - And much more!

The House Hacking Strategy Apr 22 2020 Don't pay for your home--hack it and live for free! Savvy investors have been using a little-known, but clever strategy in real estate for decades--and now, you will learn exactly how to perfect this trade secret! When mastered, house hacking can save you thousands of dollars in monthly expenses, build tens of thousands of dollars in equity each year, and provide the financial means to retire early. In fact, the average house hacker can turn a single-family home or small multifamily property into a cash-flowing investment. You can collect rent that completely covers your living expenses--and then some! In this book, serial house hacker Craig Curelop lays out the in-depth details so you can make your first (or next) house hack a huge success. Inside, you will learn: What house hacking is, and why it's one of the best methods for building wealth The different types of house-hacking strategies you can use--no one size fits all here! The incredible connection between house hacking, wealth building, and early retirement How to get started house hacking--even with low income or low savings Strategies to house hack with a family, spouse, or independently How to find the ideal house hack property--even in a competitive or expensive market Stories from real estate investors all over the country on their house-hacking triumphs, mishaps, and their purpose behind house hacking. Property-management strategies to make ownership a breeze House hacking doesn't have to be a mystery. Discover why so many successful investors support their investment careers with house hacking--and learn from a frugality expert who has "hacked" his way toward financial freedom!

*Property Law Feb 19 2020 An innovative Property casebook that re-imagines the law school casebook format and covers all the major topics included in a basic 1L Property course, Property Law, Second Edition borrows some pedagogical features commonly found in undergraduate textbooks, making use of sidebars, illustrations, and other design devices to present material more clearly. The authors present concepts simply, then move the discussion toward complexity--the opposite of the approach taken by many current texts. Clear yet sophisticated, the casebook is the perfect choice for all skill levels. Including problems that students can and should be able to do on their own, explanatory answers, and skills-based exercises, this casebook is both professor-friendly and student-friendly. Themes that run through the course are highlighted throughout the book, resulting in a casebook that clearly presents the fundamentals of property law. This allows students to develop an understanding of basic concepts on their own while allowing professors to assist their students in developing an advanced understanding of property law. The authors of Property Law are experts on the property coverage on the bar exam, and while this casebook goes far beyond test-only material, students will benefit from their expertise and will learn every topic they are likely to see on the bar exam. New to the Second Edition: Additional text on racial discrimination and other critical issues in a subtle way, giving instructors the choice of how deeply to explore those issues. Revisions to Chapter 9 to include *Murr v. Wisconsin*, the Supreme Court's most recent regulatory takings case. A Revised Chapter 10 that includes new material on Intellectual Property*

and Property Theory. Minor corrections and refinements throughout the casebook. Professors and students will benefit from: A text that starts from simplicity and moves to complexity: The book first provides text that explains the basic doctrine, then presents a simple case example, and finally moves to more complex issues. Cases that are introduced with explanatory text discussing the law and issues surrounding the case. This radically different approach from most other casebooks allows students to have a better grasp of the concepts and themes before they even read the case. Problems and exercises that students can complete on their own, with explanatory answers included in an appendix. An innovative design that aids student learning, with sidebars, diagrams, charts, and illustrations that make concepts clearer to students. Cases that are used as examples, not introductions to legal rules. Many topics in the book feature introductory text, illustrations, and problem sets before a single case is introduced, to aid in students' legal learning. The inclusion of sample documents, helping students to understand core concepts. A book perfect for a four-credit course but also features a modular design that can be used in courses of varying credit size. More comprehensive bar exam topic coverage than any competing book.

Rental Property Investing Sep 08 2021 You are looking for something. Something is out there waiting for you, you just know it. It is your salvation, your saving grace, the path to the lifestyle you have always known you were born to live. The question is: what is IT?
