Lemon-Aid New Cars and Trucks 2012 Sep 08 2021 Phil Edmonston, Canada's automotive "Dr. Phil," pulls no punches. He says there's never been a better time to buy a new car or truck, thanks to a stronger Canadian dollar and an auto industry offering reduced prices, more cash rebates, low financing rates, bargain leases, and free auto maintenance programs. In this all-new guide he says: Audis are beautiful to behold but hell to own (biodegradable transmissions, "rodent snack" wiring, and mind-boggling depreciation) Many 2011-12 automobiles have "chin-to-chest head restraints, blinding dash reflections, and dash gauges that can't be seen in sunlight, not to mention painful wind-tunnel roar if the rear windows are opened while underway) Ethanol and hybrid fuel-saving claims have more in common with Harry Potter than the Society of Automotive Engineers) GM's 2012 Volt electric car is a mixture of hype and hypocrisy from the car company that "killed" its own electric car more than a decade ago) You can save \$2,000 by cutting freight fees and "administrative" charges) Diesel annual urea fill-up scams can cost you \$300, including an \$80 "handling" charge for \$25 worth of urea) *Lemon-Aid's 2011-12 Endangered Species List: the Chinese Volvo, the Indian Jaguar and Land Rover, the Mercedes-Benz Smart Car, Mitsubishi, and Suzuki*

It Just Doesn't Get Any Better Than This Mar 22 2020 There were black bulb-looking plungers, brown bowl-shaped plungers, yellow elliptical-shaped ones, some with short handles and some with longer handles, some rubber, some plastic. Wow, do they have any with a graphite shaft? Any treated lumber handles?? Hmmmm, I wonder which one of these will work the best on my toilet? Must I take a clay imprint of the commode bottom? Now I was confused unsure if any particular style would fit better, or create more suction and push versus another. As I stood there studying the design of each one I thought how great it would be if I could try them out. You know, kind of like kicking the tires on a car before you buy it. Doubt I

could test one and return it, just didnt seem like I should ask. So instead upon impulse I took won of the basic models and jabbed it at my feet onto the floor. Yep, it stuck, pretty dang good, this one could work. As I tugged on the plungers handle I noticed the rough floor and thought to myself, they need to finish repairing these vinyl tiles pretty soon. It was at this point that I hear someone from several aisles over yell across the store, NO, wait!!

Phil Edmonston, Canada's automotive "Dr. Phil" for more than 40 years, pulls no punches. In this all-new guide he says: Chrysler's days are numbered with the dubious help of Fiat. There's only one Saturn you should buy. Toyota -- enough apologies: "when you mess up, 'fess up."
