About the Novel: Fahrenheit 451, written by Ray Bradbury, is the story of a man's struggle with his society and himself. The story begins with Guy

Montag, a "fireman" charged with the job of burning books that have become outlawed. In this society, books have been deemed to have no value with new media and sports accommodating short attention spans. His struggle begins when he meets his neighbor Clarisse McClellan, a free-thinker that begins to open his mind. From there, he soon finds himself stealing the books he was tasked to destroy. Montag's struggle culminates in an attempt to discover the value of books himself, putting him in the very same danger as those he once persecuted. I mean: stop what you're doing and pick up this book." —CANDACE OWENS "The most important book on free speech in decades—read it!" —SENATOR TED CRUZ A New Strategy: We Win, They Lose The Culture War is over, and the culture lost. The Left's assault on liberty, virtue, decency, the Republic of the Founders, and Western civilization has succeeded. You can no longer keep your social media account—or your job—and acknowledge truths such as: Washington, Jefferson, and Columbus were great men. Schools and libraries should not coach children in sexual

deviance. Men don't have uterus. How did we get to this point? Michael Knowles of The Daily Wire exposes and diagnosis the losing strategy we have fallen for and shows how we can change course—and start winning. In the groundbreaking Speechless: Controlling Words, Controlling Minds Knowles reveals: How the "free speech absolutists" gave away the store The First Amendment does not require a value-neutral public square How the Communists figured out that their revolution could never succeed as long as the common man was attached to his own culture Where political correctness came from How,

comply or resist, political correctness is a win-win game for the bad guys Why taking our stand on "freedom of speech" helps put atheism, decadence, and nonsense on the same plane with faith, virtue, and reality The real question: Will we shut down drag queen story hour, or cancel Abraham Lincoln? For 170 years the First Amendment was compatible with prayer in public school How the atheists got the Warren Court to rule their way To this day, there's a First Amendment exception for obscenity. What exactly is the argument that perverts' teaching toddlers to twerk is not obscene? Read Speechless: Controlling Words, Controlling

Minds if you want to learn how to take the fight to the enemy. *Ella Minnow Pea* Jun 25 2020 An epistolary novel set on a fictional island off the South Carolina coastline, 'Ella Minnow Pea' brings readers to the hometown of Nevin Nollop, inventor of the pangram 'The Quick Brown Fox Jumps Over the Lazy Dog'. Deified for his achievement in life, Nevin has been honored in death with a monument featuring his famous phrase. One day, however, the letter 'Z' falls from the monument, and some of the islanders interpret the missing tile as a message from beyond the grave. The letter 'Z' is banned from use. On an island where the residents pride

them-selves on their love of language, this is seen as a tragedy. They are still reeling from the shock when another tile falls. And then another... In his charming debut, first published in 2001, Mark Dunn took readers on a journey through the eyes of Ella Minnow Pea, a young woman forced to create another clever turn of phrase in order to save the islanders' beloved language.
