Community Colleges in Virginia require new students to take a test for math placement. Often students do poorly on this test just because they are not prepared -- and then they may get set back a semester or even a year taking developmental math. This book explains the answers to the practice questions for the Virginia Community College System's math placement test (for the developmental math section only). Use it to prepare for the test so you can get the score you need to start college taking the math you want. Note: The questions whose answers are explained in this book are not included. To use the book you will need to use the Internet to see the questions. (Or email the author, who will send the questions to you.) Brought to you by McGraw-Hill, the premier educational publisher, grades PreK-12, Spectrum Test Prep offers students essential preparation needed to achieve success on standardized tests. This workbook offers students: Practice for state tests, including proficiency tests Actual test questions in reading, language arts, and math Strategies and techniques for answering different types of questions such as multiple choice, fill-in-the-blank, and choosing a picture to answer a question tips on identifying testing patterns, time management, and following directions A complete answer key This workbook offers teachers and parents: An explanation of what standardized test are and why students may experience test anxiety Clear instructions to help use the book effectively Content to prepare for the most popular standardized tests Standardized test-taking skills for reading, math and language for grade 7.
