Accompanys: 9780781772464 . #1 NEW YORK TIMES BESTSELLER • Brené Brown has taught us what it means to dare greatly, rise strong, and brave the wilderness. Now, based on new research conducted with leaders, change makers, and culture shifters, she's showing us how to put those ideas into practice so we can step up and lead. Don't miss the five-part HBO Max docuseries Brené Brown: Atlas of the Heart! NAMED ONE OF THE BEST BOOKS OF THE YEAR BY BLOOMBERG Leadership is not about titles, status, and wielding power. A leader is anyone who takes responsibility for recognizing the potential in people and ideas, and has the courage to develop that potential. When we dare to lead, we don't pretend to have the right answers; we stay curious and ask the right questions. We don't see power as finite and hoard it; we know that power becomes infinite when we share it with others. We don't avoid difficult conversations and situations; we lean into vulnerability when it's necessary to do good work. But daring leadership in a culture defined by scarcity, fear, and uncertainty requires skill-building around traits that are deeply and uniquely human. The irony is that we're choosing not to invest in developing the hearts and minds of leaders at the exact same time as we're scrambling to figure out what we have to offer that machines and AI can't do better and faster. What can we do better? Empathy, connection, and courage, to start. Four-time #1 New York Times bestselling author Brené Brown has spent the past two decades studying the emotions and experiences that give meaning to our lives, and the past seven years working with transformative leaders and teams spanning the globe. She found that leaders in organizations ranging from small entrepreneurial startups and family-owned businesses to nonprofits, civic organizations, and Fortune 500 companies all ask the same question: How do you cultivate braver, more daring leaders, and how do you embed the value of courage in your culture? In this new book, Brown uses research, stories, and examples to answer these questions in the no-BS style that millions of readers have come to expect and love. Brown writes, "One of the most

important findings of my career is that daring leadership is a collection of four skill sets that are 100 percent teachable, observable, and measurable. It's learning and unlearning that requires brave work, tough conversations, and showing up with your whole heart. Easy? No. Because choosing courage over comfort is not always our default. Worth it? Always. We want to be brave with our lives and our work. It's why we're here." Whether you've read Daring Greatly and Rising Strong or you're new to Brené Brown's work, this book is for anyone who wants to step up and into brave leadership. Frank Damazio lays out a broad and deep discussion of what it means to be responsible for a group of "followers." Honest Conversations Lead to Thoughtful Actions and Improved Performance For years, Scott Patchin has been equipping leaders with the critical skills to build healthy teams that achieve great results. As a guide on hundreds of these journeys, several questions have emerged as the critical barriers to a successful leadership journey: Why is it so hard for some leaders

to follow through on easy-to-understand principles? While making an effort to build collaboration in teams and honesty between people, what might be simultaneously eroding it? What actions will have the greatest return in building a collaborative, healthy, and high performing team? Scott answers these questions in *People-Centered Performance*, and challenges leaders to step back and do some of the important internal work so that they are leading from a place of clear beliefs and self-awareness to see the barriers that will derail their success. This is the beginning of the *Honest Culture Journey*, and Scott is your passionate and committed guide. What would happen if you made your business decisions by the book? By the Bible that is. Leadership strategies grounded in reality and focused on results Recent polls show that 71% of workers think about quitting their jobs every day. That number would be shocking-if people actually were quitting. Worse, they go to work, punching time clocks and collecting pay checks, while completely checked out emotionally. In *Reality-Based Leadership*, expert Fast Company blogger Cy Wakeman reveals

how to be the kind of leader who changes the way people think about and perceive their circumstances-one who deals with the facts, clarifies roles, gives clear and direct feedback, and insists that everyone do the same-without drama or defensiveness. Filled with dynamic examples, innovative tools, and diagnostic tests, this book shows you how to become a Reality-Based Leader, revealing how to: Uncover destructive thought patterns with yourself and others Diffuse drama and lead the person in front of you Stop managing and start leading, empowering others to focus on facts and think for themselves Equipped with a facts-based, confident approach, you will free yourself from the frustrations you face at work and transform yourself into a Reality-Based Leader, with the ability to liberate and inspire others. This study guide is an individually available part of the authors' "Lead Like Jesus" kit. Only one study guide is included in the initial kit, but churches or organizations can buy as many study guides as needed for their leadership groups. There is plenty of room for writing as the concepts are explored via group and individual activities.
