Runaway children who meet up with monsters. A giant talking bug. A secret world of mouse-people. The stories of Franz Kafka are wondrous and nightmarish, miraculous and scary. In My First Kafka, storyteller Matthue Roth and artist Rohan Daniel Eason adapt three Kafka stories into startling, creepy, fun stories for all ages. With My First Kafka, the master storyteller takes his rightful place alongside Maurice Sendak, Edward Gorey, and Lemony Snicket as a literary giant for all ages. Integrating humanism and behaviorism, this volume presents evidence-based techniques for improving health, safety, and well-being in all walks of life. This paper focuses on how to improve the development and management of water resources while providing the principles that link resource management to the specific water-using sectors. In 1993 the Board of the World Bank endorsed a Water Resources Management Policy Paper. In that paper, and this Strategy, water resources management is seen to comprise the institutional framework; management instruments; and the development, maintenance and operation of infrastructure. The paper looks at the dynamics of water and development. It builds on the 1993 policy paper, evaluating current scenarios and looking at future options and their implications both for government policy and the World Bank. The ultimate keepsake for fans of the fabulous four. Packed with juicy behind-the-scenes details as well as interviews with the stars, producers, and other cast and crew members, the book's packaging is every bit as sexy and deluxe as the content. Especially for all those fans desperate to find out more about the film's jaw-dropping costumes, this book features exclusive photos of the outfits the four stars wore in every scene, along with information on who designed their sensational clothing, shoes and accessories. As details come to light about the day of the accident, tensions mount and suspicions arise--especially when one of the survivors recalls a memory that may implicate a peer of murder! Recommendations -- Child combatants in Colombia -- Recruitment: rules and practice -- Joining up -- Life in the ranks -- Girls -- Training -- Discipline and punishment -- Combat -- Participation in summary executions and torture -- Kidnappings -- The government forces -- Desertion, capture, and after -- Rescued from war: government rehabilitation programs for child combatants -- Legal standards. Marco Armiero is Senior Researcher at the Italian National Research Council and Marie Curie Fellow at the Institute of Environmental Sciences and Technologies, Universitat Autònoma de Barcelona. He has published extensively on Italian environmental history and edited *Views from the South: Environmental Stories from the Mediterranean World*. -- Translated from the Urdu by Khushwant Singh. Umrao Jan Ada is perhaps one of the most enigmatic and forgotten female figures in South Asian Literature. The question of her existence, her beauty, her scholarly abilities and her poetic gift remain a mystery. The book is an account of Umrao's life as a Lucknawi courtesan, a nautch girl, delivered in first person by Umrao herself, and documented by a close friend. Written more than a hundred years ago, the novel recreates the gracious ambience of old Lucknow and takes the reader on a fascinating journey through the palaces of wealthy nawabs, the hideouts of the colorful vagabonds and the luxurious abodes of the city's courtesans. "Many recent works on Muslim societies have pointed to the development of 'de-culturalization' and 'purification' of Islamic practices. Instead, by exploring architectural designs, preaching activities, cultural celebrations, social participations and everyday practices, this book describes and analyses the formation and contestation of Chinese Muslim cultural identities in today's Indonesia. Chinese Muslim leaders strategically promote their unique identities by rearticulating their histories and cultivating ties with Muslims in China. Yet, their intentional mixing of Chineseness and Islam does not reflect all aspects of the multilayered and multifaceted identities of ordinary Chinese Muslims – there is not a single 'Chinese way of being Muslim' in Indonesia. Moreover, the assertion of Chinese identity and Islamic religiosity does not necessarily imply racial segregation and religious exclusion, but can act against them. The study thus helps us to understand better the cultural politics of Muslim and Chinese identities in Indonesia, and gives insights into the possibilities and limitations of ethnic and religious cosmopolitanism in contemporary societies." -- Provided by publisher. Prosocial behavior—broadly defined as voluntary action intended to help or benefit another—has been associated with positive outcomes across the lifespan. Children with a more prosocial orientation are better liked and trusted by their peers, have a higher status in peer groups, are better at maintaining friendships, demonstrate better self regulation, empathy, and social cognitive skills, and excel in academics. Researchers have shown that prosocial behaviors correlate to lower rates of school suspension and drop-out, teen pregnancy, substance use, aggression, and delinquency. These positive effects speak to the value of prosocial behavior during formative years. Prosocial Development examines a variety of biological, socialization, and contextual influences on prosocial development from infancy through early adulthood. While the definition of prosocial behavior may seem straightforward, recent research has highlighted its multifaceted nature. This volume specifically focuses on the multidimensionality of prosocial development, examining different contexts, motivations, types, and targets of prosocial behavior that are differentially predicted by socialization and dispositional characteristics. Skillfully edited by Drs. Padilla-Walker and Carlo, each chapter in this volume highlights some aspect of multidimensionality in regard to prosocial behavior and meaningful avenues for future research. This volume will be an important tool for scholars, researchers, and practitioners who are interested in prosocial, moral, and positive youth development. The organization and focus of this volume are also well-suited for use as a text for graduate courses in moral development, child and adolescent development, social psychology, sociology, anthropology, and family studies. Vivid, bawdy, comic, and arresting, the exciting new novel by the Indonesian phenomenon, Eka Kurniawan *Told in short*, cinematic bursts, *Vengeance Is Mine, All Others Pay Cash* is gloriously pulpy. Ajo Kawir, a lower-class Javanese teenage boy excited about sex, likes to spy on fellow villagers in flagrante, but one night he ends up witnessing the savage rape of a beautiful crazy woman by two policemen. Deeply traumatized, he becomes impotent. His efforts to get his virility back all fail, and Ajo Kawir turns to fighting as a way to vent his frustrations. He gets such a fearsome reputation as a brawler that he is hired to kill a thug named The Tiger, but instead Ajo Kawir falls in love with Iteung, a gorgeous female bodyguard who works for the local mafia. Alas, the course of true love never did run smooth... Fast-forward a decade. Now a truck driver, Ajo Kawir has reached a new equanimity, thinking that his penis may be trying to teach him a lesson and even consulting it in many situations as if it were his guru—love may yet triumph. *Vengeance Is Mine, All Others Pay Cash* shows Eka Kurniawan in a gritty, comic, pungent mode that fans of Quentin Tarantino will appreciate. But even with its liberal peppering of fights, high-speed car chases, and ladies heaving with desire, the novel continues to explore Kurniawan's familiar themes of female agency in a violent male world dominated by petty criminals and a corrupt police state. What kinds of childbearing practices foster the development of helping, sharing, and other prosocial behaviours? What roles do biology and culture play in the development of prosocial behaviour? In this book, Nancy Eisenberg and Paul Mussen review and summarize scholarly research that has been devoted to the development of prosocial behaviour in children, and examine the variety of influences that contribute to children's prosocial development, including the media, parents, peers, biology, culture, personal

characteristics, as well as situational determinants. The authors argue that prosocial behaviour can be learned and is modifiable, and they suggest ways that parents, teachers, and other can enhance prosocial development. In addition, the authors attempt to communicate the advances in the study of prosocial development that have taken place over the last decade. The book highlights some questions that have not yet been addressed adequately by researchers, and suggests areas for future work. The six volumes that make up this unique set provide an extensive overview of colonialism in South-East Asia. In the majority of cases, authors chosen were specialists writing about their individual areas of expertise, and had first-hand experience in the region. Outline of contents: * I. An endearing and enduring story of love by bestselling author and illustrator Caroline Jayne Church. I love you in the crisp white snow that quietly fills the sky, I love you in the stormy air when strong dark clouds pass by. Caroline Jayne Church returns with an emotional story that proves no matter how much things in life change, one thing lasts forever: a parent's love. With Caroline's signature art style and heartwarming rhymes, SWEET CHILD OF MINE is destined to stand the test of time.

I Will Survive is the story of Gloria Gaynor, America's "Queen of Disco." It is the story of riches and fame, despair, and finally salvation. Her meteoric rise to stardom in the mid-1970s was nothing short of phenomenal, and hits poured forth that pushed her to the top of the charts, including "Honey Bee," "I Got You Under My Skin," "Never Can Say Goodbye," and the song that has immortalized her, "I Will Survive," which became a #1 international gold seller. With that song, Gloria heralded the international rise of disco that became synonymous with a way of life in the fast lane - the sweaty bodies at Studio 54, the lines of cocaine, the indescribable feeling that you could always be at the top of your game and never come down. But down she came after her early stardom, and problems followed in the wake, including the death of her mother, whose love had anchored the young singer, as well as constant battles with weight, drugs, and alcohol. While her fans always imagined her to be rich, her personal finances collapsed due to poor management; and while many envied her, she felt completely empty inside. In the early 1980s, sustained by her marriage to music publisher Linwood Simon, Gloria took three years off and reflected upon her life. She visited churches and revisited her mother's old Bible. Discovering the world of gospel, she made a commitment to Christ that sustains her to this day.

This report provides guidance on how Indonesia can consolidate gains in access to basic education and develop an education system that will support an economy in transition towards high-income status. "Bare Men" portrays the male nude as a human and a work of art, not simply a utilitarian device. It celebrates men who are comfortable in their skin, relaxed, powerful, erect, vulnerable. The images share moments of joy, the power of release, physical angst and ease of masculinity. "Bare Men" offers glimpses into their private moments. The viewer is privy to two relationships: the man and the photographer and the man and himself while in some instances is invited to join in.

The Beijing Olympics in 2008 marks the beginning of an era of new business opportunities in China for 1.3 billion Chinese and the rest of the world. For investors, marketers, and businesspeople who want to understand the new drivers and business chances of the Chinese economy, Supertrends of Future China is the definitive guidebook. The authors OCo two experts with decades of experience in Asia and both corporate and entrepreneurial track records OCo introduce readers to China's ten supertrends: Value-adding and Innovating, Urbanizing and Servicing, Consuming and Aspiring, Inter-networking and e-Commercializing, Affluencing and Greening. These supertrends form the foundations of the best opportunities in the manufacturing, service, lifestyle, e-Commerce, telecommunications, finance, and environment industries during China's Olympic Decade. This complete book of new China opportunities presents the latest information and analysis from a positive and objective angle, focusing on the potential for business success rather than finger-pointing and fear-mongering. Written by businesspeople for businesspeople, it is an essential book for anybody doing business, investing, or working in China. It will also appeal to general readers interested in China's social, economic, and environmental development.

This classic work, written by one of the greatest modern scholars of Islamic law, focuses on the need for a reinterpretation of Islamic jurisprudence and for a rediscovery of its original philosophy. Fyzee presents a fresh critique of Islam

based on historical, scientific, and comparative principles. He contends that rules of law can be modified in modern times for the purpose of healthy reforms without compromising on the essential spirit of Islam. In an introduction written especially for this edition, Saiyid Hamid widens the scope of the discussion and shows the book's significance for today's world where misunderstandings about Islam abound. Drawing from the works of contemporary scholars, as well as of those from earlier periods, he brings to light essential concepts in Islamic thought -- reason, the spirit of inquiry, social justice, mercy, non-aggression, and individual responsibility. As I was called, like Abraham, to leave my father's house and follow Christ, my journey would take me and my children to many places which God has caused us to "Triumph" in Christ Jesus. I was told to share my story and write the things I've seen and heard and lived through so others can know they too can do the same when they put ALL of their Trust in the Holy God of Israel. When You Only See One Set of Footprints is like an open letter to all "Living Epistle," for my life has seen everyday living and living for Christ. To give people hope no matter where you are, He can be there, also to show my children and others what "Faith" looks like despite what people think it ought to look like, to give people hope and encouragement to follow God to the end. This was also a walk for the destroying of "Generational Curse" so my children (Donelle, Nathifa, Monae, Dominique, Nakeya, Simone), and now my grandson (Nook, Nook), would not have to encounter because I have gone before them to destroy all curses in their path. To bring about transparency in this walk and to show "We can come through all things through Christ who strengthens us," so may all be encouraged as well as inspired to continue in the faith and to fight the good fight of faith and know you fight not alone, for you too can see there were only one set of footprints. God Bless. In this book the authors explore the state of the art on efficiency measurement in health systems and international experts offer insights into the pitfalls and potential associated with various measurement techniques. The authors show that: - The core idea of efficiency is easy to understand in principle - maximizing valued outputs relative to inputs, but is often difficult to make operational in real-life situations - There have been numerous advances in data collection and availability, as well as innovative methodological approaches that give valuable insights into how efficiently health care is delivered - Our simple analytical framework can facilitate the development and interpretation of efficiency indicators. Towards the end of 2003 the African Security Analysis Programme (ASAP) of the Institute for Security Studies (ISS) hosted a workshop in Pretoria on Support sustainable livelihoods : a critical review of assistance post-conflict situations. The aim of the workshop was to bring together a range of experts in the field of post-conflict recovery and development. A wry, affecting tale set in a small town on the Indonesian coast, Man Tiger tells the story of two interlinked and tormented families and of Margio, a young man ordinary in all particulars except that he conceals within himself a supernatural female white tiger. The inequities and betrayals of family life coalesce around and torment this magical being. An explosive act of violence follows, and its mysterious cause is unraveled as events progress toward a heartbreaking revelation. Lyrical and bawdy, experimental and political, this extraordinary novel announces the arrival of a powerful new voice on the global literary stage. Organized around three central themes - control and repression; the politics and culture of resistance; and sexual transgression as affirmation of marginalized identity - this intriguing collection will challenge and inform conceptions of Latin American sexuality. The charmingly oblivious elephant Little Jumbo "saves the day" in a superhero story that's perfect for fans of Ian Falconer's Olivia Being a superhero isn't easy. All Little Jumbo wants to do is fight crime and defend the weak, by doing things like halting traffic for snails to cross the street and stopping Dad from sneaking cookies. It's not his fault grown-ups don't appreciate his heroic deeds! Luckily, Little Jumbo doesn't give up easily. He even powerfully resists cake (his greatest weakness!) to help a new friend in need! Super Jumbo is the hilariously sweet companion to Fred Koehler's standout debut, How to Cheer Up Dad, which received three starred reviews. In 2004 the Indonesian government made a commitment to provide its entire population with health insurance coverage through a mandatory public health insurance scheme. It has moved boldly already provides coverage to an estimated 76.4 million poor and near poor, funded through the public budget. Nevertheless, over half the population still lacks health insurance coverage, and the full fiscal impacts of the government's program for the poor have not been fully assessed or felt. In addition, significant deficiencies in the efficiency and equity of the current health system, unless

addressed will exacerbate cost pressures and could preclude the effective implementation of universal coverage (Ue and the desired result of improvements in population health outcomes and financial protection. For Indonesia to achieve UC, systems' performance must be improved and key policy choices with respect to the configuration of the health financing system must be made. Indonesia's health system performs well with respect to some health outcomes and financial protection, but there is potential for significant improvement. High-level political decisions are necessary on key elements of the health financing reform package. The key transitional questions to get there include: [the benefits that can be afforded and their impacts on health outcomes and financial protection; [how the more than 50 percent of those currently without coverage will be insured; [how to pay medical care providers to assure access, efficiency, and quality; [developing a streamlined and efficient administrative structure; [how to address the current supply constraints to assure availability of promised services; [how to raise revenues to finance the system, including the program for the poor as well as currently uninsured groups that may require government subsidization such as the more than 60 million informal sector workers, the 85 percent of workers in firms of less than five employees, and the 70 percent of the population living in rural areas. Child pornography, particularly that available via the Internet, has become a cause of huge social concern in recent years. This book examines the reality behind the often hysterical media coverage of the topic. Drawing on extensive new research findings, it examines how child pornography is used on the Internet and the social context in which such use occurs, and develops a model of offending behaviour to better help understand and deal with the processes of offending. Detailed case studies and offenders' own accounts are used to illustrate the processes involved in offending and treatment. The authors argue that we need to refine our ideas of offending, and that while severe deterrents need to be associated with possession of child pornography, a better understanding is needed of the links between possession and committing a contact offence. Only by improving our understanding of this complex and very controversial topic can we hope to deal effectively with offenders and with their child victims. This is a book which will become an essential read for anyone involved with offenders or victims from a psychological, judicial or social background. Contains information and word lists for Ampibabo-Lauje, Balaesang, Boano, Buginese, Dampelas, Dondo, Lauje, Pendau, Tajio, Tialo, Taje, Petapa Taje, Tanampedagi Taje, and Totoli languages and/or dialects as spoken in northern Central Sulawesi, Indonesia. Corpus Linguistics for Grammar provides an accessible and practical introduction to the use of corpus linguistics to analyse grammar, demonstrating the wider application of corpus data and providing readers with all the skills and information they need to carry out their own corpus-based research. This book: explores the kinds of corpora available and the tools which can be used to analyse them; looks at specific ways in which features of grammar can be explored using a corpus through analysis of areas such as frequency and colligation; contains exercises, worked examples and suggestions for further practice with each chapter; provides three illustrative examples of potential research projects in the areas of English Literature, TESOL and English Language. Corpus Linguistics for Grammar is essential reading for students undertaking corpus-based research into grammar, or studying within the areas of English Language, Literature, Applied Linguistics and TESOL.
