Although John D. MacDonald published seventy novels and more than five hundred short stories in his lifetime, he is remembered best for his Travis McGee series. He introduced McGee in 1964 with *The Deep Blue Goodbye*. With Travis McGee, MacDonald changed the pattern of the hardboiled private detectives who preceded him. McGee has a social conscience, holds thoughtful conversations with his retired economist buddy Meyer, and worries about corporate greed, racism and the Florida ecolgoy in a long series whose brand recognition for the series the author cleverly advanced by inserting a color in every title. Merrill carefully builds a picture of a man who in unexpected ways epitomized the Horatio Alger sagas that comprised his strict father's secular bible. From a financially struggling childhood and a succession of drab nine-to-five occupations, MacDonald settled down to writing for a living (a lifestyle that would have horrified his father). He worked very hard and was rewarded with a more than decent livelihood. But unlike Alger's heroes, MacDonald had a lot of fun doing it. Reprint. Originally published: New York: Random House, c1984. This is a Christian reference book or commentary on the epistle of 1 John. It is primarily a reference work but can also be used in discipleship and evangelism or for pastoral ministry. The richly adventurous memoirs of one of the most dazzling public figures to dominate the American scene over the last decades "As a raconteur and a literary stylist he stands with the best. . . . As entertainment, the book is a total success."—The New York Times Book Review "Absorbing and irresistible."—The New Yorker "A highly perceptive commentary on all our yesterdays . . . anecdotal, amusing, animated and above all, illuminating."—John Barkham Reviews "An enjoyable book, full of fun, full of wisdom, and full of rare insights into the history of our times."—The New Republic "A delightfully teeming book . . . [John Kenneth] Galbraith's comic voice is a distinctive and durable literary achievement."—Atlantic Monthly New York Times bestselling author John Eldredge gives readers who are drained from the madness of modern life the tools they need to follow Jesus' path of supernatural resilience so they can recover their joy, strengthen their hearts, and thrive through the

storm. The human soul has a built-in yearning for joy and beauty and all good things. But that craving for life has taken a real beating in recent years. Between false promises of ease and comfort on one side and the sheer trauma of global disease and disasters on the other, people today are facing a shortage of peace, happiness, and strength. In *Resilient*, Eldredge provides skills and tools to strengthen your heart and soul--and reveals a path toward genuine recovery and resilience provided by Jesus himself. Drawing on wisdom from Scripture and Christian tradition, and illustrated throughout with powerful, true stories of grit and survival, *Resilient* will help readers recover from the trauma of the COVID-19 pandemic; tap into "supernatural graces" like the river of life that God promises his people; learn to be patient with themselves--genuine recovery from spiritual and emotional trauma takes time and intentionality; create a plan, because resilience and victory aren't going to come with a swipe on your home screen; and discover deep wells of freedom and strength through Christ who lives within us. Thriving requires a resilient soul. This book will help readers find the resilience they need when the world has gone mad--and discover in Jesus himself the strength that prevails. From a beloved master of crime fiction, *The Green Ripper* is one of many classic novels featuring Travis McGee, the hard-boiled detective who lives on a houseboat. Travis McGee has known his share of beautiful girls, but true love always passed him by—until Gretel. Life aboard the *Busted Flush* has never been so sweet. But suddenly, Gretel dies of an unidentified illness—or so he's told. Convinced that the woman who stole his heart has been murdered, McGee finds himself pursuing a less-than-noble cause: revenge. "To diggers a thousand years from now, the works of John D. MacDonald would be a treasure on the order of the tomb of Tutankhamen."—Kurt Vonnegut McGee has lost not only the love of his life but also his last hope for stability. Soon grief turns to blinding rage. So when he finds the people responsible for Gretel's death, McGee goes off the rails—and off the grid, three thousand miles from home. McGee emerges in the California woods as Tom McGraw, a fisherman looking for his long-lost daughter. This mysterious newcomer starts knocking off targets one by one. But as he pursues his single-minded crusade for justice, he becomes more and more unhinged. McGee has spent his life saving other people, but now he'll need to find the strength to save himself—before he loses his mind. Features a new Introduction by Lee Child

The end of the world is coming. From roadside signs to science fiction films, this slogan underscores our society's nervous fascination with the future. Whether it's a giant asteroid, a worldwide plague, or some other global catastrophe, the end of the world is a terrifying prospect—at least for those who have no idea what it will be like. For Christians, however, the end of the world should be anything but dreadful. In fact, it should be something we actually look forward to. Why? Because God has told us how the world will end. And He has assured us that the end of this age will mark the beginning of a new, glorious one in which we will serve and worship Him in sinless perfection. Our eternal hope, as believers, is intimately tied to the end of this world. All of this is laid out in the book of Revelation. Not only is Revelation the inspired Word of God, it is also the only New Testament book that includes a promised spiritual blessing for those who study and apply its message. As such, it is an essential part of every Christian's devotional life. Those who ignore Revelation deprive themselves of a rich treasure of divine truth, and the promised blessings that come from understanding that truth. Join John MacArthur as he explains the book of Revelation in a way that is both doctrinally precise and intensely practical. In this new and well-written biography Faith Cook relates John Bunyan to the turbulent times through which he lived, surviving two periods of imprisonment in Bedford prison, sustained by his faith, determined, as he himself wrote to live upon God that is invisible. Faith Cook avoids the temptation of merely regarding Bunyan as one of the great figures of English literature. That he certainly is. But he is so much more a physician of souls, much-loved pastor and powerful preacher of the gospel of grace. The authoress skillfully relates her subject to the political history of his times, in which nonconformists won a greater measure of freedom to worship according to their understanding of the Bible during the Cromwellian period, only to be restricted again after the Restoration of the monarchy in 1660. The Gallup Poll reports that 1 in 25 people has had a near-death experience. Their heart stopped beating, their brain waves ceased, yet they claim they were more alive than ever. With improved medical

resuscitation, more and more verifiable evidence indicates that life doesn't end with our last breath--it's just beginning. Drawing out the similarities found by studying over 1,000 accounts of near-death experiences around the globe, John Burke unfolds a compelling and comforting vision of a world where - we are free from pain - we feel fully known and accepted - we are greeted by loved ones - we encounter indescribable beauty - we discover a God of unconditional love. If you've lost a loved one, if you've received a frightening diagnosis, or if you're just curious about what happens after death, this concise look at the life to come will bring you hope and reassurance. Content derived from the New York Times bestseller *Imagine Heaven*. The publication of the King James version of the Bible, translated between 1603 and 1611, coincided with an extraordinary flowering of English literature and is universally acknowledged as the greatest influence on English-language literature in history. Now, world-class literary writers introduce the book of the King James Bible in a series of beautifully designed, small-format volumes. The introducers' passionate, provocative, and personal engagements with the spirituality and the language of the text make the Bible come alive as a stunning work of literature and remind us of its overwhelming contemporary relevance. Now psychic medium John Edward's legion of fans can read his remarkable true story. With a fresh, honest—and at times even skeptical—approach, John discusses how he first discovered, then gradually developed, his psychic ability to foretell events and communicate with the deceased. He also provides accounts of his most compelling readings, how they helped heal the scars of grief and gave way to more fulfilling lives for the living—lives where loved ones never cease to love you, and never really die... In an all-new chapter, written especially for this paperback edition, he also empowers readers to tune in to their own psychic abilities—and read and understand signs of spiritual contact they may be experiencing every day without even knowing it. If the past is tampered with, the present might be totally transformed. So the whole fabric of reality depends on the watchful efforts of the Society of Time. Don Miguel Navarro is a junior officer in this force dedicated to defending the Spanish Empire and the mother church from the results of meddling in history by

time-travellers. But he begins to wonder just how dedicated the Society really is when he has to deal with a case of corruption involving fellow officers . . . After he has to rescue the entire court from death at the hands of Amazon warriors brought through time, his greatest trial becomes unavoidable. Facing a threat to the most vulnerable event in his world's history, can the young Don prevent catastrophe? Or will the glorious triumph of the Spanish Armada never have occurred? (First published 1969) The final book of the Bible, Revelation prophesies the ultimate judgement of mankind in a series of allegorical visions, grisly images and numerological predictions. According to these, empires will fall, the "Beast" will be destroyed and Christ will rule a new Jerusalem. With an introduction by Will Self. Excerpt from *Life and Times of John Bright* The first edition of this work was published in 1877. Its success induced the author to extend his researches and to issue a new and greatly enlarged edition six years later. His qualifications for such a task were an enthusiastic admiration for Bright, an unwearied patience in the collection of his material, and residence in Bright's neighbourhood, which enabled him to consult his hero's early associates. The book, however, was so encumbered with detail that it has been found necessary to reduce it for the present edition. Nothing of moment is omitted, and as far as possible the characteristic features of the work have been preserved. As the last edition was published six years before Bright's death the present editor has added a brief supplementary chapter continuing the story to the end. The value of the work is increased by 3. Prelude consisting of Mr. Birrell's address at Rochdale on the occasion of the celebration of Bright's Centenary last November. "[...]THE LIFE AND TIMES OF JOHN WILKINS. CHAPTER I. HISTORY OF THE COLLEGE FROM ITS FOUNDATION TO THE BEGINNING OF WILKINS' WARDENSHIP. Wadham College was founded in 1610, when on July 31st the foundation-stone was laid; and opened in 1613, when, on April 20th, the Warden and Fellows elected by the Foundress were admitted; the Warden, by the Vice-Chancellor of the University in St Mary's Church; the fifteen [...]". American author John Horne Burns (1916–1953) led a brief and controversial life, and as a writer, transformed many of his darkest experiences into literature. Burns was born in Massachusetts, graduated from Andover and Harvard, and went on to teach English at the Loomis School, a boarding school for boys in Windsor, Connecticut. During World War II, he was stationed in Africa and Italy, and worked mainly in military intelligence. His first novel, *The Gallery* (1947), based on his wartime experiences, is a critically acclaimed novel and one of the first to unflinchingly depict gay life in the military. *The Gallery* sold half a million copies upon publication, but never again would Burns receive that kind of critical or popular attention. *Dreadful* follows Burns, from his education at the best schools to his final years of drinking and depression in Italy. With intelligence and insight, David Margolick examines Burns's moral ambivalence toward the behavior of American soldiers stationed with him in Naples, and the scandal surrounding his second novel, *Lucifer with a Book*, an unflattering portrayal of his experiences at Loomis. This impressive publishing landmark traces the history of the world from the beginning of the pyramids to the war on terrorism. Vibrant prose bring to life each epoch in this majestic account of the story of mankind. With nearly one million words, this book is the ultimate resource for historians, teacher and students alike. It is a rare book that speaks so artfully to such a wide range of topics including the history of art, politics, religion, philosophy, science, technology and literature. Divided both chronologically and geographically, *History of the World* is a compelling reference guide filled with more than vivid illustrations and over 60 maps. This revelatory biography shows how both the facts and fictions about John Wayne illuminate his singular life. As President Trump's National Security Advisor, John Bolton spent many of his 453 days in the room where it happened, and the facts speak for themselves. The result is a White

House memoir that is the most comprehensive and substantial account of the Trump Administration, and one of the few to date by a top-level official. With almost daily access to the President, John Bolton has produced a precise rendering of his days in and around the Oval Office. What Bolton saw astonished him: a President for whom getting reelected was the only thing that mattered, even if it meant endangering or weakening the nation. "I am hard-pressed to identify any significant Trump decision during my tenure that wasn't driven by reelection calculations," he writes. In fact, he argues that the House committed impeachment malpractice by keeping their prosecution focused narrowly on Ukraine when Trump's Ukraine-like transgressions existed across the full range of his foreign policy—and Bolton documents exactly what those were, and attempts by him and others in the Administration to raise alarms about them. He shows a President addicted to chaos, who embraced our enemies and spurned our friends, and was deeply suspicious of his own government. In Bolton's telling, all this helped put Trump on the bizarre road to impeachment. "The differences between this presidency and previous ones I had served were stunning," writes Bolton, who worked for Reagan, Bush 41, and Bush 43. He discovered a President who thought foreign policy is like closing a real estate deal—about personal relationships, made-for-TV showmanship, and advancing his own interests. As a result, the US lost an opportunity to confront its deepening threats, and in cases like China, Russia, Iran, and North Korea ended up in a more vulnerable place. Bolton's account starts with his long march to the West Wing as Trump and others woo him for the National Security job. The minute he lands, he has to deal with Syria's chemical attack on the city of Douma, and the crises after that never stop. As he writes in the opening pages, "If you don't like turmoil, uncertainty, and risk—all the while being constantly overwhelmed with information, decisions to be made, and sheer amount of work—and enlivened by international and domestic personality and ego conflicts beyond description, try something else." The turmoil, conflicts, and egos are all there—from the upheaval in Venezuela, to the erratic and manipulative moves of North Korea's Kim Jong Un, to the showdowns at the G7 summits, the calculated warmongering by Iran, the crazy plan to bring the Taliban to Camp David, and the placating of an authoritarian China that ultimately exposed the world to its lethal lies. But this seasoned public servant also has a great eye for the Washington inside game, and his story is full of wit and wry humor about how he saw it played. When Mississippi John Hurt (1892-1966) was "rediscovered" by blues revivalists in 1963, his musicianship and recordings transformed popular notions of prewar country blues. At seventy-one he moved to Washington, D.C., from Avalon, Mississippi, and became a live-wire connection to a powerful, authentic past. His intricate and lively style made him the most sought after musician among the many talents the revival brought to light. Mississippi John Hurt provides this legendary creator's life story for the first time. Biographer Philip Ratcliffe traces Hurt's roots to the moment his mother Mary Jane McCain and his father Isom Hurt were freed from slavery. Anecdotes from Hurt's childhood and teenage years include the destiny-making moment when his mother purchased his first guitar for \$1.50 when he was only nine years old. Stories from his neighbors and friends, from both of his wives, and from his extended family round out the community picture of Avalon. US census records, Hurt's first marriage record in 1916, images of his first autographed LP record, and excerpts from personal letters written in his own hand provide treasures for fans. Ratcliffe details Hurt's musical influences and the origins of his style and repertoire. The author also relates numerous stories from the time of his success, drawing on published sources and many hours of interviews with people who knew Hurt well, including the late Jerry Ricks, Pat Sky, Stefan Grossman and Max Ochs, Dick Spottswood, and the late Mike Stewart. In addition, some of the last photographs taken of the legendary musician are featured for the first time in Mississippi John Hurt.

"My dear boy, please don't put a label on me - don't make me a category before you get to know me!" John Irving's new novel is a glorious ode to sexual difference, a poignant story of a life that no reader will be able to forget, a book that no one else could have written. Told with the panache and assurance of a master storyteller, *In One Person* takes the reader along a dizzying path: from a private school in Vermont in the 1950s to the gay bars of Madrid's Chueca district, from the Vienna State Opera to the wrestling mat at the New York Athletic Club. It takes in the ways that cross-dressing passes from one generation to the next in a family, the trouble with amateur performances of Ibsen, and what happens if you fall in love at first sight while reading *Madame Bovary* on a troop transport ship, in the middle of an Atlantic storm. For the sheer pleasure of the tale, there is no writer alive as entertaining and enthralling as John Irving at his best. But this is also a heartfelt, intimate book about one person, a novelist named William Francis Dean. By his side as he tells his own story, we follow Billy on a fifty-year journey toward himself, meeting some uniquely unconventional characters along the way. For all his long and short relationships with both men and women, Billy remains somehow alone, never quite able to fit into society's neat categories. And as Billy searches for the truth about himself, *In One Person* grows into an unforgettable call for compassion in a world marked by failures of love and failures of understanding. Utterly contemporary and topical in its themes, *In One Person* is one of John Irving's most political novels. It is a book that grapples with the mysteries of identity and the multiple tragedies of the AIDS epidemic, a book about everything that has changed in our sexual life over the last fifty years and everything that still needs to. It's also one of Irving's most sincere and human novels, a book imbued on every page with a spirit of openness that expands and challenges the reader's world. A brand new story in a grand old tradition, *In One Person* stands out as one of John Irving's finest works - and as such, one of the best and most important American books of the last four decades. John Batters was a Quaker and visionary social thinker whose printed papers are collected here for the first time. *NATIONAL BESTSELLER* *SHORTLISTED FOR THE CWA HISTORICAL DAGGER AWARD* A Globe and Mail Best Book of the Year A New York Times Editors' Choice Pick "Banville sets up and then deftly demolishes the Agatha Christie format...superbly rich and sophisticated."—New York Times Book Review The incomparable Booker Prize winner's next great crime novel—the story of a family whose secrets resurface when a parish priest is found murdered in their ancestral home Detective Inspector St. John Strafford has been summoned to County Wexford to investigate a murder. A parish priest has been found dead in Ballyglass House, the family seat of the aristocratic, secretive Osborne family. The year is 1957 and the Catholic Church rules Ireland with an iron fist. Strafford—flinty, visibly Protestant and determined to identify the murderer—faces obstruction at every turn, from the heavily accumulating snow to the culture of silence in the tight-knit community he begins to investigate. As he delves further, he learns the Osbornes are not at all what they seem. And when his own deputy goes missing, Strafford must work to unravel the ever-expanding mystery before the community's secrets, like the snowfall itself, threaten to obliterate everything. Beautifully crafted, darkly evocative and pulsing with suspense, *Snow* is "the Irish master" (New Yorker) John Banville at his page-turning best. Don't miss John Banville's next novel, *April in Spain!*
