Annotation copyrighted by Book News, Inc., Portland, OR Court of Appeal Case(s): E006792 Number of Exhibits: 1 Court of Appeal Case(s): C008786 The application of the Fourth Amendment's exclusionary rule has divided the justices of the Supreme Court for nearly a century. This book traces the rise and fall of the exclusionary rule with insight and behind-the-scenes access into the Court's thinking. This work deals with the exclusion of illicitly obtained evidence at the International Criminal Court. At the level of

domestic law, the so-called exclusionary rule has always been a very prominent topic. The reason for this is that the way a court of law deals with tainted evidence pertains to a key aspect of procedural fairness. It concerns the balancing of the right to a fair trial with the interest of society in effective law enforcement. At the international level, however, the subject has not yet been discussed in detail. The present research intends to fill this gap. It provides an overview of the approaches of a number of domestic legal systems as well as of the approaches of the UN ad hoc tribunals and the European Court of Human Rights and uses the different perspectives to develop a version of the exclusionary rule which fits the International Criminal Court. The book is highly recommended for practitioners and researchers in the field of international criminal law and especially the law of international criminal evidence. Petra Viebig is a Public Prosecutor at the Staatsanwaltschaft Hamburg, Germany. This book examines the American legal system, including a comprehensive treatment of the U.S. Supreme Court. Despite this treatment, the 'in' from the title deserves emphasis, for it extensively examines lower courts, providing separate chapters on state courts, the US District Courts, and the US Courts of Appeals. The book analyzes these courts from a legal/extralegal framework, drawing different conclusions about the relative influence of each based on institutional structures and empirical evidence. The book is also tied together through its attention to the relationship between lower courts and the Supreme Court. Additionally, Election 2000 litigation provides a common substantive topic linking many of the chapters. Finally, it provides extended coverage to the legal process, with separate chapters on civil procedure, evidence, and criminal procedure. Court of Appeal Case(s): C012414 Number of Exhibits: 1 Court of Appeal Case(s): E009222 Number of Exhibits: 1 Excerpt from Cases Argued and Adjudged in the Supreme Court of Pennsylvania, Vol. 1 Other witnesses were then produced on the part of plaintiffs, who proved that they had examined the lines on the ground, and found the survey accurately made, and the defendant living within it.
