this on your web

browser<http://www.amazon.com/Diego-Rodriguez/e/B00FRR00T2> Do we know, or think we know, the truth about all those mysteries which surround us? Why does our society take so much time to evolve? Do secret organizations really hold so much influence? Do you want to know the truth?1497 AD Simone Di Benedetto is abbot of the Campanile Monastery and the last Grand Master of a secret society which was founded in back in the age of Ancient Egypt. He produces a manuscript which contains all the knowledge inherited from his ancestors and hands it over, together with a set of very precise instructions, to a monk before being brutally murdered. He claims that the book hides the last remains of an ancient secret that will save us from the coming apocalypse, but whose very existence would shake up the uppermost echelons of power. Five hundred years later, James Oldrich, expert in History of Art and the future president of Columbia University, discovers an old book with

a chilling symbol on the cover. It is written in an unfathomable language, and the manner in which it has been hidden is even more baffling. With the help of Mary, a professional archaeologist, and his inseparable friend Richard, a world-renowned paleographer, he soon becomes embroiled in a thrilling adventure which will take them to the most mysterious places on Earth. A race against time begins when they discover messages hidden in the brilliant works of Michelangelo, in the walls of one of the most significant archbasilicas in Rome, and in the heart of Washington, the Masonic city par excellence. They will need all to use all their ingenuity and knowledge to solve the puzzles that have been set for them, eventually leading them to unravel the best kept secrets of the pyramids of Giza and Teotihuacan, as well as the Bermuda Triangle, Stonehenge and Chichen Itza. They must try to slot together all the pieces of the jigsaw as quickly as possible, because they are not alone in their

adventure. They must contend with two assassins on the payroll of the most influential secret organization on the planet, the members of which are the true owners of the world. They will have to hurry - the end of time is drawing ever closer.

**Camino Primitivo, Oviedo to Santiago on Spain's Original Way (Village to Village Map Guide)** Mar 26 2023

Cross the rugged Picos de Europa mountain range of Asturias to arrive to Santiago de Compostela on the Camino Primitivo, a less-traveled pilgrimage route that can be combined with the Camino del Norte (Northern Way) for a longer experience. The Village to Village Map Guide provides detailed maps and accommodations listings as well as daily stage overviews in an ultralight, minimalist format with no fluff.

*The History of the Sudarium of Oviedo* Apr 27 2023 The Oviedo Sudarium is a little known object that has been in Spain since the early seventh century. Quite apart from the debate as to whether it could be the sudarium mentioned in the gospel of John, the cloth forms part of the history of Spain and the Pilgrims Road to Santiago. Oviedo was a frequent detour on the route to Compostela, precisely so that pilgrims could visit the sudarium (or at least the ark it was kept in) and other articles that had come from Jerusalem at the time of the Persian invasion in AD 614. This book tells the detailed history of the Sudarium's movements from Jerusalem to Spain and its history within the peninsula, how it was affected by the invasion of AD 711 and how it eventually came to form part of the heritage of the city of Oviedo and the principality of Asturias. Testaments, the corpus pelagianum, the story of the possessed girl) and many texts are edited for the first time (the first critical edition of the story contained in the

group of manuscripts Valenciennes 30, Brussels II 2544 and Cambrai B 804, the first comparison of the texts in the Book of Testaments and those in the corpus pelagianum). Apart from the history of an object that is worthy of study in itself, the book sheds light on the history of the Pilgrims' Road to Santiago, and the general medieval history of Spain.

**Asturias** Mar 02 2021 Un puñado de estudiosos venidos de horizontes muy diversos: la Geografía, la Historia, la Historia del Arte, la Filología, la Sociología, la Literatura... han plasmado sus voces en páginas, esta vez de libro, a las que se asoman dibujantes, guionistas y personajes de la comicografía asturiana, con la frescura de su grafismo, el impulso de su creación e intenciones más que serias. La experiencia es singular por cuanto supone el establecimiento, por primera vez, de un diálogo intertextual explícito que alcanza a crear, desde

cada disciplina, un nuevo caldo de cultivo, una textura nueva que, a fuerza de polifonías, hace germinar otros discursos, al fin otro texto. El resultado es este volumen, peripezia de reflexiones abiertas, que se presenta con la ilusión de que al hojearlo se puedan hacer realidad los postulados que Roland Barthes formulara en "El placer del texto", y se logre, además de aprender, disfrutar leyendo.

*Sacred Blood, Sacred Image* May 04 2021 ÊThis is the story of the Sudarium of Oviedo, an ancient bloodstained cloth, believed to have covered the head of Jesus of Nazareth after his crucifixion. The author traces the known history of the linen and presents the up-to-date

conclusions of EDICES. The investigative team that has been studying the cloth since 1989, discusses the cultural significance of the crucifixion and blood in the context of first-century Jerusalem. They demonstrate the significance of the famous passage of John 20:5-7, as analyzed by some of the most important Biblical scholars of the world. The book contains twenty pages of color photographs, many of which are from EDICES. These photographs explain visually the bloodstains and wrinkles found on the cloth, how the cloth was used, its comparison with the Shroud of Turin and the historical odyssey from Jerusalem to Spain.

**Cultura oficial e ideología en la Asturias franquista** Jul 18 2022 El autor analiza en este trabajo, a través del Instituto de Estudios Asturianos, las modalidades que revistió la represión cultural durante el franquismo, así como las características generales y la periodización de la cultura oficial de este período en la región asturiana. La aparición de este libro constituye una aportación al estudio

del fenómeno histórico del franquismo alejada de las habituales elaboraciones ensayísticas o de las apasionadas descalificaciones, que en nada ayudan al esclarecimiento de este período, particularmente próximo de nuestra historia. La oportunidad de este estudio no sólo se justifica por la escasa atención que han venido despertando los estudios sobre el comportamiento ideológico del franquismo, sino que también cobra sentido en el contexto de una bibliografía regional especialmente carente de monografías sobre este período.

**Helena, Or, The Sea in Summer** Jun 24 2020

First English translation of a 1952 Spanish masterpiece by an award-winning translator, this Spanish classic evokes the childhood transition to adolescence. .."Aunt Josefina's fat white legs under the water; a child standing on a grown-up's shoulders and plunging into the waves; eating lunch on the beach, the food gritty with sand; a late afternoon swim in the delicious

water; getting changed behind the rocks, shivering in the suddenly cold wind; then walking home singing and picking sun-warm blackberries"
