(Jayne Ann Krentz, New York Times–bestselling author of *Sleep No More*). All her life, Ryan Gracey watched her perfect older sister from afar. Knowing she could never top Wendy’s achievements, she didn’t even try. Instead Ryan forged her own path while her family barely seemed to notice. Now Wendy shares two little girls with her perfect husband, while Ryan mourns the man she lost after a nearly fatal mistake in judgment. The sisters’ choices have taken them in different directions, which is why Ryan is stunned when Wendy calls, begging for her help. There’s been a murder—and Wendy believes she’ll be wrongfully accused. While Wendy lies low, Ryan moves back to their hometown to care for the nieces she hardly knows. Using the sleuthing skills she developed as a true crime podcaster, Ryan digs for answers with the help of an unexpected ally. Yet the trail of clues Wendy’s left behind leads to nothing but questions. Blood may be thicker than water, but what does Ryan owe a sister who becomes more

Times–bestselling author of *The Dream Daughter* “Richards deftly shifts from women’s fiction into domestic suspense, but she doesn’t sacrifice the emotional acuity that her fans expect. Readers of relationship-focused domestic-suspense authors such as Lisa Jewell will enjoy Richards’ pivot into the genre.”

**Cities of Strangers** Feb 01 2021 Explores how medieval towns and cities received newcomers, and the process by which these 'strangers' became 'neighbours' between 1000 and 1500.

**Strangers** Sep 08 2021 “The plot twists ingeniously...an engaging, often chilling book.”—The New York Times Book Review A writer in California. A doctor in Boston. A motel

owner and his employee in Nevada. A priest in Chicago. A robber in New York. A little girl in Las Vegas. They're a handful of people from across the country, living through eerie variations of the same nightmare. A dark memory is calling out to them. And soon they will be drawn together, deep in the heart of a sprawling desert, where the terrifying truth awaits...

The Kindness of Strangers Oct 09 2021 A memoir about showbiz in the early 20th century that travels from the theaters of Vienna, Prague, and Berlin, to Hollywood during the golden age, complete with encounters with Franz Kafka, Albert Einstein, and Greta Garbo along the way. Salka Viertel's autobiography tells of a brilliant, creative, and well-connected woman's pilgrimage through the darkest years of the twentieth century, a journey that would take her from a remote province of the Austro-Hungarian Empire to Hollywood. *The Kindness of Strangers* is, to quote the New Yorker writer S. N.

Behrman, "a very rich book. It provides a panorama of the dissolving civilizations of the twentieth century. In all of them the author lived at the apex of their culture and artistic aristocracies. Her childhood . . . is an entrancing idyll. In Berlin, in Prague, in Vienna, there appears Karl Kraus, Kafka, Rilke, Robert Musil, Schoenberg, Einstein, Alban Berg. There is the suffering and disruption of the First World War and the suffering and agony after it, which is described with such intimacy and vividness that you endure these terrible years with the author. Then comes the migration to Hollywood, where Salka's house on Mayberry Road becomes a kind of Pantheon for the gathered artists, musicians, and writers. It seems to me that no one has ever described Hollywood and the life of writers there with such verve."

*Strangers Drowning* Aug 27 2020 What does it mean to devote yourself wholly to helping others? In *Strangers Drowning*, Larissa MacFarquhar seeks out people living lives of

extreme ethical commitment and tells their deeply intimate stories; their stubborn integrity and their compromises; their bravery and their recklessness; their joys and defeats and wrenching dilemmas. A couple adopts two children in distress. But then they think: If they can change two lives, why not four? Or ten? They adopt twenty. But how do they weigh the needs of unknown children in distress against the needs of the children they already have? Another couple founds a leprosy colony in the wilderness in India, living in huts with no walls, knowing that their two small children may contract leprosy or be eaten by panthers. The children survive. But what if they hadn't? How would their parents' risk have been judged? A woman believes that if she spends money on herself, rather than donate it to buy life-saving medicine, then she's responsible for the deaths that result. She lives on a fraction of her income, but wonders: when is compromise self-indulgence and when is it essential? We honor

such generosity and high ideals; but when we call people do-gooders there is skepticism in it, even hostility. Why do moral people make us uneasy? Between her stories, MacFarquhar threads a lively history of the literature, philosophy, social science, and self-help that have contributed to a deep suspicion of do-gooders in Western culture. Through its sympathetic and beautifully vivid storytelling, *Strangers Drowning* confronts us with fundamental questions about what it means to be human. In a world of strangers drowning in need, how much should we help, and how much can we help? Is it right to care for strangers even at the expense of those we are closest to? Moving and provocative, *Strangers Drowning* challenges us to think about what we value most, and why.

*Strangers to Their Courage* Jul 06 2021 In her startling new collection of poetry, Alice Derry contemplates an awkward, even taboo, subject -- the persecution and suffering of the German

population before, during, and after World War II. Sparked by her desire to capture in verse the torment of her German cousins, who had survived the horrors of war only to be separated by the division of Germany, Derry composed these poems over a quarter century, ultimately chronicling the anguish of an entire people who "deserved" their lot, a people permanently tainted by the horrifying events of the Third Reich and the Holocaust. "Before I realized that I was becoming part of a contaminated language and people, I was part of them", writes Derry in her powerful introductory essay, an eloquent discussion of racism, ethnic prejudice, and learned hatred. Indeed, Derry's intensely personal poems have an immediacy that approaches documentary. She divides the poems into two sections, the first telling the stories of her German relatives trapped behind the Iron Curtain, often from their point of view. "When I felt our first son move inside me . . . / I walked into the cold, muddy spring, / the rubbled

streets, and took my place / in the food lines". The second section ponders the distinct experiences of German Americans. By giving voice to a group that Americans and others have been given permission to hate, Derry eloquently reveals a subtle truth about blame and guilt -- in the end we are all implicated, all human suffering is a part of each of us.

### **Who Is a Stranger and What Should I Do?**

Apr 15 2022 Explains how to deal with strangers in public places, on the telephone, and in cars, emphasizing situations in which the best thing to do is run away or talk to another adult.

Strangers in Budapest Nov 10 2021 "Jessica Keener has written a gorgeous, lyrical, and sweeping novel about the tangled web of past and present. Suspenseful, perceptive, fast-paced, and ultimately restorative." —Susan Henderson, author of *Up from the Blue*  
*Budapest: gorgeous city of secrets, with ties to a shadowy, bloody past. It is to this enigmatic European capital that a young American couple,*

Annie and Will, move from Boston with their infant son shortly after the fall of the Communist regime. For Annie, it is an effort to escape the ghosts that haunt her past, and Will wants simply to seize the chance to build a new future for his family. Eight months after their move, their efforts to assimilate are thrown into turmoil when they receive a message from friends in the US asking that they check up on an elderly man, a fiercely independent Jewish American WWII veteran who helped free Hungarian Jews from a Nazi prison camp. They soon learn that the man, Edward Weiss, has come to Hungary to exact revenge on someone he is convinced seduced, married, and then murdered his daughter. Annie, unable to resist anyone's call for help, recklessly joins in the old man's plan to track down his former son-in-law and confront him, while Will, pragmatic and cautious by nature, insists they have nothing to do with Weiss and his vendetta. What Annie does not anticipate is that in helping Edward she will

become enmeshed in a dark and deadly conflict that will end in tragedy and a stunning loss of innocence. Atmospheric and surprising, *Strangers in Budapest* is, as bestselling novelist Caroline Leavitt says, a "dazzlingly original tale about home, loss, and the persistence of love." **The Second Shift** Apr 03 2021 An updated edition of a standard in its field that remains relevant more than thirty years after its original publication. Over thirty years ago, sociologist and University of California, Berkeley professor Arlie Hochschild set off a tidal wave of conversation and controversy with her bestselling book, *The Second Shift*. Hochschild's examination of life in dual-career households finds that, factoring in paid work, child care, and housework, working mothers put in one month of labor more than their spouses do every year. Updated for a workforce that is now half female, this edition cites a range of updated studies and statistics, with an afterword from Hochschild that addresses how far working mothers have

come since the book's first publication, and how much farther we all still must go.

**Strangers at Our Door** Nov 29 2020 Refugees from the violence of wars and the brutality of famished lives have knocked on other people's doors since the beginning of time. For the people behind the doors, these uninvited guests were always strangers, and strangers tend to generate fear and anxiety precisely because they are unknown. Today we find ourselves confronted with an extreme form of this historical dynamic, as our TV screens and newspapers are filled with accounts of a 'migration crisis', ostensibly overwhelming Europe and portending the collapse of our way of life. This anxious debate has given rise to a veritable 'moral panic' - a feeling of fear spreading among a large number of people that some evil threatens the well-being of society. In this short book Zygmunt Bauman analyses the origins, contours and impact of this moral panic - he dissects, in short, the present-day migration

panic. He shows how politicians have exploited fears and anxieties that have become widespread, especially among those who have already lost so much - the disinherited and the poor. But he argues that the policy of mutual separation, of building walls rather than bridges, is misguided. It may bring some short-term reassurance but it is doomed to fail in the long run. We are faced with a crisis of humanity, and the only exit from this crisis is to recognize our growing interdependence as a species and to find new ways to live together in solidarity and cooperation, amidst strangers who may hold opinions and preferences different from our own.

When Strangers Meet Dec 19 2019 Argues for the practice of talking to strangers as a way of widening one's experience of the world, addressing the transformative possibilities as well as the political and practical considerations of engaging with strangers in public.

*Strangers in Their Own Land* Feb 25 2023 In

Strangers in Their Own Land, the renowned sociologist Arlie Hochschild embarks on a thought-provoking journey from her liberal hometown of Berkeley, California, deep into Louisiana bayou country—a stronghold of the conservative right. As she gets to know people who strongly oppose many of the ideas she famously champions, Hochschild nevertheless finds common ground and quickly warms to the people she meets—among them a Tea Party activist whose town has been swallowed by a sinkhole caused by a drilling accident—people whose concerns are actually ones that all Americans share: the desire for community, the embrace of family, and hopes for their children. Strangers in Their Own Land goes beyond the commonplace liberal idea that these are people who have been duped into voting against their own interests. Instead, Hochschild finds lives ripped apart by stagnant wages, a loss of home, an elusive American dream—and political choices and views that make sense in the context

of their lives. Hochschild draws on her expert knowledge of the sociology of emotion to help us understand what it feels like to live in "red" America. Along the way she finds answers to one of the crucial questions of contemporary American politics: why do the people who would seem to benefit most from "liberal" government intervention abhor the very idea?

The Love of Strangers Jul 26 2020 How a group of Iranian students sought love and learning in Jane Austen's London In July 1815, six Iranian students arrived in London under the escort of their chaperone, Captain Joseph D'Arcy. Their mission was to master the modern sciences behind the rapid rise of Europe. Over the next four years, they lived both the low life and high life of Regency London, from being down and out after their abandonment by D'Arcy to charming their way into society and landing on the gossip pages. The Love of Strangers tells the story of their search for love and learning in Jane Austen's England. Drawing on the Persian diary

of the student Mirza Salih and the letters of his companions, Nile Green vividly describes how these adaptable Muslim migrants learned to enjoy the opera and take the waters at Bath. But there was more than frivolity to their student years in London. Burdened with acquiring the technology to defend Iran against Russia, they talked their way into the observatories, hospitals, and steam-powered factories that placed England at the forefront of the scientific revolution. All the while, Salih dreamed of becoming the first Muslim to study at Oxford. *The Love of Strangers* chronicles the frustration and fellowship of six young men abroad to open a unique window onto the transformative encounter between an Evangelical England and an Islamic Iran at the dawn of the modern age. This is that rarest of books about the Middle East and the West: a story of friendships. *Talking to Strangers* Jan 24 2023 Malcolm Gladwell, host of the podcast Revisionist History and author of the #1 New York Times bestseller

*Outliers*, offers a powerful examination of our interactions with strangers and why they often go wrong—now with a new afterword by the author. A Best Book of the Year: The Financial Times, Bloomberg, Chicago Tribune, and Detroit Free Press How did Fidel Castro fool the CIA for a generation? Why did Neville Chamberlain think he could trust Adolf Hitler? Why are campus sexual assaults on the rise? Do television sitcoms teach us something about the way we relate to one another that isn't true? *Talking to Strangers* is a classically Gladwellian intellectual adventure, a challenging and controversial excursion through history, psychology, and scandals taken straight from the news. He revisits the deceptions of Bernie Madoff, the trial of Amanda Knox, the suicide of Sylvia Plath, the Jerry Sandusky pedophilia scandal at Penn State University, and the death of Sandra Bland—throwing our understanding of these and other stories into doubt. Something is very wrong, Gladwell argues, with the tools and

strategies we use to make sense of people we don't know. And because we don't know how to talk to strangers, we are inviting conflict and misunderstanding in ways that have a profound effect on our lives and our world. In his first book since his #1 bestseller *David and Goliath*, Malcolm Gladwell has written a gripping guidebook for troubled times.

**The Land of Green Plums** Sep 27 2020 Mueller takes an unflinching look at the alienation and complexity of a rapidly changing Eastern Europe, focusing on a group of young friends in Ceaucescu's Romania.

**Strangers to Ourselves** Aug 07 2021 One of the top ten books of the year at The New York Times Book Review, The Wall Street Journal, Vulture/New York magazine A best book of the year at Los Angeles Times, Time, NPR, The Washington Post, Bookforum, The New Yorker, Vogue, Kirkus The acclaimed, award-winning New Yorker writer Rachel Aviv offers a groundbreaking exploration of mental illness

and the mind, and illuminates the startling connections between diagnosis and identity. *Strangers to Ourselves* poses fundamental questions about how we understand ourselves in periods of crisis and distress. Drawing on deep, original reporting as well as unpublished journals and memoirs, Rachel Aviv writes about people who have come up against the limits of psychiatric explanations for who they are. She follows an Indian woman celebrated as a saint who lives in healing temples in Kerala; an incarcerated mother vying for her children's forgiveness after recovering from psychosis; a man who devotes his life to seeking revenge upon his psychoanalysts; and an affluent young woman who, after a decade of defining herself through her diagnosis, decides to go off her meds because she doesn't know who she is without them. Animated by a profound sense of empathy, Aviv's gripping exploration is refracted through her own account of living in a hospital ward at the age of six and meeting a fellow

patient with whom her life runs parallel—until it no longer does. Aviv asks how the stories we tell about mental disorders shape their course in our lives—and our identities, too. Challenging the way we understand and talk about illness, her account is a testament to the porousness and resilience of the mind.

**The Book of Strangers** Oct 29 2020 Sometime in the future the head librarian at a great center of learning suddenly disappears, leaving behind a journal that describes his weariness with a world "where people teach but know nothing, where the sentences flow on endlessly but lead nowhere." His successor in the post becomes more and more intrigued by the vanished man's fate, until a series of mysterious clues lead him on a journey both inward and outward, to a world that begins where language ends. Within a matter of weeks he finds himself in the company of powerful dervishes, God-intoxicated nomads whose eyes blaze with love, and ragged beggars with the smile of the Pure One. These men, the

followers of an enlightened Shaykh, speak little, but simply to be in their company fills him with ecstasy and knowledge.

*Killing Time with Strangers* Jun 05 2021 Young Pal needs help with his dreaming. Palimony Blue Larue, a mixblood growing up in a small California town, suffers from a painful shyness and wants more than anything to be liked. That's why Mary Blue, his Nez Perce mother, has dreamed the weyekin, the spirit guide, to help her bring into the world the one lasting love her son needs to overcome the diffidence that runs so deep in his blood. The magical (and not totally competent) weyekin pops in and out of Pal's life at the most unexpected times—and in the most unlikely guises—but seems to have difficulty setting him on the right path. Is there any hope for Palimony Blue? Don't ask his father, La Vent Larue; La Vent is past hope, past help, a city zoning planner and a pawn in the mayor's development plans who ends up crazy and in jail after he shoots the mayor in the—well, never

mind. Better to ask Pal's mother, who summons the weyekin when she isn't working on a cradle board for Pal and his inevitable bride. And while you're at it, ask the women in Pal's life: Sally the preacher's daughter, Brandy the waitressing flautist, Tara the spoiled socialite. And be sure to ask Amanda, if you can catch her. If you can dream her. Using comic vision to address serious concerns of living, Penn has written a freewheeling novel that will surpass most readers' expectations of "ethnic fiction." Instead of the usual polemics, it's marked by a sense of humor and a playfulness of language that springs directly from Native American oral tradition. What more can be said about a book that has to be read to the end in order to get to the beginning? That Killing Time with Strangers is unlike any novel you have read before? Or perhaps that it is agonizingly familiar, giving us glimpses of a young man finding his precarious way in life? But when the power of dreaming is unleashed, time becomes negotiable and life's

joys and sorrows go up for grabs. And as sure as yellow butterflies will morph into Post-It notes, you will know you have experienced a new and utterly captivating way of looking at the world. **All These Beautiful Strangers** Apr 22 2020 "This is going to be big." -Entertainment Weekly "Juicy, clever, and beguiling." -Cecily von Ziegsar, author of the Gossip Girl novels A young woman haunted by a family tragedy is caught up in a dangerous web of lies and deception involving a secret society in this highly charged, addictive psychological thriller that combines the dishy gamesmanship of Gossip Girl with the murky atmosphere of The Secret History. One summer day, Grace Fairchild, the beautiful young wife of real estate mogul Alistair Calloway, vanished from the family's lake house without a trace, leaving behind her seven-year old daughter, Charlie, and a slew of unanswered questions. Years later, seventeen-year-old Charlie still struggles with the dark legacy of her family name and the mystery surrounding her

mother. Determined to finally let go of the past, she throws herself into life at Knollwood, the prestigious New England school she attends. Charlie quickly becomes friends with Knollwood's "it" crowd. Charlie has also been tapped by the A's—the school's elite secret society well known for terrorizing the faculty, administration, and their enemies. To become a member of the A's, Charlie must play The Game, a semester-long, diabolical high-stakes scavenger hunt that will jeopardize her friendships, her reputation, even her place at Knollwood. As the dark events of past and present converge, Charlie begins to fear that she may not survive the terrible truth about her family, her school, and her own life.

**The Uyghurs** Dec 23 2022 "The Uyghurs is an original and significant contribution to the study of ethnic relations within the People's Republic of China. Very few foreign scholars have been able to study Xinjiang in such detail. Gardner Bovingdon's thoughtful discussion and

comprehensive coverage make this must reading for anyone interested in contemporary China."- Peter C. Perdue, Yale University, author of *China Marches West: The Qing Conquest of Central Eurasia* "The Uyghurs is a depth cast study of the failure of the Chinese government to integrate the Uyghurs, one of China's fifty-six nationalities, into the so-called great family of the nation. The book offers a unique perspective to understand the difficult and on-going process of Chinese nation-state building efforts. It is a must read for anyone who is interested in China's nationality issues and the rise of ethnic nationalism in the post-Cold War world."- Suishen Zhao, University of Denver, author *A Nation-State by Construction: Dynamics of Modern Chinese Nationalism* "Gardner Bovingdon brings to this project fluency in both Uyghur and Chinese languages, a deep knowledge of Han and Uyghur society and the PRC political system, and a comparative perspective enriched by wide reading in social

science literature on identity and nationalism. Though he focuses on political questions, Bovingdon displays a humanist's concern for his subjects as individuals and eschews social science jargon for elegantly turned phrases that crystallize the issues in a memorable way."- James Millward, Georgetown University, author of Eurasian Crossroads: A History of Xinjiang

For more than half a century, many Uyghurs, members of a Muslim minority in northwestern China, have sought to achieve greater autonomy or outright independence. Yet the Chinese government has consistently resisted these efforts, countering with repression and a sophisticated strategy of state-sanctioned propaganda that emphasizes interethnic harmony and Chinese nationalism. After decades of struggle, Uyghurs remain passionate about establishing and expanding their power within government, and China's leaders continue to push back, refusing to concede any physical or political ground. Beginning with the history of

Xinjiang and its unique population of Chinese Muslims, Gardner Bovingdon follows fifty years of Uyghur discontent, particularly the development of individual and collective acts of resistance since 1949, as well as the role of various transnational organizations in cultivating dissent. Bovingdon's work provides fresh insight into the practices of nation building and nation challenging, not only in relation to Xinjiang but also in reference to other regions of conflict. His work highlights the influence of international institutions on growing regional autonomy and underscores the role of representation in nationalist politics, as well as the local, regional, and global implications of the "war on terror" on antistate movements. While both the Chinese state and foreign analysts have portrayed Uyghur activists as Muslim terrorists, situating them within global terrorist networks, Bovingdon argues that these assumptions are flawed, drawing a clear line between Islamist ideology and Uyghur nationhood.

**The Presidency of Barack Obama** Mar 02 2021 An original and engaging account of the Obama years from a group of leading political historians Barack Obama's election as the first African American president seemed to usher in a new era, and he took office in 2009 with great expectations. But by his second term, Republicans controlled Congress, and, after the 2016 presidential election, Obama's legacy and the health of the Democratic Party itself appeared in doubt. In *The Presidency of Barack Obama*, Julian Zelizer gathers leading American

historians to put President Obama and his administration into political and historical context. These writers offer strikingly original assessments of the big issues that shaped the Obama years, including the conservative backlash, race, the financial crisis, health care, crime, drugs, counterterrorism, Iraq and Afghanistan, the environment, immigration, education, gay rights, and urban policy. Together, these essays suggest that Obama's central paradox is that, despite effective policymaking, he failed to receive credit for his many achievements and wasn't a party builder. Provocatively, they ask why Obama didn't unite Democrats and progressive activists to fight the conservative counter-tide as it grew stronger. Engaging and deeply informed, *The Presidency of Barack Obama* is a must-read for anyone who wants to better understand Obama and the uncertain aftermath of his presidency. Contributors include Sarah Coleman, Jacob Dlamini, Gary Gerstle, Risa Goluboff, Meg

Jacobs, Peniel Joseph, Michael Kazin, Matthew Lassiter, Kathryn Olmsted, Eric Rauchway, Richard Schragger, Paul Starr, Timothy Stewart-Winter, Thomas Sugrue, Jeremi Suri, Julian Zelizer, and Jonathan Zimmerman. *Strangers in Their Own Land* Mar 26 2023 The National Book Award Finalist and New York Times bestseller that became a guide and balm for a country struggling to understand the election of Donald Trump "A generous but disconcerting look at the Tea Party. . . . This is a smart, respectful and compelling book." —Jason DeParle, *The New York Times Book Review* When Donald Trump won the 2016 presidential election, a bewildered nation turned to *Strangers in Their Own Land* to understand what Trump voters were thinking when they cast their ballots. Arlie Hochschild, one of the most influential sociologists of her generation, had spent the preceding five years immersed in the community around Lake Charles, Louisiana, a Tea Party stronghold. As Jedediah Purdy put it in

the New Republic, "Hochschild is fascinated by how people make sense of their lives. . . . [Her] attentive, detailed portraits . . . reveal a gulf between Hochschild's 'strangers in their own land' and a new elite." Already a favorite common read book in communities and on campuses across the country and called "humble and important" by David Brooks and "masterly" by Atul Gawande, Hochschild's book has been lauded by Noam Chomsky, New Orleans mayor Mitch Landrieu, and countless others. The paperback edition features a new afterword by the author reflecting on the election of Donald Trump and the other events that have unfolded both in Louisiana and around the country since the hardcover edition was published, and also includes a readers' group guide at the back of the book.

*Strangers in Their Own Land* Oct 21 2022 "Hezel has written an authoritative and engaging narrative of [a] succession of colonial regimes, drawing upon a broad range of published and

archival sources as well as his own considerable knowledge of the region. This is a 'conventional' history, and a very good one, focused mostly on political and economic developments. Hezel demonstrates a fine understanding of the complicated relations between administrators, missionaries, traders, chiefs and commoners, in a wide range of social and historical settings." —Pacific Affairs "The tale [of *Strangers in Their Own Land*] is one of interplay between four sequential colonial regimes (Spain Germany, Japan, and the United States) and the diverse island cultures they governed. It is also a tale of relationships among islands whose inhabitants did not always see eye-to-eye and among individuals who fought private and public battles in those islands. Hezel conveys both the unity of purpose exerted by a colonial government and the subversion of that purpose by administrators, teachers, islands, and visitors.... [The] history is thoroughly supported by archival materials, first-person testimonies, and

secondary sources. Hezel acknowledges the power of the visual when he ends his book by describing the distinctive flags that now replace Spanish, German, Japanese, and American symbols of rule. the scene epitomizes a theme of the book: global political and economic forces, whether colonial or post-colonial, cannot erode the distinctiveness each island claims."—American Historical Review

*Strangers No More* Mar 22 2020 An up-to-date and comparative look at immigration in Europe, the United States, and Canada *Strangers No More* is the first book to compare immigrant

integration across key Western countries. Focusing on low-status newcomers and their children, it examines how they are making their way in four critical European countries—France, Germany, Great Britain, and the Netherlands—and, across the Atlantic, in the United States and Canada. This systematic, data-rich comparison reveals their progress and the barriers they face in an array of institutions—from labor markets and neighborhoods to educational and political systems—and considers the controversial questions of religion, race, identity, and intermarriage. Richard Alba and Nancy Foner shed new light on questions at the heart of concerns about immigration. They analyze why immigrant religion is a more significant divide in Western Europe than in the United States, where race is a more severe obstacle. They look at why, despite fears in Europe about the rise of immigrant ghettos, residential segregation is much less of a problem for immigrant minorities

there than in the United States. They explore why everywhere, growing economic inequality and the proliferation of precarious, low-wage jobs pose dilemmas for the second generation. They also evaluate perspectives often proposed to explain the success of immigrant integration in certain countries, including nationally specific models, the political economy, and the histories of Canada and the United States as settler societies. *Strangers No More* delves into issues of pivotal importance for the present and future of Western societies, where immigrants and their children form ever-larger shares of the population.

**Strangers In Their Own Land** May 24 2020 A collection of interviews of young Jews living in German and Austria.

**This Brilliant Darkness: A Book of Strangers** Aug 19 2022 A visionary work of radical empathy. Known for immersion journalism that is more immersed than most people are willing to go, and for a prose style

that is somehow both fierce and soulful, Jeff Sharlet dives deep into the darkness around us and awaiting us. This work began when his father had a heart attack; two years later, Jeff, still in his forties, had a heart attack of his own. In the grip of writerly self-doubt, Jeff turned to images, taking snapshots and posting them on Instagram, writing short, true stories that bloomed into documentary. During those two years, he spent a lot of time on the road: meeting strangers working night shifts as he drove through the mountains to see his father; exploring the life and death of Charley Keunang, a once-aspiring actor shot by the police on LA's Skid Row; documenting gay pride amidst the violent homophobia of Putin's Russia; passing time with homeless teen addicts in Dublin; and accompanying a lonely woman drifting into dementia, whose only friend was a houseplant, on shopping trips. Early readers have called this book "incantatory," the voice "prophetic," in "James Agee's tradition of looking at the reality

of American lives." Defined by insomnia and late-night driving and the companionship of other darkness-dwellers—night bakers and last-call drinkers, frightened people and frightening people, the homeless and the lost (or merely disoriented), other people on the margins—This Brilliant Darkness erases the boundaries between author, subject, and reader to ask: how do people live with suffering?

**Strangers I Know** Feb 13 2022 "Durastanti casts the universal drama of the family as the sieve through which the self—woman, artist, daughter—is filtered and known." —Ocean Vuong A work of fiction about being a stranger in your own family and life. Every family has its own mythology, but in this family none of the myths match up. Claudia's mother says she met her husband when she stopped him from jumping off a bridge. Her father says it happened when he saved her from an attempted robbery. Both parents are deaf but couldn't be more different; they can't even agree on how

they met, much less who needed saving. Into this unlikely yet somehow inevitable union, our narrator is born. She comes of age with her brother in this strange, and increasingly estranged, household split between a small village in southern Italy and New York City. Without even sign language in common - their parents have not bothered to teach them - family communications are chaotic and rife with misinterpretations, by turns hilarious and devastating. An outsider in every way, she longs for a freedom she's not even sure exists. Only books and punk rock—and a tumultuous relationship—begin to show her the way to create her own mythology, to construct her own version of the story of her life. Kinetic, formally dazzling, and spectacularly original, this book is a funny and profound portrait of an unconventional family that makes us look anew at how language shapes our understanding of ourselves.

*Strangers in the Land* Nov 22 2022 "This book

attempts a general history of the anti-foreign spirit that I have defined as nativism. It tries to show how American nativism evolved its own distinctive patterns, how it has ebbed and flowed under the pressure of successive impulses in American history, how it has fared at every social level and in every section where it left a mark, and how it has passed into action. Fundamentally, this remains a study of public opinion, but I have sought to follow the movement of opinion wherever it led, relating it to political pressures, social organization, economic changes, and intellectual interests."--from the Preface, taken from back cover.

**Before We Were Strangers** May 16 2022 From the USA TODAY bestselling author of Sweet Thing and Nowhere But Here comes a love story about a Craigslist "missed connection" post that gives two people a second chance at love fifteen years after they were separated in New York City. To the Green-eyed Lovebird: We met fifteen years ago, almost to the day, when I moved my

stuff into the NYU dorm room next to yours at Senior House. You called us fast friends. I like to think it was more. We lived on nothing but the excitement of finding ourselves through music (you were obsessed with Jeff Buckley), photography (I couldn't stop taking pictures of you), hanging out in Washington Square Park, and all the weird things we did to make money. I learned more about myself that year than any other. Yet, somehow, it all fell apart. We lost touch the summer after graduation when I went to South America to work for National Geographic. When I came back, you were gone. A part of me still wonders if I pushed you too hard after the wedding... I didn't see you again until a month ago. It was a Wednesday. You were rocking back on your heels, balancing on that thick yellow line that runs along the subway platform, waiting for the F train. I didn't know it was you until it was too late, and then you were gone. Again. You said my name; I saw it on your lips. I tried to will the train to stop, just so I

could say hello. After seeing you, all of the youthful feelings and memories came flooding back to me, and now I've spent the better part of a month wondering what your life is like. I might be totally out of my mind, but would you like to get a drink with me and catch up on the last decade and a half? M

**Intimate Strangers** Dec 31 2020 Hannah Arendt, Herbert Marcuse, Alexander

Solzhenitsyn, and Edward Said each steered major intellectual and political schools of thought in American political discourse after World War II, yet none of them was American, which proved crucial to their ways of arguing and reasoning both in and out of the American context. In an effort to convince their audiences they were American enough, these thinkers deployed deft rhetorical strategies that made their cosmopolitanism feel acceptable, inspiring radical new approaches to longstanding problems in American politics. Speaking like natives, they also exploited their foreignness to entice listeners to embrace alternative modes of thought. *Intimate Strangers* unpacks this "stranger ethos," a blend of detachment and involvement that manifested in the persona of a prophet for Solzhenitsyn, an impartial observer for Arendt, a mentor for Marcuse, and a victim for Said. Yet despite its many successes, the stranger ethos did alienate many audiences, and critics continue to dismiss these thinkers not for

their positions but because of their foreign point of view. This book encourages readers to reject this kind of critical xenophobia, throwing support behind a political discourse that accounts for the ideals of citizens and noncitizens alike.

**Strangers Either Way** Jan 20 2020 Croatia gained the world's attention during the break-up of Yugoslavia in the early 1990s. In this context its image has been overshadowed by visions of ethnic conflict and cleansing, war crimes, virulent nationalism, and occasionally even emergent regionalism. Instead of the norm, this book offers a diverse insight into Croatia in the 1990s by dealing with one of the consequences of the war: the more or less forcible migration of Croats from Serbia and their settlement in Croatia, their "ethnic homeland." This important study shows that at a time in which Croatia was perceived as a homogenized nation-in-the-making, there were tensions and ruptures within Croatian society caused by newly arrived

refugees and displaced persons from Serbia and Bosnia and Herzegovina. Refugees who, in spite of their common ethnicity with the homeland population, were treated as foreigners; indeed, as unwanted aliens.

Bobby and Mandee's Too Safe for Strangers Sep 20 2022 Most children, especially children on the autism spectrum, accept adults' friendliness at face value. Sometimes it can have tragic consequences. Written by a Deputy Sheriff, this book is credited with foiling at least 22 stranger abductions. Characters Bobby and Mandee explain stranger danger in a way that is accessible, but not frightening, for children. Read it to your child and role-play different scenarios. Create a password only you and your child know, label backpacks on the inside (so strangers won't know your name). Strangers can be men or women, old or young. Adults should not touch, give gifts to, or ask for help from children. If they do, don't keep it a secret! Tell an adult! Arm your child with the knowledge

that may save his or her life.

[Strangers in Their Own Land](#) Jan 12 2022 Harsh "racial" segregation during the Jim Crow era prevented South Carolina's Indian groups from assimilating. Due to their three-fold genetic admixture, they were labeled with such fanciful names as Red Bones, Brass Ankles, Croatans, Turks, and "not real Indians at all." For generations, South Carolina's remaining Indians struggled to avoid reduction to the oppressed social status of "Negroes." Their desperation

eventually fostered anti-Black sentiment within some of the groups, an affliction that still infects a few of the older community members. Generations have passed since the Jim Crow era. Today, the Palmetto State's Indians focus less on imagined "racial purity" and more on the welfare of their communities, preserving their customs, and honoring their ancient traditions. Much work remains to be done by and for all of the tribal groups of South Carolina. The tribes strive to convert state recognition, which now serves only as a morale booster, into a true vehicle to promote tribal educational, economic, and healthcare improvement. South Carolina's state-recognized tribes are now hard at work to accomplish this goal. "When the author has spent many years traveling to Indian communities around the Southeast and talking to Indian elders, as Pony Hill has done, he must be admired not only for his authenticity, but also for his scholarship. This book, then, is where an authentic perspective is enhanced by thorough

scholarship." -- John H. Moore, Ph.D, Anthropology Department, University of Florida. S. Pony Hill: was born in Jackson County, Florida. He holds a degree in Criminal Justice from Keiser University, Dean's List, Phi Theta Kappa Honors Society member. He was previously a contract researcher for federal recognition grants under Administration for Native Americans and for members of the United Ketowah Band, Cherokee Nation and Sumter Band of Cheraw, specializing in Southeastern Indian documentation. He is the author of "Patriot Chiefs and Loyal Braves" available online. Mr. Hill currently lives in San Antonio, Texas.
