Instructions by ancient enlightened patriarchs and masters are translated here for the first time. A classic work. The shamanic roots of Taoist practice • Explains the principles of the Taoist Medicine Wheel, including the Five Elements, the animals of the Chinese zodiac, and the trigrams of the I Ching • Includes exercises from the “Wheel of Love” to access the Tao of Ecstasy • Contains illustrated teaching stories about the Eight Immortals Thousands of years ago the immortals known as the Shining Ones shipwrecked on the Chinese coast. Passing their shamanic practices--such as ecstatic flight and how to find power animals and spirit guides--on to the indigenous people, they also taught them the wisdom of the Medicine Wheel. From the Taoist Medicine Wheel came the principles of Yin and Yang, the Five Elements, the Eight Forces, the Chinese zodiac, and the I Ching. The Taoist Medicine Wheel can also be found at the foundation of traditional Chinese medicine and the esoteric sexual practices of Taoist Alchemy. In the Taoist Shaman, Master Mantak Chia and Kris Deva North explain the shamanic principles of the Taoist Medicine Wheel, how it is oriented on the Five Elements rather than the Four Directions, how it relates to the twelve animals of the Chinese zodiac and the trigrams of the I Ching, and how it aligns with the Eight Forces of the Pakua. Through illustrated teaching stories, the authors show how the energetic principles of each of the Eight Forces are reflected in the Eight Immortals. Revealing the wheel’s application to sacred sexuality, they offer exercises from the “Wheel of Love” to strengthen and deepen relationships as well as providing a means to access the Tao of Ecstasy. A guide to the practice of Inner Alchemy, which allows you to control the energies of your inner universe to better connect with energies of the outer universe •

Teaches the essential first-level meditations in Taoist practice, also known as Fusion of the Five Forces, for self-healing and emotional and spiritual development • Shows step-by-step how to remove negative emotions from the organs in which they are lodged by neutralizing and transforming the negativity back into positive energy • Includes basic and advanced-level meditations Fusion of the Five Elements is the necessary first step in the Taoist practice of Inner Alchemy, in which one learns to control the generation and flow of emotional, mental, and physical energies within the body. It is a series of meditations designed to locate and dissolve negative energies trapped inside the body by making a connection between the five outer senses (experienced through the ears, eyes, nose, mouth, and tongue) and the five major negative emotions (anger, hate, worry, sadness, and fear). When the body is cleared of negative energy, universal chi energy flows freely and productively, nourishing both body and soul. The practice is divided into two parts. The first works with controlling the forces of the five elements on the five major organs of the body by learning the elements' effects upon each other and how to balance and utilize these energies properly. The advanced Fusion exercises then show how to channel the greater energies of the stars and planets to strengthen internal weaknesses and crystallize positive energy. By "fusing" all the different kinds of energy together, a harmonious whole is created--the key to manifesting an Immortal existence. Taoist techniques for replenishing our internal energy with universal cosmic energy • Shows how to transform excess sexual energy (Ching Chi) into self-healing energy • Presents advanced Cosmic Healing Chi Kung practices, which gather the limitless resources of Cosmic Chi for healing • Explains how opening of the three tan tiens to the six directions allows personal consciousness to connect directly to higher sources of energy Taoists consider our sexual energy to be the creative force that we can use to regenerate the body's internal energy, but we

must learn how to harness excess sexual energy and transform it into chi, or life-force energy. When we circulate the sexual energy in the Microcosmic Orbit--a continuous energy loop that runs up the spine and down the front of the body--we transform it into self-healing energy that can be stored in the organs and the three tan tiens: energy centers in the brain, the heart center, and the lower abdomen. The Alchemy of Sexual Energy builds upon Microcosmic Orbit practices discussed in Healing Light of the Tao. The more we open the flow of our internal energy the more capable we are of connecting to the cosmic energy that exists outside ourselves in the universe. By learning to open the three tan tiens to the six directions, the Taoist practitioner combines mind power with extension of chi to draw cosmic energy into the body. This energy, too, can be stored in the three tan tiens and used as needed for healing. When we learn to flow in this way with the energy of the Tao, life ceases to be a struggle. Dr. Luvelle Brown has shifted the hearts and minds of our community to accept new ideas in public education through his inspirational leadership. He is a visionary leader who effects positive change in our children's lives. He possesses all the essential leadership gifts and readily displays them in this thought-provoking work. A Culture of Love speaks to the leadership gift of empowerment-enabling others to feel the difference. And, it profoundly speaks to the gift of love-care and compassion lending to a sense of significance, finding meaning in contribution. Explores the deep, internal work necessary for the effective practice of tai chi • Reveals the Taoist principles that gave birth to the Yang-style tai chi forms • Shows how tai chi can circulate powerful healing energies through the body Taoist adepts developed tai chi as both a martial art and a way to cultivate their physical body, energy body, and spirit body. Like all Taoist exercises, its main purpose is to form a connection to the basic energy that is the foundation of all life: chi. Until the beginning of the twentieth century, tai chi was considered a secret practice that was passed down only within a

closely knit structure of family and loyal disciples. Despite its widespread growth in popularity as a martial art and health exercise, many of its underlying internal practices remain unknown. The Inner Structure of Tai Chi explores the deep, internal work necessary for the effective practice of tai chi. Designed for practitioners at every level, the book contains step-by-step illustrated instructions for mastering the 13 forms of early Yang-style tai chi, also known as Tai Chi Chi Kung. The authors demonstrate the relationship of the inner structure of tai chi to the absorption, transformation, and circulation of the three forces that animate all life--the Universal force, the Cosmic force, and the Earth force--revealing the principles and practices necessary to receive the full spectrum of physical, psychological, and spiritual benefits that tai chi can bring. The bestselling, widely heralded, Jungian introduction to the psychological foundation of a mature, authentic, and revitalized masculinity. Redefining age-old concepts of masculinity, Jungian analysts Robert Moore and Douglas Gillette make the argument that mature masculinity is not abusive or domineering, but generative, creative, and empowering of the self and others. Moore and Gillette clearly define the four mature male archetypes that stand out through myth and literature across history: the king (the energy of just and creative ordering), the warrior (the energy of aggressive but nonviolent action), the magician (the energy of initiation and transformation), and the lover (the energy that connects one to others and the world), as well as the four immature patterns that interfere with masculine potential (divine child, oedipal child, trickster and hero). King, Warrior, Magician, Lover is an exploratory journey that will help men and women reimagine and deepen their understanding of the masculine psyche. A fully illustrated guide to abdominal massage for improved cardiovascular health, organ detoxification, and enhanced vital energy • Includes fully illustrated massage instructions to open restricted blood vessels, direct blood flow for healing, balancing blood pressure, and detoxifying

organs • Details specific massage treatments for many common ailments such as lower back pain, sciatica, asthma, headaches, and reproductive issues • Explains the ancient art of reading pulses to diagnose organ health • Reveals how blood acts as the vehicle for our vital energy Blood and chi often flow side by side throughout the body, the blood acting as the vehicle for our vital energy. Areas of slow or congested circulation lead to blockages in the flow of vital energy and toxin accumulation in the body. The practice of Life Pulse Massage allows these blockages to be cleared, revitalizing cardiovascular function, detoxifying the organs, and restoring the flow of blood and chi throughout the body. In this fully illustrated guide to Life Pulse Massage, Master Mantak Chia details abdominal massage practices to open restricted blood vessels, direct blood flow to specific areas for healing, release arterial tension to rebalance high or low blood pressure, and detoxify individual organs and body systems such as the liver, lungs, lymph nodes, and colon. He shows how to clear and activate the master pulses of the navel and aorta and synchronize these master pulses with the 52 pulses of the whole body for optimum circulation and energy balance. He explains the ancient art of reading pulses to diagnose organ health as well as how to recognize internal health states through the unique positions and shapes of the navel. Detailing specific Life Pulse Massage treatments for many common ailments such as lower back pain, sciatica, asthma, headaches, and reproductive issues, Master Chia shows how liberating the flow of blood and chi can prevent illness before it takes hold, revitalize the organs, and set the stage for optimum health. The Tao of Love and Sex is a revealing and vivid account of the ancient Chinese sexual teachings and techniques banned by the invading Mongols in the 13th century. The book describes, through text and contemporary illustrations, the ways in which Taoist teachings about sexual love can be used as a means to achieving ecstasy and as a therapeutic and healing force. The modern Western reader can here

discover the ancient Eastern methods of ejaculation control, types of thrust, love-making positions, erotic kissing, the conquest of impotence and about sex and longevity. Frank and explicit, yet inseparable from the Taoist spiritual tradition, *The Tao of Love and Sex* will enrich the variety, subtlety and sheer sexual pleasure of all who read it. A guide to the advanced practice of Inner Alchemy, which brings the physical body into balance with the energy body • Presents the second level of Inner Alchemy practices that use the eight forces of the pakua (bagwa) to collect, gather, and condense chi in the body • Explains how to balance negative emotional energy with positive energy to detoxify, nourish, and integrate the physical and the energy body with the forces of nature • Shows how to collect and channel the greater energies of the stars and planets to create unity between what is above and below

Cosmic Fusion is an advanced level of Inner Alchemy that teaches how to bring the physical body into balance with the energy body--a necessary prerequisite for the formation of the universal body, the pearl of compassion that is one with Original Creation and the Universal Tao. Cosmic Fusion works with the expression of the eight pakua (bagwa) of Chinese cosmology, through which all creation is divided and given form, nature, and definition. Cosmic Fusion exercises establish the spiritual body firmly in the lower abdomen, where chi energy is gathered and distributed to all parts of the body--and into all creation. The fully illustrated exercises in this book also show how to collect and channel the greater energies of the stars and planets. By “fusing” all these different energies together, a harmonious whole is created, a unity of what is above and below. As heavenly and earthly forces are brought into balance, the life perfectly suited to the practitioner manifests, allowing the spirit body to prepare to move into worlds beyond--and back. An intense desire for physical sexual contact, just like any other intense and passionate desire, is potent creative energy seeking expression or outlet. That self-same creative potency projecting as

tumultuous sex drive or sexual energy can become Intellectual energy, Money energy, Political energy, Professional energy, Sports energy, Spiritual energy, or whatever type of energy you need at any point in time. Indeed, the creative powers of sex transcend procreation. Unfortunately, many men being unaware unknowingly dissipate, and thus fail to avail themselves of the innate superlative powers of their abundant sex drive; and this is one primary cause of mediocrity. Sex, the carnal root of Man's generation, can be the source of his degeneration, yet holds the key to his regeneration. When properly harnessed, the primordial powers of sex and its creative essences that initiate all earthly existence can be used to achieve anything you want. This book tells you how. A new edition of the bestseller • The first book to reveal in the West the Taoist techniques that enable women to cultivate and enhance their sexual energy • Reveals Taoist secrets for shortening menstruation, reducing cramps, and compressing more chi into the ovaries for greater sexual power • Teaches the practice of total body orgasm For thousands of years the sexual principles and techniques presented here were taught by Taoist masters in secret only to a small number of people (sworn to silence), in the royal courts and esoteric circles of China. This is the first book to make this ancient knowledge available to the West. The foundation of healing love is the cultivation, transformation, and circulation of sexual energy, known as jing. Jing energy is creative, generative energy that is vital for the development of chi (vital life-force energy) and shen (spiritual energy), which enables higher practices of spiritual development. Jing is produced in the sexual organs, and it is energy women lose continually through menstruation and child bearing. Mantak Chia teaches powerful techniques developed by Taoist masters for the conservation of jing and how it is used to revitalize women's physical, mental, and spiritual well-being. Among the many benefits conferred by these practices are a reduction in the discomfort caused by menstruation and the ability to attain full-body orgasm.

Sexual techniques and traditional Chinese medicine for increased pleasure • Reveals how to enhance relationships by harmonizing male and female energies • Includes easy-to-follow, illustrated acupuncture massage routines • Shows how to maintain sexual health with prostate massage and jade egg exercises Taught to Chinese emperors, their wives, and their concubines for thousands of years, Taoist sexual techniques help lovers harmonize their cycles of pleasure and utilize the abundance of reproductive power that is otherwise wasted in non-procreative sex. Combining the study of sex with traditional Chinese medicine, these practices stimulate and sustain sexual desire through the meridians and pressure points and enhance relationships by harmonizing male (yang) and female (yin) energies. Using easy-to-follow illustrations, Taoist Foreplay guides lovers through simple acupuncture massage routines connecting all the points and channels that increase pleasure and spark arousal. It shows how to prolong peak moments, maintain sexual health through prostate massage and jade egg exercises, and sustain the intensity of first love through all the seasons of a maturing relationship. It also explains how to reveal and overcome incompatibility with the Taoist Zodiac. From foreplay to climax, these practices offer a way to keep the flame of sexual energy alive. Energetic massage techniques that dispel negative emotions, relieve stress, and strengthen the senses, internal organs, and nervous system • Shows how Chi Massage employs one's own internal energy to promote rejuvenation • Presents Chi Massage techniques for every organ and bodily system • Provides a daily practice routine that requires only 5 to 10 minutes to complete The Western concept of massage primarily concerns muscle manipulation. In the practice of Chi Massage, internal energy, or Chi, is manipulated to strengthen and rejuvenate the sense organs--eyes, ears, nose, tongue, teeth, and skin--and the internal organs. The Taoist techniques in this practice are more than 5,000 years old and, until very recently, were closely guarded secrets passed

down from master to student with each master often knowing only a small part of the complete method. In Chi Self-Massage Master Mantak Chia pieces together the entire system of Chi Massage into a logical routine, revealing the methods used by Taoist masters to maintain their youthfulness. He explains the energetic theory behind Chi Massage and how negative emotions affect the organs and nervous system. By practicing the exercises outlined and following the daily routine that requires only 5 to 10 minutes to complete, readers can strengthen their senses--most notably vision, hearing, and taste--detoxify their internal organs and glands, help control negative emotions, relieve stress and constipation, and improve their complexion, teeth and gums, and overall stamina. ented here make the process of linking sexual energy and transcendent states of consciousness accessible to the reader. The Microcosmic Orbit showed practitioners how to establish the descending yin/feminine channel of the life-force energy loop. Within Taoist systems, cultivating feminine energy has always been seen as the key to gaining balance and wholeness. *Healing Light of the Tao* presents the more advanced methods of chi cultivation in the Microcosmic Orbit, offering a full understanding of Taoist spiritual theory through its comprehensive overview of the complete Taoist body/mind/spirit system. The book also includes more advanced meditation methods for absorbing the higher frequencies of Earth Force, Cosmic Force, and Universal Force (Heavenly chi) into the basic orbit. It establishes a spiritual science that not only emphasizes practical benefits to health, sexual vitality, and emotional balance, but also shows how changes made in the energy body can lead to physical rejuvenation that the Taoists called immortality. This

much-needed book will help schools and, by extension, society to better understand and identify the promise, potential, and possibilities of Black boys. Drawing from their wealth of experience in early childhood education, the authors present an asset- and strengths-based view of educating Black boys. This positive approach enables practitioners and school leaders to recognize, understand, and cultivate the diversity of social skills of Black boys in the early grades (pre-K-3rd grade). Each chapter begins with a vignette to illustrate what is lost when Black boys are prevented from participating freely in boyhood, having to instead attend to adult and peer interactions and attitudes that view them as “bad boys” and “troublemakers.” This accessible book provides teachers with classroom strategies to help young Black boys achieve their highest potential, along with other resources for supporting their social-emotional development, such as a reading list of authentic multicultural children’s books with Black boys as protagonists. “The Brilliance of Black Boys claims new ground to advance knowledge and practice that can change the narrative about Black boys and their early schooling.” —From the Foreword by James Earl Davis, Temple University “Wright’s uncommon insight into the world of Black boys unveils a new narrative and gives educators a formula for turning opportunity into advantage.” —Carol Brunson Day, past president, NAEYC “The Brilliance of Black Boys provides counter-stories, theories, paradigms, and resources to skillfully illustrate the strengths of Black boys. Readers will not be disappointed.” —Donna Y. Ford, Vanderbilt University “This book is a true love letter, not only to Jha's own son but also to all of our sons and to the parents--especially mothers--who raise them.” —Ijeoma Oluo, author of *So You Want to Talk About Race* and *Mediocre* Beautifully written and deeply personal, this book follows the struggles and triumphs of one single, immigrant mother of color to raise an American feminist son. From teaching consent to counteracting problematic messages from the media, well-meaning family, and

the culture at large, the author offers an empowering, imperfect feminism, brimming with honest insight and actionable advice. Informed by Jha's work as a professor of journalism specializing in social justice movements and social media, as well as by conversations with psychologists, experts, other parents and boys--and through powerful stories from her own life--How to Raise a Feminist Son shows us all how to be better feminists and better teachers of the next generation of men in this electrifying tour de force. Includes chapter takeaways, and an annotated bibliography of reading and watching recommendations for adults and children. Taoist Master Mantak Chia and William U. Wei explain how to use the energetic and physical practice of Chi Kung to not only maintain a flourishing sex life well into old age but also reduce prostate enlargement and prevent prostate gland cancer. With fully illustrated step-by-step instructions, the authors provide exercises and techniques to open the energetic pathways connected to the male reproductive organs and clear the energy blockages that lead to sexual dysfunction and illness. They explain how to perform sexual energy and prostate gland massages and detail stretching exercises and the practice of chi weight lifting--attaching weights to the penis and scrotum to enhance sexual

vigor. They explain that while these techniques are primarily preventive, they can also act to regenerate and restore function, forestalling the need for surgery in early stages of prostate disease. The authors present a routine of exercises to be practiced daily as well as guidance on supporting your practice with nutritional and herbal supplements.
