When he was younger, he struggled with anxiety and other mental health issues, as do so many others in rural communities. A simple social media post helped him to turn things around. After he shared a photo on Instagram showing himself naked in a truck full of lentils, he received a huge response, with other farmers wanting to share their own photos - and their stories. As the Naked Farmer movement grew, Ben met people from all around the country who wanted to get naked for mental health. As they got their kits off, they also opened up about their struggles. This is a heartwarming, moving and candid collection of stories of the challenges our farmers are facing, and the way these communities are banding together in response. As you travel Africa, you will find the way of ubuntu - the universal bond that connects all of humanity as one. At the age of twenty-eight, while sitting in a friend's backyard in the remote mining township of Jabiru, Heather Ellis has a light-bulb moment: she is going to ride a motorcycle across Africa. The idea just feels right - no matter that she's never done any long-distance motorcycle travelling before, and has never even set foot on the African continent. Twelve months later, Heather unloads her Yamaha TT600 at the docks in Durban, South Africa, and her adventure begins. Her travels take her to the dizzying heights of Mt Kilimanjaro and the Rwenzori Mountains, to the deserts of northern Kenya where she is befriended by armed bandits and rescued by Turkana fishermen, to a stand-off with four Ugandan men intent on harm, and to a voyage on a 'floating village' on the mighty Zaire River. Everywhere she goes Heather is aided by locals and travellers alike, who take her into their homes and hearts, helping her to truly understand the spirit of ubuntu - a Bantu word meaning 'I am because you are'. Ubuntu is the extraordinary story of a young woman who, alone and against all odds, rode a motorcycle to some of the world's most remote, beautiful and dangerous places. This best-selling book is also "#1 book in motorcycle safety" (Nielsen BookScan) and essential reading for all motorcyclists regardless of their years of experience. Author David

L. Hough, a revered motorcycle author, columnist, and riding-safety consultant, lays out a clear course for all riders who want to sharpen their handling skills and improve their rides. This second edition, expanded and now in full color, offers new riders and road warriors the exact kind of advice they need to be prepared for anything when on the road, how to avoid accidents, and how to handle the unexpected. Hough, who began motorcycling in the 1960s, tackles every imaginable topic—from the mechanics of the bike, selection of the right-sized bike, and basic riding skills to night riding, group outings, and advanced survival tactics. In the chapter called “Motorcycle Dynamics,” Hough spells out the equipment needed and basic skills required to control a bike, and specifically keeping the rider’s safety and ability to avoid potentially injurious or fatal crashes. The author is outspoken and direct when it comes to safety, and he emphasizes the importance of the rider’s braking abilities and spells out how to improve them. The chapter offers six tried-and-true techniques for quick-stop tactics, critical for every rider to understand and master. He also addresses other vital skills that riders need to evaluate and improve, such as turning, maintaining balance and stability, and steering. He defines, compares, and analyzes the ins and outs of steering and control: direct steering, countersteering, push steering, out-tracking, coning, u-turns, and directional control. The chapter called “Cornering Habits” is a virtual master class in acceleration, deceleration, use of weight, throttle, leaning, and handling challenging terrain. Hough’s skill as a photographer and illustrator adds a graphic element to his books that leads to immediate understanding of the concepts he explains. The detail offered in each section of the book can only come from decades on the road, and the author is the consummate instructor, assigning homework to the readers in the form of exercises to practice and improve specific techniques that he outlines and illustrates in the text. Any rider who would venture out on the road without David Hough’s voice in his head takes an unnecessary risk with his own life. Proficient Motorcycling takes riders from long, snaking country roads right into the traffic of the big city, and Hough offers the best advice for riders dealing with the most challenging conditions, whether it’s road construction, snap-jawed intersections, skateboarders, or suddenly slippery road surfaces. A critical section of the book offers riders advice on how to deal with automobiles, including aggressive car drivers, oblivious SUV drivers, or “blind” truck drivers. The book offers the kind of first-hand experience that can literally save riders’ lives, as illustrated in the chapters “Booby Traps” and “Special Situations,” which offer evasive tactics and advice to avoid and handle everything from slick surfaces, curbs, and construction plates to ferocious dogs, hazardous wildlife, and difficult weather conditions. The final chapter of the book, “Sharing the Ride,” is geared toward experienced riders who travel together in groups or who travel with a second passenger on the bike. Topics covered are formation, packing for trips, communication between riders, sidecars, trikes, and more. The book concludes with a resources section of organizations, training schools, educational tools, and websites; a glossary of 80+ terms; and a complete index.

English summary: The responsibilities of the parliaments of the EU Member States in the course of the European integration process are of unique significance. As a consequence, they constitute a new parliamentary function, which Martina Mayer terms the European function. The author studies this function in regard to its purpose, content and practical enforcement in the national parliaments of the EU Member States of Denmark, Germany, France, Austria and Great Britain. German description: Der Vertrag von Lissabon hat die Parlamente der EU-Mitgliedstaaten und ihre Rolle im europäischen Integrationsprozess ins Zentrum des Interesses gerückt: Welche europäischen Aufgaben kommen den nationalen Parlamenten zu? Wie nehmen die Volksvertretungen diese Pflichten wahr? Martina Mayer geht diesen Fragen nach und definiert die europäischen Aufgaben der nationalen Parlamente aufgrund ihrer Bedeutung und Einzigartigkeit als eine neue Parlamentsfunktion: die Europafunktion. Die Autorin untersucht die Europafunktion im Hinblick auf Zielsetzung, Inhalt und praktische Umsetzung in den nationalen Parlamenten der EU-Mitgliedstaaten Danemark, Deutschland, Frankreich, Österreich und Grossbritannien. Im Rahmen einer rechtsvergleichenden Betrachtung macht sie das parteienstaatlich überformte parlamentarische Regierungssystem und die mangelnde Akzeptanz der Europafunktion durch die Parlamentarier als Hauptursachen für die derzeit nicht adäquate Erfüllung der europäischen Aufgaben durch die nationalen Parlamente aus. Through breakdowns, prison, war, revolutions, disasters and a Californian commune, he travelled into the depths of fear and reached the heights of euphoria. He met astonishing people and was treated as a spy, a welcome stranger and even a god. For Simon the trip became a journey into his own soul, and for many others - including bikers Charley Boorman and Ewan McGregor - it provides an inspiration they will never forget. This classic text, which has informed a whole genre of travel writing in the thirty years since it was first published, will never be bettered for sheer adventure, passion, humour and honesty. Brought up in England by a German mother and a Romanian father, Ted Simon found himself impelled by an insatiable desire to explore the world. It led him to abandon an early scientific career in favour of journalism, and he has worked for several newspapers and magazines on Fleet Street and elsewhere. Ted Simon is also the author of Riding Home and The Gypsy in Me.
