Commentary on the Ten Maxims of Sahaj Marg Jan 01 2021 In this book, Ram Chandra has endeavoured to put into words those spiritual secrets that had previously been passed down from spiritual teacher to student silently through vibrations – from heart to heart. They relate to direct perception, to the study of Nature. Instead of focusing on what not to do, he shows us what we can do to mould our lifestyle to be in tune with our spiritual journey. The ten guiding principles are beautifully designed to follow the natural cycle of the day, starting with rising and meditating before dawn and finishing with the practices to be done just before sleeping at night. In between, he focuses on the principles that help us to meet the challenges of daily lives: being in tune with Nature, being authentic, accepting what comes, letting go of negative emotions and guilt, nurturing human oneness and unity in diversity, cultivating positive attitudes towards resources like food and money, and changing behavioural patterns that are limiting. If practised, these Maxims are ten steps to eternal peace and fulfilment in life.

The Ash??dhy?y? of P??ini Mar 03 2021 Panini's Ashtadhyayi represents the first attempt in the history of the world to describe and analyse the components of a language on scientific lines. It has not only been universally acclaimed as the first and foremost specimen of Descriptive Grammar but has also been the chief source of inspiration for the linguist engaged in describing languages of different regions. To understand Sanskrit language, and especially that part of it which embodies the highest aspirations of ancient Aryan people, viz., the Brahmanas, Samhitas, Upanisads, it is absolutely necessary to have a complete knowledge of the grammar elaborated by Panini. Being a masterpiece of reasoning and artistic arrangement its study is bound to cultivate intellectual powers. Western scholars have described it as a wonderful specimen or a notable manifestation of Indian intelligence. This book is an English translation of Ashtadhyayi in two volumes and has won a unique position in the world of scholarship.

Rabindranath Tagore Nov 23 2022 This collection provides a lucid introduction for those unfamiliar with Tagore's work, while simultaneously presenting importnat new scholarship and novel interpretation. Rabindranath Tagore is considered the greatest modern writer of India. He is also one of the great social and political figures in modern Indian history. After he received the Nobel Prize for literature in 1913, Tagore's reputation in the West has been based primarily on his mystical poetry. But beyond poetry, Tagore wrote novels of social realism, treating nationalism, religious intolerance, and violence. He wrote analytic works on social reform, education, and science- even engaging in a brief dialogue with Albert Einstein. Without ignoring religion and mysticism, the essays in this collection

concentrate on this other Tagore. They explicate Tagore's writings in relation to its historical and literary context and, at the same time, draw out those aspects of Tagore's work that continue to bear on contemporary society.

Sahaj Marg Philosophy Nov 11 2021 Sahaj Marg Philosophy is a compilation of Ram Chandra's writings on philosophy as an intuitive science which underlies the practices of Sahaj Marg. He explains the nature of real peace, the heart as the field of the mind, prayer as our link with the Source, and the importance of having a teacher of calibre. He expands on both the roles of the student and teacher throughout the spiritual journey and especially the role of the teacher in transmitting Pranahuti – Yogic Transmission. Sahaj Marg Philosophy has come from the source of his personal experience and superconscious awareness in the realm of Reality and beyond. Having himself journeyed to the Source, he presents philosophy from direct perception and, in this respect, it is akin to the great sacred texts of the past.

The Heartfulness Way Jun 18 2022 “A must-read for anyone interested in incorporating meditation into their lifestyle.” —Sanjay Gupta, MD, chief medical correspondent for CNN Heartfulness is an ideal, a spiritual way of living by and from the heart that is inclusive of all ideologies, beliefs, and religions. In this heart-centered book, a student in conversation with his teacher, Kamlesh D. Patel—affectionately known as Daaji, the fourth and current spiritual guide of the century-old Heartfulness tradition—present a unique method of meditation with the power to facilitate an immediate, tangible spiritual experience, irrespective of a person's faith. Our modern, fast-paced world can be an overwhelming place. Every day, we're bombarded with messages telling us that in order to be happy, fulfilled, and worthy, we must be better, do more, and accumulate as much material wealth as possible. Most of us move through our busy lives with our minds full of these ideas, multitasking as we strive to navigate the responsibilities and expectations we must meet just to make it through the day. But what if there is another way? What if, rather than letting the busyness of life overtake our minds, we learn to be heartfelt instead? Based on Daaji's own combination of approaches and practices for the modern seeker—which draws from the teachings of Sahaj Marg, meaning “Natural Path”—Heartfulness is a contemporized version of the ancient Indian practice of Raja Yoga, a tradition that enables the practitioner to realize the higher Self within. While many books describe refined states of being, The Heartfulness Way goes further, providing a pragmatic course to experience those states for oneself, which, per the book's guiding principle, is “greater than knowledge.” Heartfulness meditation consists of four elements—relaxation, meditation, cleaning, and prayer—and illuminates the ancient, defining feature of yogic transmission (or pranahuti), the utilization of divine energy for spiritual growth and transformation. Using the method, detailed practices, tips, and practical philosophy offered in this book, you'll reach new levels of attainment and learn to live a life more deeply connected to the values of the Heartfulness way—with acceptance, humility, compassion, empathy, and love.

Rabindranath Tagore's Journey as an Educator Aug 20 2022 This book looks at Rabindranath Tagore's, experiments and journey as an educator and the influence of humanistic worldviews, nationalism and cosmopolitanism in his philosophy of education. It juxtaposes the educational systems and institutions set up by the British colonial administration with Tagore's pedagogical vision and schools in Santiniketan, West Bengal—Brahmacharya Asram (1901), Visva-Bharati University (1921) and Sriniketan Institute of Village Reconstruction (1922). An educational pioneer and a poet-teacher, Tagore combined nature and culture, tradition and modernity, East and West, in formulating his educational methodology. The essays in this volume analyse the relevance of his theories and practice

in encouraging greater cultural exchange and the dissolution of the walls between classrooms and communities. This book will be useful for scholars and researchers of education, Tagore studies, literature, cultural studies, sociology of education, South Asian studies and colonial and postcolonial studies.

Making Imperial Mentalities Jan 13 2022 This book discusses the way in which those born into the British empire were persuaded to accept it, often with enthusiasm. The study compares the perceptions of people at 'home', in the dominions and in the colonies. Across the diversity of imperial territories it explores themes such as the diverse nature of political socialisation, the various agents and agencies of persuasion, reaction to the 'experience of dominance' by dominant and dominated, the paradoxical impact of the missionary and the subversive role of some women. It also considers the significant issues of colonial adaptation, resistance and rejection, and the post-imperial consequences of imperialism.

Towards Infinity Feb 02 2021 *Towards Infinity* is Ram Chandra's seminal work on the chakras of the human system and the soul's journey back to the Source. Its implications are far-reaching – for the first time in thousands of years he sheds new light on human spiritual anatomy by going beyond the seven traditional chakras. The author does not discuss the lower chakras, instead, he starts with the heart and its qualities of love, compassion, courage and empathy as the centre of our humanity. He guides us through the experience of thirteen chakras, from the heart up to the final chakra at the back of the head. He describes the level of consciousness at each chakra and reveals the way to expand our consciousness to embrace each new stage along the way. *Towards Infinity* is a map of the journey to the ultimate destination, which sincere seekers of spirituality can then experience through their own practice with the support of Yogic Transmission.

Reality at Dawn Feb 14 2022 *Reality at Dawn* Is one of the greatest yogic texts of the modern era. Written in the 1940s by Ram Chandra of Shahjahanpur, known as Babuji, it lights the path for seekers to explore Realisation and further onwards to the Centre of existence itself. Babuji writes in simple language, unravelling the most profound principles and wisdom, and it is from this deep wisdom that the practices of Heartfulness emerged. "Babuji has laid out the practical steps to reach the highest spiritual state available to human beings. He has also made this possibility available to all, no matter their current level of attainment, culture, education or background. In doing so, he has demystified spirituality and given it to the people."

The Trials of Harry S. Truman Nov 30 2020 Jeffrey Frank, author of the bestselling *Ike and Dick*, returns with the first full account of the Truman presidency in nearly thirty years, recounting how so ordinary a man met the extraordinary challenge of leading America through the pivotal years of the mid-20th century. The nearly eight years of Harry Truman's presidency—among the most turbulent in American history—were marked by victory in the wars against Germany and Japan; the first use of an atomic weapon; the beginning of the Cold War; creation of the NATO alliance; the founding of the United Nations; the Marshall Plan to rebuild the wreckage of postwar Europe; the Red Scare; and the fateful decision to commit troops to fight in Korea. Historians have tended to portray Truman as stolid and decisive, with a homespun manner, but the man who emerges in *The Trials of Harry S. Truman* is complex and surprising. He believed that the point of public service was to improve the lives of one's fellow citizens, and was disturbed by the brutal treatment of African Americans. Yet while he supported stronger civil rights laws, he never quite relinquished the deep-rooted outlook of someone

with Confederate ancestry reared in rural Missouri. He was often carried along by the rush of events and guided by men who succeeded in refining his fixed and facile view of the postwar world. And while he prided himself on his Midwestern rationality, he could act out of emotion, as when, in the aftermath of World War II, moved by the plight of refugees, he pushed to recognize the new state of Israel. The Truman who emerges in these pages is a man with generous impulses, loyal to friends and family, and blessed with keen political instincts, but insecure, quick to anger, and prone to hasty decisions. Archival discoveries, and research that led from Missouri to Washington, Berlin and Korea, have contributed to an indelible, and deeply human, portrait of an ordinary man suddenly forced to shoulder extraordinary responsibilities, who never lost a schoolboy's romantic love for his country, and its Constitution.

Education and Inequality in India May 17 2022 "This book focuses on primary education in India and interrogates what schooling means and does to children from weaker sections of Indian society and which values underpin the school system. It examines whether the concept of "education for all" is just a mechanically conceived policy target to chasing enrolment and attendance or whether it a larger social goal and a deeper political statement about the need for attacking entrenched social inequalities, and above all an affirmation of the idea that schooling has a liberating potential. Drawing on original data collected in the two states of Andhra Pradesh and West Bengal, the authors first present the multiple ways in which social class impinges on the educational system, educational processes and educational outcomes. In the second part of the book, issues around autonomy and accountability are explored via an analysis of the position of teachers within the educational hierarchy, and by looking at the various possibilities of making teachers accountable. The last part centres on the learning process, with a particular focus on the classroom. The conclusion includes recommendations that are related to the necessity for a larger debate and normative framework, which includes private schools as possible partners in the pursuing of a public good for which a public entity should take some responsibility, and in conjuncture to that, the necessity to move from government action and responsibilities to a broader concept of public action"-- Provided by publisher.

Three Women Feb 20 2020 Ignored by her well-meaning husband, Charulata falls in love with a high-spirited young cousin in *The Broken Nest* (Nashtaneer, 1901). Sharmila, in *Two Sisters* (Dui Bon, 1933) witnesses her husband sink her fortunes and his passion into his business – and her sister. And the invalid Neeraja finds her life slowly ebbing away as a new love awakens for her beloved husband in *The Arbour* (Malancha, 1934). Romantic, subtle and nuanced, Rabindranath Tagore's novellas are about the undercurrents in relationships, the mysteries of love, the ties and bonds of marriage, and above all about the dreams and desires of women.

Stories of the Colonial Architecture Mar 15 2022 Colonial times witnessed several new constructions- giving shape to new spaces and interactions. This included both public and private spaces. This work focuses on specific public spaces from the colonial times across the regions of Kolkata (West Bengal, India) and Colombo (Western Province, Sri Lanka). Various similarities lie between these two cities pertaining to the British colonial times of the respective countries as the socio-cultural fabric slowly witnessed many changes within. Numerous public constructions across both cities stand till date, as sentinels to weave a communication of several stories of yore. The work aims to help in spreading awareness and an understanding about the need for a balance between history and modernity- a continuity from the past that helps to find answers to many questions in the present.

Sahaja Yoga Apr 23 2020 Shri Mataji writes that "India is a very ancient country and it has been blessed by many seers and saints who wrote treatises about reality and guidelines on how to achieve it." This is just such a book. This book is both an introduction to Sahaja Yoga, describing the nature of the subtle reality within each of us, and a step-by-step handbook on how to be a good Sahaja Yogi, the nature of Sahaj culture, how to be a leader and how to raise children. "The knowledge of Sahaja Yoga cannot be described in a few sentences or one small book, but one should understand that all this great work of creation and evolution is done by some great subtle organization, which is in the great divine form."

Disciplined Subjects Jan 25 2023 This book examines interactions between Britain and India through the analytical framework of the production and circulation of knowledge throughout the long eighteenth century. *Disciplined Subjects* is one of the first works to analyse the imperial school curriculum, and the ways in which it shaped and influenced Indian subjectivity. The author focuses on the endeavours of the colonial government, missionaries and native stakeholders in determining the physical, material and intellectual content of institutional learning in India. Further, the volume compares the changes in pedagogical practices, and textbooks in schools in Britain and colonial Bengal, and its subsequent repercussions on the psyche and identity of the learners. Drawing on a host of primary sources in the UK and India, this volume will be of great interest to scholars and researchers of modern history, education, sociology and South Asian studies.

Sarama and Her Children Sep 21 2022 The Most Recognized Dog In Indian Myth Is The Dog In The Mahabharata That Accompanied The Pandavas Not Actually A Dog But Dharma In Disguise. There Are, However, Several More References To Dogs In The Classical Texts. Mentioned For The First Time In The Rg Veda, The Eponymous Sarama Is The Dog Of The Gods And The Ancestor Of All Dogs. In *Sarama And Her Children*, The Evolution Of The Indian Attitude Towards Dogs Is Traced Through The Vedas, Epics, Puranas, Dharmashastras And Niti Shastras. The Widespread Assumption Is That Dogs Have Always Been Looked Down Upon In Hinduism And A Legacy Of That Attitude Persists Even Now. Tracing The Indian Attitude Towards Dogs In A Chronological Fashion, Beginning With The Pre-Vedic Indus Valley Civilization, Bibek Debroy Discovers That The Truth Is More Complicated. Dogs Had A Utilitarian Role In Pre-Vedic And Vedic Times. There Were Herd Dogs, Watchdogs And Hunting Dogs, And Dogs Were Used As Beasts Of Burden. But By The Time Of The Mahabharata, Negative Associations Had Begun To Creep In. Debroy Argues Convincingly That The Change In The Status Of The Dog In India Has To Do With The Progressive Decline Of The Traditional Vedic Gods Indra, Yama And Rudra (Who Were Associated With Dogs), And The Accompanying Elevation Of Vishnu, Associated With An Increase In Brahmana Influence. Debroy Demonstrates That Outside The Mainstream Caste Hindu Influence, As Reflected In Doctrines Associated With Shiva And In Buddhist Jataka Tales, Dogs Did Not Become Outcasts Or Outcastes. Drawing References From High And Low Literature, Folk Tales And Temple Art, *Sarama And Her Children* Dispels Some Myths And Ensures That The Indian Dog Also Has Its Day.

Rebels, Wives, Saints Apr 04 2021 In *Rebels, Wives, Saints*, acclaimed scholar Tanika Sarkar continues her revolutionary scholarship on women, religion, and nationhood in colonial Bengal. The colonial universe Sarkar describes in *Rebels, Wives, Saints* centers around symbols of women as both defiled and deified, exemplified in the idea of woman as widow and woman as goddess. The nation, Sarkar explains, is imagined as a woman-goddess within a country comprising plural cultural

traditions. Sarkar also broadens the discussion to consider male reformers who battle Hindu conservatives, a Hindu novelist who idealizes nationalism as a means for overcoming Muslim influence, male-dominant social norms, and theatre and censorship. Throughout the book, Sarkar deploys her trademark focus on small, specific, emotional defining moments in order to arrive at a larger, compelling picture that reveals how people actually feel and experience life in Bengal.
