Trailorama May 17 2022 Photos, postcards, and ads featuring vintage trailers—from humble family vacations to Hollywood stars. Trailorama provides a visual wonderland filled with imagery featuring these vintage vehicles, fondly recalled for their associations with fun, adventure, family vacations—and of course, movie stars on the set. From greeting cards to postcards to Hollywood photos, the travel trailer is put on grand display in this kitschy celebration culled from the coffers of Trailer Travel's Phil Noyes.

"Filled with colorful images of trailers. Culled from ads, postcards, sheet music, and more, they run the gamut from the earliest mobile coaches in the 1930s to the roving behemoths that came to dominate the market in later decades...Noyes documents the country's still smoldering love affair with life on the road."—Los Angeles Magazine

DIY Motorhome & RV Rehab and Renovation Guide Apr 23 2020 Are you thinking about doing a camper renovation? Do you need some direction as to how to remodel a travel trailer so you can live the nomadic life of your dreams? Restoring, remodeling, or even just redecorating an old RV can breathe new life into your trusty motorhome. If you're looking for a place to start, look no further. I wrote this book to show you how an RV renovation can be cheap and easy as long as you know how to start. Save Money The best way to save money when you're looking into buying an RV is to remodel a used one. In my book, DIY Motorhome & RV Rehab and Renovation Guide, I will take you through the complete process of planning your remodel from start to finish. I'll show you how to pick the right RV for you, how to plan the interior layout, and what you should be sure to do when undertaking a remodel. You really can do-it-yourself when it comes to RV renovation and remodel. You Call the Shots I'm a bit of a backyard mechanic. Pretty much since I was old enough to hold a wrench, I was working on some sort of project with my dad. He was a tinkerer, inventor, and all-around handyman. His favorite projects were fixing up cars and old campers - Airstreams, motorhomes of all classes, and RVs of all sizes. In fact, when he passed away, I am sure there were at least 3 or 4 unfinished, ongoing projects still left in his garage. Luckily, I inherited much of his know-how when it came to refurbishing and refinishing fixer-uppers. It's Easy - Anyone Can Do It! Redecorating a used RV is the easiest way to customize your new home on wheels. In fact, family vacations taken in an RV are, on average, 27-62% cheaper than other methods of travel. You can see the country and make memories together that you will not soon forget. Those monetary savings start when you decide to purchase a used camper and make it your own rather than buying a brand new one. Don't know where to start with your RV renovation? Start with my book! In my book about renovating an RV, you will learn the best way to plan your travel trailer remodel. In this book, you will see where to begin when taking on such a huge task as renovating and redecorating a motorhome. You will learn all about how to remodel, redecorate, and refurbish an RV, camper, motorhome, and travel trailer. Topics You will Learn About Include: The evolution of the camper through history The glamping movement Types of RVs Picking the best RV for you Costs of renovation and planning your budget Advice about towable travel trailers and towing vehicles Designing the camper Layout ideas and floor plan suggestions Interior design best practices All about remodeling - from top to bottom Replacing the flooring Repainting the RV inside and out Rookie mistakes to avoid Remodeling the bathroom Remodeling the dinette Bedroom upgrade tips Space-saving tips and tricks Going the eco-friendly route My goal is to provide you with the best starting point when renovating a used RV. I'm certain that my book will provide you with inspiration and the courage to get your project started. Hopefully, you come away with some new ideas and maybe something new that you haven't thought of before. I encourage you to read all you can about RV restoration, including reading this whole book. Be sure to click "Buy Now" to add this title to your collection. This book also makes a great gift for that person in your life who loves to undertake a hands-on project.

Vintage Camper Trailers Mar 15 2022 Vintage camper trailers are a unique symbol of midcentury America that resonates with many people. This book introduces many of those people, along with the trailers they've lovingly maintained or restored. It includes hundreds of photographs of everything from fancy and comfortable trailers designed for glamping (glamorous camping), to trailers handed down through families across generations, and even entrepreneurs who have transformed their trailers into vending booths. Paul Lacinola enjoys everything about vintage camper trailers, including rescuing, restoring, and rallying. In 2011, he began publishing the first U.S.-based magazine for collectors, restorers, and admirers of American-made camper trailers, Vintage Camper Trailers, which now has thousands of subscribers in more than a dozen different countries. He lives in Elverta, California.

Serro Scotty Travel Trailers Sep 28 2020 This book will take us on John Serro's journey from producing the first 16' Scotty Pup trailer in 1956 to the more popular 18' HiLander produced in the 60's and 70's. Because Scotty Trailers were not produced on an assembly line, just like the Americans who bought them, no two are exactly alike. The Scotty line, while fairly extensive (ranging from teardrops to fully self-contained 18' models), each were simple in design, most sporting the iconic aqua and white paint scheme, and all stamped with the Scotty Pup logo. Vintage travel trailers have never been more popular with the demographic evolving drastically to a younger, more affluent group of people. And while Airstreams seem to be the shiny star of the day, the Serro Scotty trailers were always right there barking up the same vintage tree. Not only are Scotty Trailers quintessentially retro, they are lightweight, very affordable and easy to restore, and accessible to everyone!

A Guide to Enjoying Your Travel Trailer: Make Your Life Safer and Less Stressful Apr 16 2022 It is important to keep in mind that a Travel Trailer is a depreciable asset and every potential owner should be aware of that fact. Maintaining your Travel Trailer and knowing the precautions you can take to not only enjoy the lifestyle but protect your investment is very important. Having a Travel Trailer should be an exciting and enjoyable hobby, and with a few simple precautions, one you can enjoy for years.

That status has been reinforced ever since, and the industry is still thriving in Indiana with the successes of Thor Industries and Forest River. Winnipeg Nation Nov 11 2021 In *Winnipeg Nation*, popular critic James B. Twitchell takes a light-hearted look at the culture and industry behind the yearning to spend the night in one's car. For the young the roadtrip is a coming-of-age ceremony; for those later in life it is the realization of a lifelong desire to be spontaneous, nomadic, and free. Informed by his own experiences on the road, Twitchell recounts the RV's origins and evolution over the twentieth century; its rise, fall, and rebirth as a cultural icon; its growing mechanical complexity as it evolved from an estate wagon to a converted bus to a mobile home; and its role in bolstering and challenging conceptions of American identity. Mechanical yet dreamy, independent yet needful, solitary yet clubby, adventurous yet homebound, life in a mobile home is a distillation of the American character and an important embodiment of American exceptionalism, (Richie Rich and Hobo Hank spend time in essentially the same rig at the same campground, albeit for different reasons and in different levels of comfort.) The frontier may be tapped out but we still yearn for the exploratory life. Twitchell concludes with his thoughts on the future of RV communities and the possibility of mobile cities becoming a real part of the American landscape.

We, as full-time RVers ourselves, wanted to produce something that would actually be useful for other RV travelers. Our goal was to create a place where you can record all of the great (and sometimes not so great) notes & impressions of your camping spots as you wander about in your RV. We made this book a place to store information but also easily find those notes again later, so we incorporated an easy-to-use referencing system, organized by U.S. state (or you can fill in your own regions). This way, when you need to look back on your notes from two, three, or even 20 years later, you will be able to quickly find them. Here's how to use this book: Log Your Stays: Turn to the first log and start writing! Use our prompted notes and checkoffs to record basic information and then also add your own notes as a refresher for your memory later. We didn't make space for every possible scenario (there are so many!) So, use the extra space to write down anything you think you might want to know later. For instance, you may note more things like low/high water pressure, road noise, or management/staff names & notes. Did you spend way too much on laundry here? Make a note of it! Did you see a sasquatch walk casually through your campground on Friday night? Make a note of it! And share the picture! You did get one, right? Our Referencing System: It's so simple! Let's begin with the Site Logs. Each Site Log has a number in the corner. When you log a campsite, take a second to record that site's Log Number in the back of the book in its reference section. Most reference sections are simply a state. However, some states are larger (and more popular) than others, so we broke them down into smaller regions for even quicker reference. For instance, we've broken Texas down to 5 regions: North, West, Central, Gulf Coast & Panhandle. Maintenance Logs: In the back of the book, there are pages dedicated for recording RV maintenance. Just record the date, service performed, mileage, and any other notes there so you have that information later. Praise for *The Ultimate RV Logbook*: "In the past, I tried to keep track of campground details using our Google Calendar...but, we've gotten really bad about recording the details. What I really needed was this." ">Let's Travel Family RV Travel Blog "We were keeping similar notes in a blank notebook, but our entries were always inconsistent and we always forgot to note something. With "The Ultimate RV Logbook" we will be able to keep consistent records in neat and organized fashion." - Exploring The Local Life, RV Travel Blog
