As this The Civil Wars Penguin Classics, it ends stirring monster one of the favored book The Civil Wars Penguin Classics collections that we have. This is why you remain in the best website to look the incredible books to have.

The memoir widely viewed as the best account ever written of fighting in WW1 A memoir of astonishing power, savagery, and ashen lyricism, *Storm of Steel* illuminates not only the horrors but also the fascination of total war, seen through the eyes of an ordinary German soldier. Young, tough, patriotic, but also disturbingly self-aware, Jünger exulted in the Great War, which he saw not just as a great national conflict but—more importantly—as a unique personal struggle. Leading raiding parties, defending trenches against murderous British incursions, simply enduring as shells tore his comrades apart, Jünger kept testing himself, braced for the death that will mark his failure. Published shortly after the war’s end, *Storm of Steel* was a worldwide bestseller and can now be rediscovered through Michael Hofmann’s brilliant new translation. For more than sixty-five years, Penguin has been the leading publisher of classic literature in the English-speaking world. With more than 1,500 titles, Penguin Classics represents a global bookshelf of the best works throughout history and across genres and disciplines. Readers trust the series to provide authoritative texts enhanced by introductions and notes by distinguished scholars and contemporary authors, as well as up-to-date translations by award-winning translators. NEW YORK TIMES BESTSELLER • A leading political scientist examines the dramatic rise in violent extremism around the globe and sounds the alarm on the increasing likelihood of a second civil war in the United States “Required reading for anyone invested in preserving our 246-year experiment in self-government.”—The New York Times Book Review (Editors’ Choice) WINNER OF THE GLOBAL POLICY INSTITUTE AWARD • THE SUNDAY TIMES BOOK OF THE YEAR • ONE OF THE BEST BOOKS OF THE YEAR: Financial Times, The Times (UK), Esquire, Prospect (UK) Political violence rips apart several towns in southwest Texas. A far-right militia plots to kidnap the governor of Michigan and try her for treason. An armed mob of Trump supporters and conspiracy theorists storms the U.S. Capitol. Are these isolated incidents? Or is this the start of something bigger? Barbara F. Walter has spent her career studying civil conflict in places like Iraq, Ukraine, and Sri Lanka, but now she has become increasingly worried about her own country. Perhaps surprisingly, both autocracies and healthy democracies are largely immune from civil war; it’s the countries in the middle ground that are most vulnerable. And this is where more and more countries, including the United States, are finding themselves today. Over the last two decades, the number of active civil wars around the world has almost doubled. Walter reveals the warning signs—where wars tend to start, who initiates them, what triggers them—and why some countries tip over into conflict while others remain stable. Drawing on the latest international research and lessons from over twenty countries, Walter identifies the crucial risk factors, from democratic backsliding to factionalization and the politics of resentment. A civil war today won’t look like America in the 1860s, Russia in the 1920s, or Spain in the 1930s. It will begin with sporadic acts of violence and terror, accelerated by social media. It will sneak up on us and leave us wondering how we could have been so blind. In this urgent and insightful book, Walter redefines civil war for a new age, providing the framework we need to confront the danger we now face—and the knowledge to stop it before it’s too late. The New Zealand Wars of the 1840s and 1860s, other nineteenth-century military encounters, the South African War, the First and Second World Wars, Korea, Malaya, Vietnam, the Gulf War, modern-day peacekeeping . . . The Penguin Book of New Zealanders at War contains the best, widest range of published and non-published written material on our people in warfare. This is a soldier's book - thus letters, diaries, journalists' reports, memoirs. The focus is on actual experience and on human responses to war. A vast array of personal experiences is covered, including POWs, the home front, medical/nursing efforts, as well as coverage of conscientious objectors. A selection of poetry written during World War I. In the introduction Jon Silkin traces the changing mood of the poets - from patriotism through anger and compassion to an active desire for social change. The book includes work by Sassoon, Owen, Blunden, Rosenberg, Hardy and Lawrence. The only surviving works from one of the world's earliest historians, in important new translations Sallust's first published work, Catiline's War, contains the memorable history of the year 63, including his thoughts on Catiline, a Roman politician who made an ill-fated attempt to overthrow the Roman Republic. In The Jugurthine War, Sallust dwells upon the feebleness of the Senate and aristocracy, having collected materials and compiled notes for this work during his governorship of Numidia. Penguin Classics is the largest and best-known classics imprint in the world. From The Epic of Gilgamesh to the poetry of the First World War, and covering all the greatest works of fiction, poetry, drama, history and philosophy in between, this reader's companion encompasses 500 authors, 1,200 books and 4,000 years of world literature. Stuffed full of stories, author biographies, book summaries and recommendations, and illustrated with thousands of historic Penguin Classic covers, this is an exhilarating and comprehensive guide for anyone who wants to explore and discover the best books ever written. Provides an account of the Jewish rebellion against Rome between 66 and 70 A.D. The volume comprises lightly annotated translation of a key medieval Arabic text that bears directly on the Crusades and Crusader society and the Muslim experience of them. The War of the Worlds (1898), by H. G. Wells, is an early science fiction novel which describes an invasion of England by aliens from Mars. It is one of the earliest and best-known depictions of an alien invasion of Earth, and has influenced many others, as well as spawning several films, radio dramas, comic book adaptations, and a television series based on the story. The 1938 radio broadcast caused public outcry against the episode, as many listeners believed that an actual Martian invasion was in progress, a notable example of mass hysteria. For countless centuries Mars has been the star of war The night after a shooting star is seen streaking through the sky from Mars, a cylinder is discovered on Horsell Common near London. At first, naive locals approach the cylinder armed just with a white flag - only to be quickly killed by an all-destroying heat-ray as terrifying tentacled invaders emerge. Soon the whole of human civilization is under threat, as powerful Martians build gigantic killing machines, destroy all in their path with black gas and burning rays, and feast on the warm blood of trapped, still-living human prey. The forces of the Earth, however, may prove harder to beat than they at first appear. The first modern tale of alien invasion, The War of the Worlds remains one of the most influential of all science-fiction works. Part of a brand-new Penguin series of H. G. Wells's works, this edition includes a newly established text, a full biographical essay on Wells, a further reading list and detailed notes. The introduction, by Brian Aldiss, considers the novel's view of religion and society. The selected adventures of Persia's Hercules, from Iran's great national epic No understanding of world mythology is complete without acquaintance with Rostam, Iran's most celebrated mythological hero. According to the Shahnameh (the tenth-century Book of Kings), this titan, magnificent in strength and courage, bestrode Persia for 500 years. While he often served fickle kings - undergoing many trials of combat, cunning, and endurance - he was never their servant and owed allegiance only to his nation's greater good. Anyone interested in folklore, world literature, or Iranian culture will find Rostam both a rousing and illuminating read. For more than seventy years, Penguin has been the leading publisher of classic literature in the English-speaking world. With more than 1,700 titles, Penguin Classics represents a global bookshelf of the best works throughout world history and across genres and disciplines. Readers trust the series to provide authoritative texts enhanced by introductions and notes by distinguished scholars and contemporary authors, as well as up-to-date translations by award-winning translators. The only surviving works from one of the world’s earliest historians, in important new translations Sallust’s first published work, Catiline’s War, contains the memorable history of the year 63, including his thoughts on Catiline, a Roman politician who made an ill-fated attempt to overthrow the Roman Republic. In The Jugurthine War, Sallust dwells upon the feebleness of the Senate and aristocracy, having collected materials and compiled notes for this work during his governorship of Numidia. Examines the history of Rome from the time of Tiberius Gracchus to the conflicts following Julius Caesar's murder. The Greek statesman Polybius (c.200–118 BC) wrote his account of the relentless growth of the Roman Empire in order to help his fellow countrymen understand how their world came to be dominated by Rome. Opening with the Punic War in 264 BC, he vividly records the critical stages of Roman expansion: its campaigns throughout the Mediterranean, the temporary setbacks inflicted by Hannibal and the final destruction of Carthage. An active participant of the politics of his time as well as a friend of many prominent Roman citizens, Polybius drew on many eyewitness accounts in writing this cornerstone work of history. The First World War has had an incalculable effect on literature in the years & generations that followed it. The stories collected in this volume reflect a wide range of responses to that conflict, from harrowing scenes of carnage at the Front & espionage behind the scenes to the struggles of those at home. Between 58 and 50BC Caesar conquered most of the area now covered by France, Belgium and Switzerland, and twice invaded Britain. This is the record of his campaigns. Caesar's narrative offers insights into his military strategy & paints a fascinating picture of his encounters with the inhabitant of Gaul and Britain, as well as offering lively portraits of a number of key characters such as the rebel leaders and Gallic chieftains. This can also be read as a piece of political propaganda, as Caesar sets down his version of events for the Roman public, knowing that he faces civil war on his return to Rome. Written during Karl Marx's brilliant career as a polemical journalist, these blazing pieces tackle subjects ranging from the strikes of angry British workers to insurrection in Europe, from the American Civil War to the misery of colonial rule in India, demonstrating the radical spirit and outrage at social injustice that would make him one of the most influential political philosophers of all time. Throughout history, some books have changed the world. They have transformed the way we see ourselves - and each other. They have inspired debate, dissent, war and revolution. They have enlightened, outraged, provoked and comforted. They have enriched lives - and destroyed them. Now Penguin brings you the works of the great thinkers, pioneers, radicals and visionaries whose ideas shook civilization and helped make us who we are. Based on his own experience of the Great War, Henri Barbusse's novel is a powerful account of one of the greatest horrors mankind has inflicted on itself. For the group of ordinary men in the French Sixth Battalion, thrown together from all over France and longing for home, war is simply a matter of survival, lightened only by the arrival of their rations or a glimpse of a pretty girl or a brief reprieve in the hospital. Reminiscent of classics like Hemingway's A Farewell to Arms and Remarque's All Quiet on the Western Front, Under Fire (originally published in French as La Feu) vividly evokes life in the trenches: the mud, stench, and monotony of waiting while constantly fearing for one's life in an infernal and seemingly eternal battlefield. For more than seventy years, Penguin has been the leading publisher of classic literature in the English-speaking world. With more than 1,700 titles, Penguin Classics represents a global bookshelf of the best works throughout history and across genres and disciplines. Readers trust the series to provide authoritative texts enhanced by introductions and notes by distinguished scholars and contemporary authors, as well as up-to-date translations by award-winning translators. The world’s most famous military treatise, in an acclaimed translation The perfect books for the true book lover, Penguin’s Great Ideas series features twelve more groundbreaking works by some of history’s most prodigious thinkers. Each volume is beautifully packaged with a unique type-driven design that highlights the bookmaker's art. Offering great literature in great packages at great prices, this series is ideal for those readers who want to explore and savor the Great Ideas that have shaped our world. Offering ancient wisdom on how to use skill, cunning, tactics and discipline to outwit your opponent, this bestselling 2000-year-old military manual is still worshipped by soldiers on the battlefield and managers in the boardroom as the ultimate guide to winning. Robert Ross, a sensitive nineteen-year-old Canadian officer, went to war—The War to End All Wars. He found himself in the nightmare world of trench warfare, of mud and smoke, of chlorine gas and rotting corpses. In this world gone mad, Robert Ross performed a last desperate act to declare his commitment to life in the midst of death. Set in England, Africa and Italy this collection of Steinbeck’s World War II news correspondence was written for the New York Herald Tribune in the latter part of 1943. In twenty short books, Penguin brings you the classics of the environmental movement. With the precision of a scientist and the simplicity of a fable, Rachel Carson reveals how man-made pesticides have destroyed wildlife, creating a world of polluted streams and silent songbirds. Over the past 75 years, a new canon has emerged. As life on Earth has become irrevocably altered by humans, visionary thinkers around the world have raised their voices to defend the planet, and affirm our place at the heart of its restoration. Their words have endured through the decades, becoming the classics of a movement. Together, these books show the richness of environmental thought, and point the way to a fairer, saner, greener world. A Penguin Classics Deluxe Edition of Tolstoy's great Russian epic. Nominated as one of America’s best-loved novels by PBS’s The Great American Read Set against the sweeping panoply of Napoleon's invasion of Russia, War and Peace—presented here in the first new English translation in forty years—is often considered the greatest novel ever written. At its center are Pierre Bezukhov, searching for meaning in his life; cynical Prince Andrei, ennobled by wartime suffering; and Natasha Rostov, whose impulsiveness threatens to destroy her happiness. As Tolstoy follows the changing fortunes of his characters, he crafts a view of humanity that is both epic and intimate and that continues to define fiction at its most resplendent. This edition includes an introduction, note on the translation, cast of characters, maps, notes on the major battles depicted, and chapter summaries. Praise for Antony Brigg's translation of War and Peace: "The best translation so far of Tolstoy's masterpiece into English." -Robert A. Maguire, professor emeritus of Russian studies, Columbia University "In Tolstoy's work part of the translator's difficulty lies in conveying not only the simplicity but the subtlety of the book's scale and effect. . . . Briggs has rendered both with a particular exactness and a vigorous precision not to be found, I think, in any previous translation." - John Bayley, author of Elegy for Iris For more than seventy years, Penguin has been the leading publisher of classic literature in the English-speaking world. With more than 1,700 titles, Penguin Classics represents a global bookshelf of the best works throughout history and across genres and disciplines. Readers trust the series to provide authoritative texts enhanced by introductions and notes by distinguished scholars and contemporary authors, as well as up-to-date translations by award-winning translators. This anthology reflects the diversity of voices it contains: the poems are arranged thematically and the themes reflect the different experiences of war not just for the soldiers but for those left behind. This is what makes this volume more accessible and satisfying than others. In addition to the established canon there are poems rarely anthologised and a selection of soldiers' songs to reflect the voices of the soldiers themselves. The definitive history of the Cold War and its impact around the world We tend to think of the Cold War as a bounded conflict: a clash of two superpowers, the United States and the Soviet Union, born out of the ashes of World War II and coming to a dramatic end with the collapse of the Soviet Union. But in this major new work, Bancroft Prize-winning scholar Odd Arne Westad argues that the Cold War must be understood as a global ideological confrontation, with early roots in the Industrial Revolution and ongoing repercussions around the world. In The Cold War, Westad offers a new perspective on a century when great power rivalry and ideological battle transformed every corner of our globe. From Soweto to Hollywood, Hanoi, and Hamburg, young men and women felt they were fighting for the future of the world. The Cold War may have begun on the perimeters of Europe, but it had its deepest reverberations in Asia, Africa, and the Middle East, where nearly every community had to choose sides. And these choices continue to define economies and regimes across the world. Today, many regions are plagued with environmental threats, social divides, and ethnic conflicts that stem from this era. Its ideologies influence China, Russia, and the United States; Iraq and Afghanistan have been destroyed by the faith in purely military solutions that emerged from the Cold War. Stunning in its breadth and revelatory in its perspective, this book expands our understanding of the Cold War both geographically and chronologically, and offers an engaging new history of how today's world was created. A magnificent new translation of the enduring epic about the sundering of the Roman Republic. Lucan lived from 39-65 AD at a time of great turbulence in Rome. His Civil War portrays two of the most colorful and powerful figures of the age-Julius Caesar and Pompey the Great, enemies in a vicious struggle for power that severed bloodlines and began the transformation of Roman civilization. With Right

locked in combat with Might, law and order broke down and the anarchic violence that resulted left its mark on the Roman people forever, paving the way for the imperial monarchy. Accessible and modern yet loyal to the rhetorical brilliance of the original, this will be the definitive Civil War of our times. For more than seventy years, Penguin has been the leading publisher of classic literature in the English-speaking world. With more than 1,700 titles, Penguin Classics represents a global bookshelf of the best works throughout history and across genres and disciplines. Readers trust the series to provide authoritative texts enhanced by introductions and notes by distinguished scholars and contemporary authors, as well as up-to-date translations by award-winning translators. Throughout history, some books have changed the world. They have transformed the way we see ourselves - and each other. They have inspired debate, dissent, war and revolution. They have enlightened, outraged, provoked and comforted. They have enriched lives - and destroyed them. Now Penguin brings you the works of the great thinkers, pioneers, radicals and visionaries whose ideas shook civilization and helped make us who we are. Livy's history of Rome contains, in Books 21 to 30, the definitive ancient account of Hannibal's invasion of Italy in 218 BC, and the war he fought with the Romans over the following sixteen years. Livy describes the bloody siege of the Spanish city of Saguntum, Rome's ally, which sparked the war, and the Carthaginian leader's famous march with elephants over the Alps into Italy. Livy conveys the drama of the great battles, the disastrous encounters at Trasimene and Cannae, and the final confrontation between Hannibal and the youthful Scipio Africanus. Individuals as well as events are brought to life, as the long course of the Second Punic War unfolds. A military leader of legendary genius, Caesar was also a great writer, recording the events of his life with incomparable immediacy and power. The Civil War is a tense and gripping depiction of his struggle with Pompey over the leadership of Republican Rome - a conflict that spanned the entire Roman world, from Gaul and Spain to Asia and Africa. Where Caesar's own account leaves off in 48 BC, his lieutenants take up the history, describing the vital battles of Munda, Spain and Thapsus, and the installation of Cleopatra, later Caesar's mistress, as Queen of Egypt. Together these narratives paint a full picture of the events that brought Caesar supreme power - and paved the way for his assassination only months later. Two classic works of military strategy that shaped the way we think about warfare: The Art of War by Sun Tzu and On War by Karl von Clausewitz, together in one volume "Civilization might have been spared much of the damage suffered in the world wars . . . if the influence of Clausewitz's On War had been blended with and balanced by a knowledge of Sun Tzu's The Art of War."—B. H. Liddel Hart For two thousand years, Sun Tzu's The Art of War has been the indispensable volume of warcraft. Although his work is the first known analysis of war and warfare, Sun Tzu struck upon a thoroughly modern concept: "The supreme art of war is to subdue the enemy without fighting." Karl von Clausewitz, the canny military theorist who famously declared that war is a continuation of politics by other means, also claims paternity of the notion "total war." On War is the magnum opus of the era of the French Revolution and the Napoleonic wars. Now these two great minds come together in a single volume that also features an introduction by esteemed military writer Ralph Peters and the Modern Library War Series introduction by Caleb Carr, New York Times bestselling author of The Alienist. (The cover and text refer to The Art of War as The Art of Warfare, an alternate translation of the title.) Books VI-X of Livy's monumental work trace Rome's fortunes from its near collapse after defeat by the Gauls in 386 bc to its emergence, in a matter of decades, as the premier power in Italy, having conquered the city-state of Samnium in 293 bc. In this fascinating history, events are described not simply in terms of partisan politics, but through colourful portraits that bring the strengths, weaknesses and motives of leading figures such as the noble statesman Camillus and the corrupt Manlius vividly to life. While Rome's greatest chronicler intended his history to be a memorial to former glory, he also had more didactic aims - hoping that readers of his account could learn from the past ills and virtues of the city. Writing her first novel during World War I, West examines the relationship between three women and a soldier suffering from shell-shock. This novel of an enclosed world invaded by public events also embodies in its characters the shifts in England's class structures at the beginning of the twentieth century. For more than seventy years, Penguin has been the leading publisher of classic literature in the English-speaking world. With more than 1,700 titles, Penguin Classics represents a global bookshelf of the best works throughout history and across genres and disciplines. Readers trust the series to provide authoritative texts enhanced by introductions and notes by distinguished scholars and contemporary authors, as well as up-to-date translations by award-winning translators. An anthology of Great War short stories by British writers, both famous and lesser-known authors, men and women, during the war and after its end. These stories are able to illustrate the impact of the Great War on British society and culture and the many modes in which short fiction contributed to the war's literature. The selection covers different periods: the war years themselves, the famous boom years of the late 1920s to the more recent past in which the First World War has received new cultural interest. An essential new collection of poetry from the First World War This indispensable anthology brings together the works of three major poets from the First World War. Ivor Gurney (1890-1937) was a classical music composer and poet who published two volumes of poems, Severn and Somme and War's Embers. Wilfred Owen's (1893- 1918) realistic poetry is remarkable for its details of war and combat. Isaac Rosenberg's (1890-1918) Poems from the Trenches is widely considered one of the finest examples of war poetry from the period. Carefully selected by Jon Stallworthy, a professor emeritus of English at the University of Oxford, these poems comprise a landmark publication that reflects the disparate experiences of war through the voices of the soldiers themselves. For more than seventy years, Penguin has been the leading publisher of classic literature in the English-speaking world. With more than 1,700 titles, Penguin Classics represents a global bookshelf of the best works throughout history and across genres and disciplines. Readers trust the series to provide authoritative texts enhanced by introductions and notes by distinguished scholars and contemporary authors, as well as up-to-date translations by award-winning translators. A magnificent new translation of the enduring epic about the sundering of the Roman Republic. Lucan lived from 39-65 AD at a time of great turbulence in Rome. His Civil War portrays two of the most colorful and powerful figures of the age-Julius Caesar and Pompey the Great, enemies in a vicious struggle for power that severed bloodlines and began the transformation of Roman civilization. With Right locked in combat with Might, law and order broke down and the anarchic violence that resulted left its mark on the Roman people forever, paving the way for the imperial monarchy. Accessible and modern yet loyal to the rhetorical brilliance of the original, this will be the definitive Civil War of our times. For more than seventy years, Penguin has been the leading publisher of classic literature in the English-speaking world. With more than 1,700 titles, Penguin Classics represents a global bookshelf of the best works throughout history and across genres and disciplines. Readers trust the series to provide authoritative texts enhanced by introductions and notes by distinguished scholars and contemporary authors, as well as up-to-date translations by award-winning translators. One of the great war memoirs, published here in a stunning Deluxe Edition for the centenary of World War I and the Battle of the Somme—and featuring a foreword by the New York Times bestselling author of Matterhorn A worldwide bestseller published shortly after the end of World War I, Storm of Steel is a memoir of astonishing power, savagery, and ashen lyricism. It illuminates not only the horrors but also the fascination of total war, as seen through the eyes of an ordinary German soldier. Young, tough, patriotic, but also disturbingly self-aware, Ernst Jünger exulted in the Great War, which he saw not just as a great national conflict but also—more importantly—as a unique personal struggle. Leading raiding parties, defending trenches against murderous British incursions, simply enduring as shells tore his comrades apart, Jünger keeps testing himself, braced for the death that will mark his failure. His account is ripe for rediscovery upon the centennial of the Battle of the Somme—a major set piece in Storm of Steel—and a bracing read for fans of Redeployment and American Sniper. For more than seventy years, Penguin has been the leading publisher of classic literature in the English-speaking world. With more than 1,700 titles, Penguin Classics represents a global bookshelf of the best works throughout history and across genres and disciplines. Readers trust the series to provide authoritative texts enhanced by introductions and notes by distinguished scholars and contemporary authors, as well as up-to-date translations by award-winning translators. Composed by soldiers who fought in the Holy Wars, these two famous French chronicles are among the most important portrayals of both the dark and light side of the two hundred year struggle for possession of Jerusalem. The first trustworthy and fully informed history of the Crusades, Villehardouin's Conquest of Constantinople describes the era of the Fourth Crusade - the period between 1199 and 1207, during which a planned battle with Moslem forces ironically culminated in war against Eastern Christians that led to the sacking of Constantinople. The Life of Saint Louis, by Joinville, was inspired by the author's close attachment to the pious King Louis, and focuses on the years between 1226 and 1270. It provides a powerful, personal insight into the brutal battles and the fascinating travels of one nobleman, fighting in the Sixth and Seventh Crusades.
