Излагаются методы испытаний бетонов и растворов с целью определения их физико-механических свойств и соответствия качественных показателей проектным требованиям и нормам государственных стандартов. Освещаются методики проектирования составов бетонных и растворных смесей, обеспечивающие заданные показатели свойств материалов. Приводятся основные понятия и излагается сущность математико-статистических методов обработки экспериментальных данных и планирования экспериментов. Даны примеры расчетов, выполняемых при определении качественных показателей бетонов и растворов. Книга предназначена для инженерно-технических работников строительных организаций и предприятий, а также студентов строительных высших учебных заведений.

Modern Social Work Practice is an interactive book designed to provide readers with an opportunity to engage with key aspects of current social work practice. It also provides an excellent digest of the significant literature. Each chapter is introduced with an activity or exercise designed to aid student learning in discrete aspects of practice, building up to a complete curriculum for practice learning. The book builds upon the success and style of Social Work Practice (1993) and The New Social Work Practice (1998). Mark Doel and Steven M. Shardlow have shaped the book to take account of the National Occupational Standards for Social Work, aiming to provide a creative, practical and up-to-date resource for teaching and learning in line with current practices.

Отражен современный уровень развития науки и техники в области материаловедения санитарно-технических и сопутствующих им изделий. Особое внимание уделено материалам и изделиям из черных и цветных металлов,

полимерам и пластмассам, вопросам тепло- и гидроизоляции и др.
