Western Yearly Meeting

During the past two decades, the frequency and range of expert testimony by psychologists have increased dramatically. Courts now routinely hear expert testimony from clinical, cognitive, developmental, and social psychologists. Expert Psychological Testimony for the Courts provides a comprehensive, research-based analysis of the content, ethics, and impact of expert testimony. This book features leading scholars who have contributed to the scientific foundation for expert testimony and who have also served as expert witnesses. The opening chapter explores issues surrounding the admissibility of expert testimony, and the closing chapter explores the ethics and limits of psychological testimony. Each of the intervening chapters focuses on a different area of expert testimony: forensic identification, police interrogations and false confessions, eyewitness identification, sexual harassment, mitigation in capital cases, the insanity defense, battered women, future dangerousness, and child custody. These chapters describe the typical content of expert testimony in a particular area, evaluate the scientific foundation for testimony, examine how jurors respond to expert testimony, and suggest ways in which legal standards or procedures might be modified in light of psychological research. This groundbreaking book should be on the shelf of every social scientist interested in the legal system and every trial attorney who is likely to retain a psychologist as an expert witness. It can also serve as a text for advanced courses in psychology, legal studies, criminal justice, law, and sociology. In our world today, there aren't many voices encouraging us to refrain from sexual relations outside of marriage. Even fewer voices are calling us to also refrain from pornography and masturbation. Nevertheless, some of us have concerns that simply won't go away: • Is watching pornography really okay? • Could masturbation actually be harmful for me? • Why can't I stop? In Called Higher, you will read the uncommon testimony of how God gave a regular college student named Doug freedom from both pornography and masturbation. He still has this gift of freedom after nearly 10 years now, all without getting married. Being forever changed by the Lord's mercy, today Doug strives to point men and women everywhere to follow Jesus with everything, including abstaining from these hidden sexual activities. His story is raw but real, for the stakes are higher than we might ever care to realize. But because of who the Lord is, not only is freedom possible, it's also incomparably better. Taste and see. Safari with Jesus Christ is a compilation of testimonies of people who have witnessed Gods mighty power. Reading this book is like reading the Bible in bed; it facilitates reading the Bible in a new and interesting way. Readers will no doubt be inspired to start or continue with their safari in Jesus Christ. .However, when that darkest night arrived and I steeled myself to put my plan into place, I called out to Christ for the first time in my life and He heard me. Out of my despair, I cried out to God, asking Him to help me and take away the sad feelings that had taken full control of me. I cant recall exactly the strange things that happened during my prayer, but I was overcome by emotion and cant remember ever crying so hard. I went into a deep sleep, and the following day was delighted to find all my sadness gone. God had infiltrated my foolproof plan! From then on I vowed to surrender my life to Him and have never regretted my decision. With your purchase of this book, a donation (20% of royalty) will be made to the rebuilding of churches initiative in Katrina-affected areas. God bless you. Good Press publishes a wide range of titles that encompasses every genre. From well-known classics & literary fiction and non-fiction to forgotten—or yet undiscovered gems—of world literature, we issue the books that need to be read. Each Good Press edition has been meticulously edited and formatted to boost readability for all e-readers and devices. Our goal is to produce eBooks that are user-friendly and accessible to everyone in a high-quality digital format. This work has been selected by scholars as being culturally important, and is part of the knowledge base of civilization as we know it. This work was reproduced from the original artifact, and remains as true to the original work as possible. Therefore, you will see the original copyright references, library stamps (as most of these works have been housed in our most important libraries around the world), and other notations in the work. This work is in the public domain in the United States of America, and possibly other nations. Within the United States, you may freely copy and distribute this work, as no entity (individual or corporate) has a copyright on the body of the work. As a reproduction of a historical artifact, this work may contain missing or blurred pages, poor pictures, errant marks, etc. Scholars believe, and we concur, that this work is important enough to be preserved, reproduced, and made generally available to the public. We appreciate your support of the preservation process, and thank you for being an important part of keeping this knowledge alive and relevant. A Commentary on the Book of Revelation - Volume 2 The author presents a detailed study of the Book of Revelation emphasizing prophetic themes from the rest of the Bible which find their fulfillment in Revelation. To understand this controversial book, the author explores the many connections between the visions seen by the Apostle John and previous prophetic revelation given to Old Testament prophets such as Daniel, Ezekiel, and others. It is the author's conviction that an understanding of related passages elsewhere in the Bible is the most important key to unlocking the bewildering variety of interpretations which often accompany the study of the last book of the Bible. The commentary can be used in conjunction with a free companion internet course providing an additional 70 hours of audio instruction linked to almost 1,000 slides. In 1872, when the first testimony of volume 3 was written, most members of the still small Seventh-day Adventist Church lived in the central and Northeastern United States. At that time, the church employed 86 ministers. It also operated one publishing house and one small medical institution, both of which were in Battle Creek, Michigan. During the early years of church growth, James White tirelessly pioneered the way. By 1872, Elder White was beginning to break under the load, which explains why the great need more and younger help to shoulder the load received so much emphasis in volume 3. Warnings were also given against the hazards of looking to one man as the leader. James White's own failing health, his conviction that others should

be stepping in to lift the burdens, and his frequent calls to duty elsewhere, all resulted in the Whites spending time away from Battle Creek. In an effort to regain and preserve their health, they spent time in California and the mountains of Colorado. With the Whites away, others were forced to assume responsibilities of leadership at the headquarters, strengthening the work. During this time, Ellen White continued to encourage believers in the work of health reform. Church members also developed a wider missionary interest, leading them to see the entire world as their field of labor. They began to recognize the need to educate workers to go out into the field. The little school established by Goodloe Bell in Battle Creek was only the beginning of the much wider educational work to come. During the times of volume 3, the idea of "systematic benevolence" (or regular giving) was also developed and explained much more fully. With Scriptural guidance and the continued counsel of Ellen White, members came to understand that giving was much more than a way to raise money, for it developed and perfected character in the giver as well. Energetic evangelistic efforts led to conflict with other religious groups, with counsel being given against argument and debate. Volume 3 contains many personal messages given to believers of various background, many of them with experiences that Ellen White said were similar to those of others. The story of how Ellen White approached some backsliding children of a believer and tenderly prayed with them before being taken into vision is related in this volume. As it was described, "The news spread, and soon the house was crowded. Sinners trembled, believers wept, and backsliders returned to God. The work was not confined to those present, as we have since learned. Some who had remained at home were powerfully convicted. They saw themselves as they had never done before. The angel of God was shaking the place. The shortness of time, the terrors and nearness of coming judgments and the time of trouble, the worldly-mindedness of the church, their lack of brotherly love, and their state of unreadiness to meet the Lord, were strongly impressed upon the minds of all." Such were the times of volume 3. This is the first volume of a 9-book series by Ellen G. White entitled Testimonies for the Church which was started as instruction and guidance to the Seventh-day Adventist Church during its infancy (during the late 1840's and early 1850's). During that time, there were only four ministers serving the entire denomination. The ministers, who supported themselves through physical labor, were poor in this world's goods but rich in the gospel. By 1855, membership in the fledgling denomination had grown from less than a hundred to more than a thousand. During those years of growth, opposition by a group called the "Messenger Party" brought much sorrow and perplexity to the believers. Fanatical movements also divided and distracted from time to time. Discouraged by the fact that Jesus had not come in 1844, the church was in danger of losing its "first love." With the Gold Rush and westward movement, those years were also a time of speculation in homesteads and land. As a result, these testimonies contain more than a few earnest warnings about the dangers of conformity to the world. Calls to deeper consecration on the part of church members were also frequent. In late 1856, Advent believers began to recognize themselves as "lukewarm" and in need of heeding the counsel of the "True Witness" witness of Revelation 3. Mightily stirred by this message, the believers expected the loud cry of the third angel to take place very soon. The earnest messages of Testimonies Volume One can be better understood with this background in mind. The times of this volume were also filled with discussion and debate. Adventist ministers, including one prominent one named Moses Hull, were often challenged to debate about the Sabbath or even with Spiritualists. Moses Hull's ill-advised debates with spiritualists, which led to his ultimate spiritual demise, were addressed in some of the counsels included in Volume One. During the times of this volume, steps were also being taken to organize the Seventh-day Adventist Church. There was much discussion about the idea of organization, as opponents of the move argued that the idea of organization itself came straight from Babylon. Also notable during this period was the introduction of health reform in 1863. After Ellen White received a vision that emphasized the relationship between the laws of health and spiritual development, she began to admonish the members on this topic. Reforms in dress were also closely related to the health reform movement. Additional counsel led the members to establish the Health Reform Institute. During the American Civil War, guidance was also needed-and provided-about the proper relationship between the church and civil government. Other notable topics covered during those formative years (and included in Testimonies for the Church Volume One) included the importance of the home in the building of Christian character, the responsibility of parents, and admonitions for the youth. Counsel and admonition for the church body was also included. All in all, the counsels in Volume One spanned a very important phase in the development of the Seventh-day Adventist Church and were very influential in its development. This is a reproduction of the original artefact. Generally these books are created from careful scans of the original. This allows us to preserve the book accurately and present it in the way the author intended. Since the original versions are generally quite old, there may occasionally be certain imperfections within these reproductions. We're happy to make these classics available again for future generations to enjoy! Author Cliff Munson's new book, Courtroom Testimony for Emergency Responders, will help first responders prepare for court appearances in criminal trials. Capt. Munson takes readers step-by-step through documenting the fire scene to dealing with arson victims in the aftermath of trial. Written from an arson investigator's perspective, the book offers tips and strategies for a successful courtroom appearance that can be used by anyone faced with the daunting task of testifying in a criminal trial—firefighters, fire investigators, EMS personnel, police officers, and private investigators. Excerpt from A Testimony for the Truth, as Always Held and Promulgated by the Religious Society of Friends, and Against the Departures From the Principles of the Society: Which Have Appeared of Latter Time When the Society of Friends first appeared, and the preaching of George Fox was first heard, it was a time of great departure from primitive simplicity and purity in the professed Christian Church; as much so, perhaps, as any be fore or since: It was a day when corruption in the profession of religion, and apostasy from true Christian doctrine and practice prevailed; when the Spiritual character of the Gospel dispensation of our Lord and Saviour, Jesus Christ, appeared to be much lost sight of and denied; and the nominal profes sion of Christianity consisted of outward forms and rules, and divers rites and ceremonies and bodily performances, into which the people were led by a hired and mercenary priest hood, who fed themselves and not the flock; making a trade of religion, perverting the truths of the gospel, and teaching men to believe their carnal construction and explanation of the doctrines Of Christianity. They preached a faith which allowed and embraced many of the evil practices and sins of the heathen world; expounding the doctrines of the New Tes tament to admit of professed Christians being engaged in war, slavery, the use of oaths, a hireling ministry, and many other practices which were rejected and denied by the early Chris tians, and which are opposed to the Spirit and plain teaching of the faith 1' once delivered unto the saints. About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books. Find more at www.forgottenbooks.com This book is a reproduction of an important historical work. Forgotten Books uses state-of-the-art technology to digitally reconstruct the work, preserving the original format whilst repairing imperfections present in the aged copy. Testimonies For The Church Volume 1 by Ellen White.GIANT SIZE PRINT (7 * 10) (16 pts. letter) "This impressive analysis will resonate with any Christian interested in the evolution of biblical criticism."--Publishers Weekly What if the Bible, which has come to us through a complex process, is just the resource we need to speak to the challenges of living as Christians in a complex world? In today's era of significant cultural upheaval, studying the Old Testament can seem impractical or irrelevant. This book reclaims the Old Testament as a vital resource for today's church, showing how critical study of these texts helps us understand the Bible as a dynamic testimony for our changing future. Please allow me to walk you through the chapters of this Book . I pray that it may illuminate the eyes of your understanding through the Miracles,Testimonies and Deliverances;concerning Evil spirits that dwell inside the body. The Doctors and psychiatrists call them sickness. Theyprescribe you pills thinking that with these kinds of sicknesses it gives you the cure. However, it doesn't resolve the matter: The side effects only makes you worse,it only compounds the problem by causing a chemical imbalance of the brain.Your body feeds off of the drug and it becomes dependent on it.It makes you feel like you got to have it and it only makes you sicker and opens the door of your mind for more drugs and more demons to enter.Doctors and psychiatrist call them sickness and diseases.They are still trying to do research on the human body and mind; yethave not found a answer. Theywill not go to the Bible (King James version) and search the scripture's for the answers. The Bible says in the book of II Timothy 3:16-17,"All scripture is given by inspiration of God, and is profitable for doctrine, for reproof, for correction for instructions in righteousness: That the man of God maybe perfect throughly furnished unto all good works." Now since I have your undivided attention let us focus onthe miracles, testimonies, and deliverances through your reading. This iswhatbrought me to salvation through Jesus Christ our lord and gave me the in filling of the Holy Ghost and brought me out of the life style of Sin.
